Figures on Hermann.

A. E. Reames, candidate for Congress, has 1246 majority to overcome in the First District. In the June election of 1902 W. J. Furnish, Republican candidate for Governor, carried the First District by a majority over George E. Chamberlain, of 1246. It is not logical to compare the present campaign for Congress with that which was fought in 1902 between the late Thomas T. Tongue and J. K. Weatherford, respectively Republican and Democratic candidates. Mr. Weatherford is a man of highest character and strong with the voters. But he was running against a man who also was of distinction, was in office, was in the midst of the most brilliant congressional career ever experienced by a Congressman from Oregon.

Mr. Hermann is not situated with respect to the voters as was Mr. Tongue. Mr. Hermann rests under dark clouds that obscure his official character, to put it charitably, clouds that do not brighten political horizons and presage victorious coming days. Rather, they indicate that a storm is about to break over his head and floods destroy his political house. Furthermore, A. E. Reames has passed the most searching inquiry, has been subjected to most severe scrutiny, and has emerged from the ordeal with unquestioned reputation and brilliant indorsement from the fair-minded voters of the district. The present campaign situation, therefore, is like that which existed in the 1902 state campaign for governor, excepting as to the popularity of Mr. Tongue, which was equal to his fine character as a citizen and lawyer.

ANALYSIS OF THE VOTE.

The 1902 vote for Governor is thus analyzed, for the First District:

Furnish 21,349
Chamberlain 20,103

Furnish majority 1,246
Furnish counties: Benton, Clackamas, Coos, Curry, Josephine, Klamath, Lake, Lane, Lincoln, Tillamook, Washington, Yamhill counties gave Mr. Furnish a majority of 2206.

Chamberlain counties: Douglas, Linn, Marion, Jackson, Polk gave Mr. Chamberlain 900 majority.

REAMES' HOME STRONGHOLD.

According to the most astute politicians in the Southern end of the First District, Reames will carry the First Judicial District, comprising Jackson, Josephine, Lake and Klamath counties, by more than 1000 majority over Hermann. To place it at only 1000 is to assume a most conservative attitude, for close figures, who know the ground, in many instances name 1500 to 1800 as the correct estimate.

THESE COUNTIES GAVE FURNISH 270 MAJORITY OVER CHAMBERLAIN.

To carry them with 1000, Reames will have wiped out the Furnish majority, and have 21 votes to the good, if the remainder of the district be as it was in 1902.

But Washington, Clackamas and Yamhill which went for Furnish heavily, will, beyond much doubt, go for Reames. Presume them to be a "stand-off" and the 703 majority they gave Furnish will be subtracted

from the Reames' opposition to make up for possible losses everywhere.

Hermann's normal strength, which he should inherit from the Furnish vote, crumbles to pieces in all of the remaining counties of the district. In Lane, Benton and many other counties he has lost from the votes that were cast for Furnish, until Reames' election seems to be practically assured.

ADVICES ARE ASSURED FAVORABLE.

At the Reames' headquarters here, advices are received from workers in all parts of the district. These advices have been tabulated, and it is found that, after taking the figures on their faces, and discounting them most liberally, a majority for Reames remains.

Last week for a day or two came the critical time. It passed with the flood still running in favor of Reames, as it has from the beginning. With Hermann upon the defensive, a weak position for any candidate, he loses constantly. CONFIDENCE IN THE OUTCOME IS EXPRESSED AT THE REAMES' HEADQUARTERS. RETURNS JUSTIFY THAT CONFIDENCE.

Hermann Administration Indorsement.

President Roosevelt gives Mr. Hermann indorsement—that is Senator Mitchell has it from ex-Senator Carter that President Roosevelt would be glad to have Mr. Hermann in congress. Quite a roundabout way of getting a word for Mr. Hermann, especially considering that the President knows that Mr. Hermann needs the open indorsement of the administration so badly. But he will not get it.

After kicking Hermann out of the land department of the government, and that for cause, neither President Roosevelt nor his Secretary of Interior, Mr. Hitchcock, will stultify himself by giving Hermann dishonest indorsement. "Dishonest," we say, for it would not be meant if given. The Republican voters must take choice between their President and the everblooming Binger.

Poor old China says it is impossible to open Manchuria to foreign trade. Russia will not let her. Which may cause other powers to force matters, at least at Pacific ports. In the interior Russia may have her own sweet will.

Brighter Presbyterian Views

The Presbyterian General Assembly meets in Los Angeles tomorrow. It is thought the doctrines of predestination and infant damnation will be construed, in accordance with the tenor of modern religious liberality—that is that a loving and just God could not foreordain humanity to and send innocent babyhood and childhood to eternal punishment. Then they will ease off on the Pope of Rome, who will no longer be branded as anti-Christ.

If these things happen, then surely it may again be noted that the world moves, and with it our Presbyterian brethren—all of the best people but through church education taking a most dismal view of what should be man's gladsome sojourn in this world.

WORD FROM WASHINGTON

No More Surveys for Oregon on Account of Irregularities.

Hermann's Regime in Land Office Upset Affairs So Much That a Thorough Overhauling is Necessary.

The statement that comes from Washington concerning the order stopping further surveys of lands in Oregon is:

"Washington, D. C., May 15.—The commissioner of the General Land Office has decided that there shall be no further surveys of public lands in Oregon this year. The fraudulent taking of lands by alleged settlers for the benefit of corporations and syndicates is the cause. This decision of the General Land Office grows out of the frauds practiced and exposed during the Hermann administration of the land affairs and which brought about Hermann's removal.

