

Good Health

and pure blood are inseparable. If your blood is bad, your health must suffer. Poor blood allows the body to lose vitality just as a poor fire under the boiler allows the steam to run down. From poor blood to impure blood is but a step, and impure blood is mother to a large percentage of human disease. Dr. Harter's Iron Tonic is an antidote for both poor and impure blood, for it is both a builder and purifier—a food and a medicine. It is the best combination of the kind known to medical science, and its success for nearly half a century has led to its endorsement by thousands of medical men who have been unable to find a substitute.

Dr. Harter's Iron Tonic

will insure you against the many evils resulting from impure blood. Scrofula, pimples, blotches, kidney disorders, rheumatism, gout, dyspepsia, female weakness, anemia, chlorosis, etc., are a few of them; but the greatest evil, the greatest danger, is the general weakening of the whole system, which affords an opening for every passing disease.

The following is only one of the thousands of testimonials we have received:

Detroit, Mich., Jan. 10, 1905.
"I commenced using Dr. Harter's Iron Tonic when prostrated from a severe attack of rheumatism. After using three bottles all traces of this disease were completely eradicated from my system, and my general health was restored. As a blood purifier Dr. Harter's Iron Tonic has no equal, and I most sincerely recommend it to all persons suffering from indigestion, fatigue, rheumatism, and the many weakened conditions of the system produced by impoverished blood."
Margaret P. Yarnall.
No. 640 Second Ave.

Every bottle of Dr. Harter's Iron Tonic has our "Green" trade-mark on the label. Don't accept a substitute—insist on Dr. Harter's.
Made only by
THE DR. HARTER MEDICINE COMPANY
DAYTON, OHIO.
Makers also of Dr. Harter's Wild Cherry Syrup, and other well known Dr. Harter Medicines.
SOLE AGENTS: CHAMBERS HARDWARE.

Wanted.

Two hundred timber men to make piling; 20 foremen; highest wages; steady job. Address:

PACIFIC TIMBER CO., Cottage Grove, Or.

SOCIAL REALM.

Daily Guard Dec 4.
Mrs Wm Kuykendall this afternoon entertained a number of her lady friends at her elegant home at 746 Willamette street. The house was regally decorated in chrysanthemums and vines with a profusion of pot plants in evidence. The party was a fishing party, and the decorations of fish, fish poles, lines, baskets and all kinds of tackle carried out the effect beautifully. The games and other amusements were all suggestive of the sport of Isaac Walton. The refreshments were of the same order. The plan was unique and carried out in detail. The hostess was assisted in the service by Mrs W A Kuykendall and her daughter, Miss Sybil Kuykendall. Following were the guests: Messdames Fred Chambers, W K Scarborough, A Yerington, Geo T Hall, Sr, Geo Yoran, C S Dunbar, F Kerns, Laura Bradley, Geo De Bar, Mark Bailey, C W Lowe, A R Sweetzer, Ed De Cou, P S Snod, R R, Linnie Washburn, H D Sheldon, A K Patterson, T N Edgar, — Fitchard; Misses McCally, Moyer, Ida Patterson, Leola Brown, Edith Kerns, Elsie O'Neil.

The organization of the season under the patronage of the Belmont Amusement Club was a success. The annual parties had evening, from evidence to the enjoyment of numerous ladies and ladies. Good music for the winter and two—top, plenty of good games for non-dancers and conversation for the rest made the evening and end of the season. We wishy evening, the 17th of this month will be the next date for the Belmont Amusement Club.

The thimble club was entertained by Mrs Alex Cockerline this afternoon. The membership was in attendance almost in full. The meetings were on a social air and are always looked forward to by those whose fortune it is to belong. Refreshments were served.

Lively Real Estate Sales.

Within the past four days the firm of Fraser & Miller made the following sales, to-wit: The J J Darling residence on Tenth st to Mr Hannah West, recently from South Dakota, the second property on Jefferson street to Mr Harbrie, the Eugene Letter farm 5 miles west of Eugene to the McIntoshes, the H K Oliver farm of 560 acres 11 miles west of Eugene to J A McCusker; the W J Rogers farm of 280 acres, 10 miles west of Eugene to Mrs M E Cowley and Matthew H Lofan, consideration \$5500; the David Cherry farm of 100 acres, 3 miles south-west of Eugene to J A Brinkley, late of Iowa. They report a continuous inquiry for Lane county realty both at their office and through the media.

Letter List.

