

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All counterfeits, imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

*Charles H. Fletcher*

The Kind You Have Always Bought In Use For Over 30 Years.

THE CENTAUR COMPANY, 37 MURRAY STREET, NEW YORK CITY.

### Mr. Hermann's Ghost.

Corvallis Times—It seems strange that the Eugene convention should have turned from the bright and blameless young men offered as candidates, to name Mr. Hermann for Congress. Mr. Hermann is ever a genial person, and time was when he was a useful congressman. But a stalking ghost follows him now. It points an accusing finger and asks constantly, "Why, Mr. Hermann, did you quit under the Roosevelt administration?"

Apparently, the Eugene convention did not see this ghost; yet it is to be reckoned with. Either Secretary Hitchcock was wrong, or Mr. Hermann as commissioner was wrong. The president retained Mr. Hitchcock, and Mr. Hermann was sent home wearing scars and blisters. For an Oregon convention under the circumstances to insist on returning him to Washington, rehabilitated and clothed with new power, is, at least, unexpected. More respect would seem to be due the administration.

Somebody started a story that the clever men of the agricultural department at Washington had propagated grain known as "corn wheat", which is as big as corn and as good as wheat, and now the department, is overwhelmed with requests for seed. There is no such thing as corn wheat and that there is no probability that such a hybrid will ever be produced.

It is not generally known that according to postoffice department rulings a torn stamp cannot be used for postage. Thousands of people are in the habit of pasting it together and putting it upon an envelope to pay postage with. Envelopes so stamped are not permitted to be delivered, under the postal laws and regulations.

The smallpox that has broken out at several points in Eastern Oregon is not of the "Mantia itch" type. It is the genuine, Simon-pure article. People have got so used to the light type heretofore prevalent that they may not appreciate the danger from this later outbreak. People should be very careful about exposing themselves to possible cases.

According to a large number of prominent Republican papers in Western Oregon, Binger Hermann is not the proper man at all for Congress. Repudiated by the present administration, entirely out with the people that he, they have been giving a good many reasons why he should be nominated. Now that he is nominated certainly the reasons have not changed. Will they play the second fiddle with the leader.

The Republicans of the first district in convention at Eugene yesterday made a grave mistake when they nominated Binger Hermann for congress. If the Democrats at Albany use good judgment and nominate Reames, of Jackson county, Mr. Hermann's long career as a public official will end after the vote is counted on the first Monday in June. It is in the hands of the democrats to make or unmake Mr. Hermann, —Times-Mountainier, The Dalles.

### Death of O. P. Tobey.

O. P. Tobey died at his home, 670 Mill street, at 12:50 o'clock this afternoon, after an illness of several months. He was aged 77 years.

Mr. Tobey was born near Portsmouth, Me., and came to Oregon in 1883. He removed from the eastern part of the state to Eugene about four years ago and has since lived here. He leaves a devoted wife and four sons as follows: E. O., of Eugene; F. W., of The Dalles; W. L. and F. L., of Olex.

The remains will be taken to Michigan for interment. A short service will be held at the residence before leaving, by Rev. H. A. Green, pastor of the Baptist church, of which Mr. Tobey had been a member for 40 years. The exact time of the service has not yet been decided.

### Asks Leave to Adopt.

H. Mac Watkins yesterday filed a petition in the Multnomah county court for leave to adopt his nephew, William Edris, nine years old. The child's mother, Katharine Edris, died in Portland last week, and it is stated in the petition that Walter P. Edris, father of the child, abandoned the wife and child five years ago. The parties to this action are all well known in Eugene. The parents of the child being married here, and the child was born in this city.

### The New High School.

A reporter was shown a sketch of the proposed new High School today, plans for which were adopted yesterday afternoon, as stated in last evening's Guard.

The building, which will be of brick, trimmed with stone, will be an imposing structure, and the finest High School in Oregon outside of Portland. It will be two-stories high, with a basement and a garret and will contain 12 rooms besides a large assembly room. The cupola will be on one corner of the building.