"It is regretted at the Department here that the innocent are compelled to suffer with the guilty, for many persons in good faith have gone upon 100 acres of unsurveyed lands intending to make bona fide homes and fulfill the provisions of the law.

"But, owing to the course pursued by the former Land Commissioner, and the necessity of going to the bottom of the matter, it is found necessary to cease work in surveying the lands, which will be deferred to a time so distant that great hardship will be wrought upon the working people who have gone into Oregon and begun to build homes.

GREEN'S REPORT INACCESSIBLE

"The special report of A. R. Green, appointed to examine into the facts, is on file with the department as a confidential document. It is the custom of the Department, in cases wherein these REPORTS ARE ACCUSATORY OF ANY OFFICIAL OR REFLECT IN ANY MANNER UPON HIS INTEGRITY OR EFFICIENCY, TO MARK THEM 'CONFIDENTIAL' AND RETAIN THEM FROM THE PUBLIC. This has been done with Green's report, and only through the consent of the Hermann people could it be released for publication.

"Efforts have been made to secure it, but they have failed. A request from the Hermann people of Oregon would operate to remove the ban of secrecy. It would end all difficulty in getting at a report that seems to be largely the pivot of the whole question."

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases That Cause Dropsy, viz.: Fulton Compounds.

It is now well known that dropsy is not itself a disease, but is nearly always a symptom of kidney disease that accompanies the chronic stages heretofore incurable. Hence, up to the discovery of the Fulton Compounds, dropsy was incurable. It is now, however, curable in nearly nine-tenths of all cases. Here is an interesting recovery, to which we refer by permission.

Mrs. Peter Gorbentz, of 208 Filmore street, San Francisco, became alarming dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally told her husband that she had brought down the kidneys, that it was in an advanced chronic stage and beyond medical aid. Her heart also gave her the usual trouble and she was in such a serious condition that relatives were sent for. They put her on Fulton's Compound. It stayed on the stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual till her recovery was complete. This case was examined by representatives of the San Francisco Star and the Overland Monthly, and the genuineness of the case and the recovery were fully attested in their columns.

Mrs. Thomas Christof, of 426 Twenty-seventh street, San Francisco, was also swollen with dropsy, as the result of chronic kidney disease. She lost thirty-five pounds beyond her normal weight and had to be moved to a sanatorium and was close to death's door although she had four physicians. She was put on the Fulton Compounds. Three weeks showed improvement and in six months she was well, and permits this reference.

If you have dropsy don't temporize. There is only one thing known that will cure the chronic kidney disease that is known as dropsy, viz.: Fulton's Compound, The Royal Compound for Bright's and Kidney Diseases, 21 for Diabetics, E. S. Jones, Sole Agent, 1100 Broadway, New York, San Francisco, sole agents here. Send for pamphlet. We are the sole agents for this city.

OREGON'S SHARE IN THE CIVIL WAR

Interesting Address at the University by Mr. Pratt of Portland.

(Daily Guard, May 23.)

At the special assembly at the University this morning Mr. Pratt, president of the University Club of Portland, spoke on the subject, "Oregon and her share in the Civil War."

Mr. Pratt reviewed in considerable detail the early history of Oregon up to the time of her admission as a state in 1859. He said that at that time the Republican party sprang up in Oregon with Col. Baker as leader.

In 1861 the militia in the state numbered only about 600 and these were scattered over all of what is now Oregon and Washington. During this year Col. Cornelius was instructed to raise ten companies of cavalry. This was done, but owing to the death of Col. Baker at Ball's Bluff these were never taken from the state.

The danger at home however was great, from Indians and from internal intrigue. In 1860 a plan had been made to form a slave-holding republic on the coast. In 1862 a secret organization of rebel sympathizers called "Knights of the Golden Circle" was formed for the same purpose. Later Gov. Gibbs called for ten companies of infantry and these to a great degree offset the work of the Golden Circle. Mr. Pratt closed by reviewing the work of a number of Oregon men in the Civil War.

CHECK FOR \$1149.40

Earning Power of a Mutual Life Insurance Company of New York Policy.

Quincy, Ill., March 17.—F. E. Hitchcock, manager of the Mutual Life Insurance Company of New York, Springfield, Ill.—Dear Sir: In October, 1902, I received at the hands of your district manager, Mr. Gaylord Davidson, a check for \$1149.40, issued by the Mutual Life Insurance Company of New York, in payment of the first ten-year distribution on my policy, No. 519,133. This dividend represents 6 per cent interest on the investment and I consider it a very liberal settlement. On the 5th of May, 1902, I cashed a \$10,000 15-year endowment policy, No. 300,231, in the Mutual Life Insurance Company of New York, which also showed fine results.

The best recommendation I can give the company aside from this statement which you are at liberty to use, is to take additional insurance in it, which I have done through Mr. Davidson.

Of my other policies, I hold in the Mutual Life, one is a \$10,000 15-year endowment, which will mature in 1904. It is hardly necessary for me to add that I consider the Mutual Life Insurance Company of New York in every way worthy of public confidence.

Respectfully,
CHAUNCEY H. CASTLE,
President of the Comstock Castle Store Company.

It will pay you to come and see W. A. Wann, Local Agent, room 1, over Savings Bank, Eugene, Oregon.
