CHICAGO HOTEL FIRE

Eight Story Hotel Partly Destroyed—Four Lives Lost.

Spanish Premier Sagasta Dead—San Francisco Bricklayers on a Strike for Higher Wages.

By Scripps News Association.
SAN FRANCISCO, Jan 6.—The journeymen bricklayers of this city went out of employment today on a strike for increased wages.

They ask an advance of a dollar a day. The employing bosses offered to compromise with a raise of half a dollar which was refused. Some of the employers granted the demands of their men.

Fair Recommendations.

By Scripps News Association.
HELENA, Montana, Jan 6.—Governor Toole in his message to the legislature today asks an appropriation of \$35,000 with which to provide an exhibit for the St. Louis Fair.

He also recommends that a sufficient appropriation be made to cover the cost of bringing the exhibit to the Portland Lewis and Clark centennial fair in 1905.

Fatal Chicago Fire.

By Scripps News Association.
CHICAGO, Jan 6.—Fire broke out in the Somerset Hotel, an eight story brick structure, at five o'clock this morning partly destroying the building.

Mrs. Perry and two daughters were suffocated before the firemen could reach them.

A young woman jumped from a fifth story window and was crushed to death on the pavement.

The hotel is situated in the downtown district of the city.

Spanish Statesman Dead.

By Scripps News Association.
MADRID, Jan 6.—Senor Sagasta, President of the National Council, died last night.

Arrangements for the funeral have not been fully decided upon, but the burial will take place Wednesday.

The fight for the Liberal leadership has already begun.

[Praxedes Mateo Sagasta, Spanish statesman, was born July 21, 1827. In 1856 was compelled to fly Spain through engaging in revolutionary intrigue. Was allowed to return but again conspired in 1866 and fled the country. Held several cabinet positions and was Prime Minister from 1881 to 1883, from 1888 to 1890, from 1893 to 1895 and 1898-9, then from 1902 till death.—EDITOR GUARD.]

Assault and Battery at Coburg.

Guard Special Service.
COBURG, Jan 6.—A. R. McArthur assaulted A. L. Hermon, one of the Booth-Kelly Co's foremen, here yesterday. The row was caused by Herman discharging McArthur from the employ of the company.

A complaint was made and a warrant issued for McArthur's arrest. He pleaded guilty and was fined \$25 and costs by Justice Drury. Being unable to pay his fine, he was committed to jail to hold for 124 days with Sheriff Withers.

Golden Wedding.

Last Sunday was the golden wedding of Mr. and Mrs. A. Brown, who reside on 523 Pearl street. The day was spent at home with the relatives of the long married couple, in a quiet manner. Mr. Brown is an upholsterer and wagon maker and is strong and hearty for his age, which runs past the seventies. Mrs. Brown enjoys first class health also.

A PLEA FOR MORE SALARY

Some County Treasurers do Not Receive Pay Enough.

In a recent issue of his paper, the editor of the Medford Enquirer editorially advocates an increase in the salary of some of the county treasurers of the state. The editorial follows: "The attention of the coming legislature should be called to the miserably low salaries paid the county treasurers of Jackson, Lane and Marion counties. These officers have to give the largest bond of any county officer, and the salary is so low that it is simply a question of most counties whether good men can be induced to accept them. To our own personal knowledge Marion and Jackson counties have worthy officers in these offices. Treasurer Richardson, of Marion county, being an old friend of ours we personally know his worth as well as that of our fellow townsman, Treasurer Miller. Lane county also must have a good man for treasurer, for he deflected an excellent man. But the salaries they receive for their services are inadequate, especially where they fill these offices in three of the most important counties in the state. Marion pays its county treasurer \$1000 a year, Lane and Jackson pay \$800. Now, in all justice, these officials should receive an increase of at least 50 per cent, and we hope to see the legislature grant that which is justly due them."

THE REOPENING OF THE UNIVERSITY

A Full Attendance on Hand—Several Improvements Made.

The University reopened Monday morning with a full attendance. On account of washouts on the Northern Pacific near Seattle, Professor Frazer was unable to meet his classes Monday.

During vacation several improvements were made around the campus, among which were the installing of a system of telephones between the different buildings and the placing of a light between Dady Hall and the gymnasium.