Remainder in the postoffice at Eugene, Ore, Dec 4:

R R Alexander, (2); J W Allison, Jas L Bennett, (2); Wm Bennett, J S Dobson, L H Fisher, I Newton Green, Miss Ella Bradley, (3); Wm Henshaw, C M January, W S Key, E E Lilly, O McColde, D Mearns, the dairy woman, Miss Frankie Rice, Gust Skagerberg, James Owen, C W Wallace, Pearl Williams, Mrs Lydia Van Dusen.

When calling for the above say when advertised.

H P McCORRACH, P M.

Change in Business.

Chas Ostrander, up to the present time partner in the Iowa Grocery company, today disposed of his interest in the company to Mrs W L Dunlap. Mr Dunlap the other partner, and his wife will be the proprietors in the future.

A Startling Surprise.

Very few could believe in looking at A T Howley, a healthy, robust blacksmith of Tulsa, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and restore health. Try them. Only 50 cts at W L DeLano's drug store.

WEDDED TODAY

AT HIGH NOON

Marriage of Miss Charlotta Waller to Wm. W. Branstetter.

Daily Guard Dec 4

A quiet but very happy wedding was solemnized today at high noon at the home of the bride in the McClung block, when Miss Charlotta Waller, only daughter of Mr. Ollie Waller, was united to Wm. W. Branstetter.

The apartments were beautifully decorated with cut flowers and ivy. The curtains were drawn and the melody of the lights enhanced the beauty of the scene.

At the appointed time Mrs. Romeo Gilbert struck up the wedding march and the couple entered the parlor and took their places under a pretty bower of chrysanthemums and ivy. Rev. J. S. McCallum, pastor of the First Christian church, in a short but impressive ceremony pronounced them husband and wife, congratulating them immediately following.

The wedding was attended by some thirty-five or forty relatives and friends of the contracting parties who presented the couple with a large number of useful, ornamental and sentimental gifts as tokens of regard and affection.

After the wedding breakfast which was attended only by the immediate relatives, Mr. and Mrs. Branstetter left on the 1:30 o'clock train for Portland where they will reside. They departed amid showers of rice and congratulations of well wishers and guests.

Personals.

Daily Guard Dec 4

W C Yoran is in Portland.

Lee Travis returned today from Coosville.

N S Standish is down from Blue River.

Alwayn Zerk Snow of Portland is in the city.

Rev Oliver Carmon and wife are visiting to Creswell.

Miss Isabel Williams arrived this afternoon from Portland.

Attorneys and Mrs J S Medley are here from Cottage Grove.

George Swadlow is down from McKenzie Bridge for a short stay.

Mr and Mrs Frank Ramsey are down from the Lucky Bay mine.

Mrs E E Billington arrived this afternoon from a visit at northern point.

Miss Ethel Lane is visiting in the telephone office in addition to the five regular operators.

Dr C I Candiani, of Portland, who is interested in Blue River mining properties, is in the city.

Mr W H White leaves for San Francisco tomorrow afternoon where he goes to join her husband who has a good position.

Judge Hamilton and District Attorney Geo Brown were passengers this afternoon on the northbound train on their way to attend the Lincoln county court which convenes soon.

Mr and Mrs J A Fuzate, who were guests of Mr and Mrs Geo Gove last week from Portland, passed through Eugene this afternoon on their way to Arizona for the benefit of Mr Fuzate's health.

Mrs E Cragline, of Junction City, arrived this afternoon and is at the home of her sister, Mrs R C Haller. She came to Eugene to be under expert medical treatment as she is in very poor health.

New Hotel.

Geo Gross informs the GUARD that he will soon commence the construction of a new frame hotel building on the property owned by him on the corner of Fifth and Willamette streets. This is directly north of the Minnesota Hotel stables.

There seems to be an agitation among certain business men of the city with a view of asking the council to extend the fire limits on Willamette street to the depot. If this were done the new hotel cannot be built as contemplated. There seems, however, to be a strong sentiment against such a thing being done.

THE WILLAMETTE

IS AWAY UP

Heavy Chinook Rain Caused it to Rise With a Rush.

According to the record kept by the local U S weather official, Herbert C Eastland, the rainfall from 8 o'clock Wednesday morning to 8 o'clock this morning was 2.08 inches, one of the heaviest for any 24 hours for some time.

The rain was a warm one and was incessant. It melted a lot of snow in the mountains and as a consequence the banks of the Willamette river and tributary streams are full and overflowing.