### INCURABLE.

That is what the books say of Chronic Kidney Disease. But the New Fulton Compound Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compound that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases now curable, and druggists themselves are taking the new Compound. One of the recoveries was Dr. Zeiss himself, the pioneer druggist of 227 Pacific street, San Francisco, and he gave it over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 18, 1902.)

B. F. DORRIS, Recorder.

The standing committees of the council were named as follows: Judiciary—Henderson, Griffin, Wilkins. Finance—Dorris, Paine, Beckwith. Streets—Matlock, Dorris, Anderson. Fire and Water—Wilkins, Henderson, Griffin. Health—Paine, Beckwith, Matlock. Printing—Beckwith, Griffin, Henderson. Councilman Paine was re-elected president of the council.

**Routine Business.**  
The council transacted the following routine business: PETITIONS.  
Petition for opening Walnut street referred.  
Petition to move Guard building a few feet south to make room for L. O. Beckwith's proposed brick, referred.

Petition for sidewalk from Fairmount-postoffice to connect with East Eleventh street walk, referred.  
Petition to grade and gravel Charlemon street between West Eleventh and West Fourteenth street, referred.  
Petition for widening certain portions of Charlemon street, referred.  
Petition for gas light at East 14th and Hilyard streets, referred.

Petition of J. W. Thornsbury for refunding of city taxes, referred.  
Recommendations that the old fire bell be sold and that securing additional hydrants were referred.  
The putting in of new cement crosswalks on Willamette at Eighth and Ninth streets was referred.

**ORDINANCES.**  
City attorney Williams was instructed to draw an ordinance increasing the salary of Street Commissioner Turner from \$30 to \$30 per month.  
Ordinance to gravel Patterson and Mill streets between East 15th and East 17th streets, passed.  
An amendment to the Jefferson street ordinance was passed which provides that no private sewer shall connect with the same.

### Mayor's Report

Mayor Chrisman's report which is an exhaustive document, is full of interesting facts and figures on the city's financial condition, its growth, its health, etc. In the report the mayor calls attention to the large amount of street work done during the past year, and makes timely recommendations. He also compliments the city on its fire department and calls attention to the many improvements made. Space forbids us giving the report in full.

### Recorder's Report.

## A Practical Proposition

—ON—

### Life Insurance Business.

SUPPOSE you were offered by a bank or any one else to be absolutely safe and reliable, a farm, which you knew was, and would always be worth \$1,000, on the following terms:  
1st. That you could have ten years to pay for it.  
2d. That you would only have to pay \$57.72 once a year for the next ten years, making the total cost of the thousand dollar farm amount to \$577.20 at which time it would be yours, and with a further guarantee that it would increase in value each year after the tenth.  
3d. That if you were to die after making the first payment the bank would at once become the property of your family.  
4th. That if you made three payments and were unable to pay more, the bank that sold it to you would protect you for eleven years without another payment, or would give you a smaller farm worth \$300, or would loan you each payment after the third to make your other seven payments with a 4 per cent interest.  
You would come very near taking that farm, wouldn't you?

These are the terms THE MUTUAL LIFE INSURANCE COMPANY, NEW YORK, Richard A. McCurdy, President, offer you on their new year policy, with the exception that its guarantees are made in money instead of land.  
It is the best policy written by any company in the world. It is offered by the largest, oldest and best company in the United States.  
You never before have had an opportunity to get a life insurance contract like this, and it will pay you to look up the agent at once and get while you can.  
Everybody, from the wealthiest banker to the humblest worker, is looking it, and remember the poorest man can get it at the same price as the millionaire.  
In the words of the great evangelist, Sam Jones, "This is God's providence to you in making a way for you to provide for your family if you die and for yourself if you live long."

There will a day come when you will wish you had taken this offer if you fail to do so now.  
DON'T LET THIS OPPORTUNITY GO BY.  
Call on W. A. WANN, Local Agent, At Loan and Savings Bank building (up-stairs) EUGENE, OREGON.

## The year 1903 is here

and we are selling Groceries as cheap as the same articles can be purchased anywhere. We devote our entire time and attention to the one line. Therefore are better able to supply your wants in this line than those who make groceries a secondary matter. The new firm guarantees satisfaction with every purchase and solicits a continuation of your patronage. Our Motto "To Please"