Prof. H. C. Howe will address the students at assembly tomorrow morning. Prof. Howe has been giving weekly lectures on English Literature during the past few months and his ability is well known to the town people. His subject will be "University Ideals."

President Campbell has appointed L. G. Grieb, C. N. McArthur, and J. F. Ziegler as alumni members of the athletic council. This council now consists of three members from the faculty, seven under graduates and three members from the alumni.

The freshmen met this afternoon and professed arrangements for their party Friday evening. The large boys of the class are seen regularly practicing for guard duty.

THE MEETING OF THE COUNCIL

By a Vote of Four to Two College Hill and Fairmount Were Accepted.

At the meeting of the city council last evening, as announced, the matter of asking the legislature to extend the boundaries of the city so as to include College Hill and Fairmount was discussed in all its phases. The final action of the council was to accept them as far as the council was concerned by a vote of four to two.

Including College Hill the value of the property admitted will be near \$50,000 instead of \$50,000 which figures were for Fairmount alone.

Following are the boundaries of the new additions to Eugene: Commencing at the present city limits at what is known as the Huddleston lane, thence running south to Howard street in College Hill Park, thence east to east line of Fairmount, thence north to mill race, thence west along center of mill race to the city limits of Eugene.

SOCIAL REALM.

Daily Guard Jan 6.
Dr. and Mrs. F. W. Prentiss last evening entertained a number of their friends at their home with a very pleasant high five party. The event was a most enjoyable affair. The luncheon served by the hostess was an elegant example of her taste and refinement. In the contest for points, Mrs. M. M. Moran won first prize and Mrs. D. A. Paine carried off the consolation reward. The guests were Mr. and Mrs. S. M. Moran, Dr. and Mrs. D. A. Paine, Mr. and Mrs. L. S. Logan, Hon. and Mrs. T. G. Hendricks, Attorney and Mrs. D. B. Jenckes, Mr. and Mrs. J. S. Luckey, Mr. and Mrs. Geo. W. Smith, Mr. and Mrs. W. H. Hoffman, Hon. S. H. Friendly, Misses Therese Friendly and Carrie Paine.

John I. Critcher, of Eugene, formerly of Gardiner, has been presented with a fine gold fountain pen by the Gardiner union Sunday school, as an expression of appreciation for his faithful service in the interest of the Sunday school.

Adobe Excavating.

The owner of a lot on the flat near the Eugene bridge has an excavating job. He is excavating the black "dobe" soil for a building spot. And talk about patty! It is about the same consistency. Farmers though who plow the adobe dry to start with, then let the resultant chunks pulverize through action of the air and weather, say if worked dry thereafter it plows as loosely as an ash-bed.

Eight Councilmen Wanted.

With the request made of the legislature will be included a request to change the number of city councilmen from six to eight. This was put as a motion and carried with the vote of the mayor. Some wanted nine councilmen.

Died.

In Eugene Jan 5, 1903, Ross, the 10-year-old daughter of Mr. and Mrs. C. W. Alley on East Eighth street. Cause of death was pneumonia.

SHOW YOUR PASS OR STAY OUT

Depot Will Be Cleared of Idlers To Facilitate Traffic—Getting Cited.

Owing to the crush at the daily trains the railroad authorities have decided to enforce the city ordinance which has so long been a dead letter, giving them the authority to exclude all but bona fide passengers from the depot platform at train time.

When asked about the subject this afternoon Agent Blair beat his reporter and said solemnly:

"We will put up a barricade, a fence, and it will have a gate in it. It will be opened to people who want to do business with the railroad and if the Lord Mayor of Eugene himself gets on this platform without a permit he will get the heavy hand of the law and be cinched like a street arab."

It is the only way out of the difficulty. A comfortable place will be arranged outside the gate to kiss all friends good-bye and wait for arriving relatives.

Eugene is becoming more civilized every day.

WAS OUR BIRD.

The Mongolian Pheasant Will Not Be Tamed—Scatter Their Eggs in Captivity.

A GUARD reporter had an account of a Chinese pheasant lighting on the comb of Hotel's saloon Sunday. That was our bird. Last summer the writer, J. R. Campbell, set a hen on pheasant eggs, hatching thirteen of the pretty chicks. We built a long runway of wire netting, boarding it up solid a couple of feet from the ground, and put the hen and chicks therein.