At noon today the river registered 17 feet above low water mark on the gauge at the big wagon bridge and it was still rising. Between the big bridge and the smaller covered bridge about a quarter of a mile north there is almost a solid sheet of water, only broken here and there by an occasional high piece of land.

The water has backed up in the bottom below the factories, rendering the water power useless, and everything in that section is quiet.

A large amount of drift wood is floating down stream and an occasional uprooted tree trunk is evidence to the velocity of the current above here.

Several farmers in from the country report all the crops and gardens which, under ordinary conditions, would be in good shape and in places the roads are impassable on account of the overflow of the stream.

Not a good deal of damage is expected from this freshet, unless the water in the river rises several feet more. From fences, small bridges, outbuildings and small stock will suffer to a considerable extent.

STILL RISING RAPIDLY.

From about two o'clock this afternoon the river was five inches. At that time it is now up to the above high water mark.

The wagon road up Jackson Point between Eugene and Springfield is flooded and the stage and other teams have to take the upper route, via McKenzie.

LIFE IN THE PHILIPPINES.

Extracts From a Letter From Charlton Perkins to His Father, H. C. Perkins.

"At 9:00 a. m., I wrote from my room and how I enjoyed the trip. I am surrounded by a most interesting, warm, woman and children who are all very kind and helpful. The trip was very pleasant and the air was very fresh."

"From 10 o'clock to 12 o'clock this day I was in the Philippines. There is no one else, and even the people are very kind. As the day advances there is a good deal of trouble in the Philippines. The Philippine people are very kind and helpful. The trip was very pleasant and the air was very fresh."

"From 6 to 8 o'clock evening the bells chimed forth, and every man, woman and child within hearing and stand uncovered, showing their respect. A custom that has been followed for centuries. As night closed down the natives sang songs in praise and all from home to home, in the Philippine fashion, taking with them all manner of musical instruments, and the evening is made and dancing."

"Many of the Americans have married native women and settled down with the intention of passing their days here. The American who marries a native woman must lower himself to her level and become a Philippine. He must live the life of a native. Those who are willing to share with a lot of women here in plenty."

Obituary.

Geo Petty, who died at his home near Creswell, Lane county, Ore, Nov 23, 1902, was born in Ohio Aug 5, 1836, and was therefore aged 63 years, 3 months and 18 days.

Deceased with his parents moved to Illinois while yet a small boy where they resided until 1853. Then crossing the plains by ox team to Oregon, coming over what is now known as the Military Wagon road. His mother, the wife of Joseph Petty, lost her life in an accident near what is now called Crowder Grade on the Willamette river.

George with his father settled near the present site of Creswell where (with the exception of a short time spent in California) he continued to reside.

The subject of this sketch was married near Creswell, Ore, July 29, 1874, to Malinda F Eaton who with six children survive to mourn his loss, two children having died while in their infancy. Those living are Elsie, May, Edward, Hattie, John and Ethel respectively, all unmarried and residing in Lane county.

Deceased was sick little less than a year during which time his suffering was intense.

Funeral services were held at the family residence, conducted by Rev House and the remains were laid to rest in the Cloverdale cemetery Nov 24, 1902.

EUGENE-MAPLE-

TON STAGE ROUTE

E. Bangs May Again Secure Control of This Difficult Run.

The Eugene correspondent to the Oregonian writes as follows:

"The California and Idaho Stage Company, which took the contract last summer for carrying the mails between Eugene and Mapleton, finds it has a job on its hands more very bad, as they always are on this route during the winter months, and the energies and resources of the company are heavily taxed to make the trip on time. The mail is carried daily, and at present very little is left of the day or night. The mail stage that leaves Mapleton at 6 o'clock in the morning drives through with several relays of teams, and frequently does not arrive here until after midnight, and it is about the same going the opposite direction."

"S. Hough, who operated stages on the line and carried the mails for several years, has just gone over the road to inspect the condition, and it is estimated that the company is going to be of the opinion that the present conditions are too bad to be continued, but an effort is being made to transfer the line to him. No other enterprise has been offered for the line in the way of equipment and management better than the company who gave as good service as could be expected."

"A large amount of drift wood is floating down stream and an occasional uprooted tree trunk is evidence to the velocity of the current above here."

Several farmers in from the country report all the crops and gardens which, under ordinary conditions, would be in good shape and in places the roads are impassable on account of the overflow of the stream."

Not a good deal of damage is expected from this freshet, unless the water in the river rises several feet more. From fences, small bridges, outbuildings and small stock will suffer to a considerable extent."