One after another died or got away till but four were left, two roosters and two hens. Going into the barnyard Sunday forenoon we observed a pheasant walking about. We had him herded almost through the barn door when something frightened the bird and he rose and flew down the alley towards the Hodges saloon, a little more than a block away. Going to the runway we found that one rooster. The other had crowded through the wire netting some way.

Domesticate the Chinese pheasant? As well try to tame a panther. They are barely out of the egg when they run and hide on the least unusual noise or appearance. And they can hide on almost bare ground in the most surprising manner. In this instance the bird left a trail, though with people about them every day since they left their shells. A pheasant hatched two hours is as active as the ordinary chicken at two weeks. While our birds are shy of us, let a stranger come about they get greatly excited. A dog is their particular aversion.

Though there were grass and small brush in the runway the hens laid their eggs without regard to nests, scattering them all about the inclosure. And the eggs were not fertilized, at least a common hen covered a setting of them without resort till we took pity on her and broke the eggs, only to find them rotten.

Advertising Matter Is Being Prepared by the Eugene Real Estate Exchange.

The Eugene Real Estate Exchange has decided to print 50,000 pamphlets advertising this part of the state in the East, and bids for printing the same are now being received. The Exchange itself has raised \$300 dollars for the purpose and will ask the Caravan board to contribute a sum from the surplus of carnival money. No better use could be made of the money lying idle in the committee's hands. The amount is over \$400 and would, with the amount raised by the Exchange, be ample to put out the pamphlets.

The project is a go, for the committee is now securing figures from the printers of the city, as they do not wish it to be printed outside.

The booklet is to contain some very fine illustrations, the profits of which can be seen at Scattered and Fisher's real estate office. The cuts are the best that have been used in such work in this county. They will depict the hop industry, corn fields, logging scenes, the Wending sawmill, a beach scene, Eugene school houses, the University and the courthouse. It is what we need, so success to the project.

New Cycle Agent.

R. E. Veltum, who has been associated with Henry Huddleston in the Walton block, has purchased the business of his employer and is removing the fittings and repair outfit to the Titus block where he will continue the repair business.

As was previously stated by the GUARD, C. C. Matlock has secured a lease on the Walton store room and will install his Rambler cycles for 1903. He has made a great success of the Rambler wheel in this county and we predict a big trade for the opening season.

Chris Marx, who has occupied part of the room with his dyeing and cleaning works will move his business to the Titus works with Mr. Veltum.

John I. Critcher, of Eugene, formerly of Gardiner, has been presented with a fine gold fountain pen by the Gardiner union Sunday school, as an expression of appreciation for his faithful service in the interest of the Sunday school.

FIRE DELEGATES CHOOSE OFFICERS

Met Last Night—Hook and Ladder Co. Wants a New Truck—Committee Selected.

The board of fire delegates met last night in the city hall and elected officers. Wm. Campbell was chosen president, J. C. Mathews secretary and M. S. Hubble treasurer. The department is in fairly good trim but will be greatly improved during the coming year.

HOOK AND LADDER COMPANY MEETS

The Eugene Hook and Ladder company met last night and among other things discussed and accomplished was the appointment of a committee to interview the city council concerning the need of a new truck for the fire department.

The present one in use is a veteran, having been in constant use since 1871, thirty-one years ago. It is almost worn out and the need of a new truck is not imaginary by any means. The old truck was built in this city.

The committee appointed consists of the following gentlemen:

Frank E. Dunn, E. H. Ingham, C. S. Frank, E. J. Davis, Kenneth Miller, W. T. Campbell, W. W. Stevens.

PAMPHLETS WILL SOON BE PRINTED

Advertising Matter Is Being Prepared by the Eugene Real Estate Exchange.

The Eugene Real Estate Exchange has decided to print 50,000 pamphlets advertising this part of the state in the East, and bids for printing the same are now being received. The Exchange itself has raised \$300 dollars for the purpose and will ask the Caravan board to contribute a sum from the surplus of carnival money. No better use could be made of the money lying idle in the committee's hands. The amount is over \$400 and would, with the amount raised by the Exchange, be ample to put out the pamphlets.

The project is a go, for the committee is now securing figures from the printers of the city, as they do not wish it to be printed outside.

The booklet is to contain some very fine illustrations, the profits of which can be seen at Scattered and Fisher's real estate office. The cuts are the best that have been used in such work in this county. They will depict the hop industry, corn fields, logging scenes, the Wending sawmill, a beach scene, Eugene school houses, the University and the courthouse. It is what we need, so success to the project.

Domesticate the Chinese pheasant? As well try to tame a panther. They are barely out of the egg when they run and hide on the least unusual noise or appearance. And they can hide on almost bare ground in the most surprising manner. In this instance the bird left a trail, though with people about them every day since they left their shells. A pheasant hatched two hours is as active as the ordinary chicken at two weeks. While our birds are shy of us, let a stranger come about they get greatly excited. A dog is their particular aversion.

And the eggs were not fertilized, at least a common hen covered a setting of them without resort till we took pity on her and broke the eggs, only to find them rotten.

THE BANQUET SOLD.

Daily Guard Jan 6.
Yesterday afternoon (after a reporter had inquired about the pending sale of the Banquet Cafe by Geo. Smith, he and M. R. Janney and Miss Mae Erickson came to an agreement and the two purchased the business from Mr. Smith.

Mr. Janney and Miss Erickson will continue the fine service which Mr. Smith has offered the Eugene public and will spare no pains to increase the facilities for pleasing the patrons of the Banquet.

Miss Erickson will manage the cafe and Mr. Janney will continue his jewelry business. She is a thorough business woman and we predict a great success for the new owners.

Mr. Janney will continue his jewelry store on East Ninth street and continue to please the public in that line.

TWO NEW BIG COMPANIES.

Cuba Mines Co and Olston Promoting Co.

Filed Articles of Incorporation Today—The Olston Company Has Big Scope of Operations.

Daily Guard Jan 6.
Today articles of incorporation of the Cuba Mines Co and the Olston Promoting Co were filed with County Clerk Lee, the incorporators of each being T. S. Cogswell, Otto Olston and C. A. Hardy.

The principal place of business of both companies is given as Eugene and the capital stock is \$1,000,000 and \$225,000 respectively.

The objects of the first named corporation are to engage in a general mining business. Those of the Olston Promoting Co are outlined as follows:

To deal in real property, water rights, personal property, stone quarries, mineral lands; do a general mining business; erect and operate plants for the production of power of all kinds, including electric, water and steam; to build and operate mills and factories for the manufacture of lumber, etc.; to lease streams for driving logs; to build logging roads, chutes, etc. and to do a general logging business; to build and operate plants for the production of electricity; to build roads, steam and electric wagon roads, etc.; to engage in the mercantile business; to operate saloons, hotels, restaurants, health resort; to build and maintain dams for the collection of water for ditches, races and canals for power and irrigation, etc., etc.

WHO THE INCORPORATORS ARE.

T. S. Cogswell and Otto Olston two of the incorporators of these companies, are two of the purchasers of the famous Sunset mining properties in the Blue River district, an account of the sale of which was given by the GUARD at the time the sale was consummated, Dec. 18. C. A. Hardy is the well known Eugene attorney.

PLANS OF THE COMPANIES.
Mr. Hardy, who is the attorney for the companies, was interviewed by a GUARD reporter this afternoon concerning the new companies' plans. He stated that at present he had nothing definite to give out further than that the companies would soon open up big offices in Eugene and commence active operations. No building has yet been secured for the offices. He said that Mr. Cogswell would soon move here from Seattle.

It is the intention of the Cuba Mines Co to soon erect stamp mills on the Sunset and other Blue River mining properties, and the Olston Promoting Co will engage in the numerous pursuits as set forth in the articles of incorporation.

The organization of these companies means much to Lane county and Eugene. It means the utilization of the splendid water power of the upper McKenzie for the operation of mills and factories, car lines and electric light plants, the opening up of the numerous mineral springs for health resorts, the development of dormant mining properties and a general awakening of the districts in which the corporations are to operate.

Born.

In Eugene Jan 6, 1903, to Mr. and Mrs. Walter Gunton, a daughter.

...HERE'S A TIP...

Still Invoicing

And giving bargains on almost everything in the store preparatory to opening our GRAND ANNUAL CLEARANCE SALE which will follow in a short time. It is our intention to make our Annual this year the biggest value saving sale ever known to the Eugene public. We must make room for the new goods.

Here's a Tip!

Keep one eye on this space, the other on Our Annual.

You won't have long to wait.

Frank E. Dunn
