

A HEALTH POLICY
The system is, from natural causes, debilitated or run-down in the spring and fall. The changes in the human organism, the blood and vitality in the fall, spring, a little assistance, a little care, a little assistance, and nature will do the rest, as it is always trying to maintain health. The weakest organ will frequently be the one that leads to wrong treatment. For the debilitated conditions of spring or fall, or any other time, for that matter, the right thing to do is to build up the whole system. It is not your stomach or liver, or nerves alone that are the trouble; you are weak all over and must have renewed strength and vitality. These you cannot get so quickly or surely or safely as by using
DR. HARTER'S IRON TONIC
When you use Dr. Harter's Iron Tonic you are helping to renew the vigor of every fiber of your body. You are cleansing and energizing your stomach; you are strengthening your digestive fluids; you are building up and renewing the activity of your kidneys and liver; you are feeding and revitalizing your nervous system. You get it without getting fat and you cannot take Dr. Harter's Iron Tonic without doing it.

THE KNIFE IS SHOWN

Anti-Roosevelt Expression from Hermann Paper in Medford.

(Guard Special Service.)
Medford, Or., May 27.—The Medford Enquirer, published today, says: "Roosevelt's picture looks for the world like some of those tough, bullet-headed Dutch bartenders one sees in many eastern cities. And when you get a good look at him you don't wonder that he boasts of shooting a Spaniard in the back or loves the company of lawless cowboys."

The above is from the Medford Enquirer, which is supporting Hermann for congress. Horace Mann is editor. It is a kind of a sheet which supports a rascal like Hermann and traduces honest men like Roosevelt and Reames. There should be joy in the Democratic camp when such fools get entirely out of the party. Such opposition will only increase the vote for Reames next Monday in Jackson county. The good people of Jackson would do themselves credit to ride this fellow out of the county on a rail.

What dire and eternal philippic this senseless remark calls for! This poor little weazened writer of fools' policies, with a head that surely contains little, utters this remark against the character of President Roosevelt, a man whom even the Democrats, however opposed to him in political ideas, respect for his bravery, scholarship, his love of absolute freedom and for the western buoyancy which has so distinctly come to be a part of himself.

The Guard cares not to uphold Republican principles, but to denounce a traducer of an honest man is patriotic, whether he be Republican or Democratic. An attack of the above nature, coming from such a simpleton deserves to be quashed and the little hair-brained editor set on the stool with a fool's cap for decoration and subjected to the eternal ridicule of the public as well as the hatred of loyal Americans. What a little Mann you are! Drop your pencil, get a pass to the Salem institution awaiting you, and there you can better follow your calling of traducer. No one will blame you if you say such things inside the walls of the asylum. You may, possibly, gain some sympathy there.

Since the above has come to the notice of Hermann managers in this city there seems to be a dumbfounded consternation in their camp. The Enquirer is supporting Hermann. Hermann was ousted from the land office by Roosevelt and what better grounds for its hatred could be found? The Hermann people pretend to stand up for Roosevelt but this slip of the pen on the part of one of the strongest supporters of Hermann discloses the real state of their feelings.

VOTERS: CAN YOU NOT SEE, WHEN THE MASK IS TORN OFF, THAT HERMANN IS NOT IN HARMONY WITH THE PRESIDENT? DO YOU NOT SEE THE KNIFE WHICH THE HERMANN PEOPLE HAVE FOR ROOSEVELT? IT WAS AN ACCIDENT THAT IT WAS SHOWN, BUT IT IS DONE. WILL YOU SUPPORT HERMANN NEXT MONDAY AT THE POLLS?

THE HARRISBURG MILL PROPERTY

(Daily Guard, May 28.)

A dispatch from Harrisburg in today's Oregonian states that the Booth-Kelly Company will commence the erection early next year of a sawmill at that place on the land recently purchased by the company. The dispatch also quoted R. A. Booth as saying that the mill would be of very large capacity.
Geo. Kelly was seen this afternoon by a Guard reporter to verify the dispatch. Mr. Kelly after reading the clipping from the Oregonian said: "Mr. Booth never said that. We have some land at Harrisburg and Mr. Booth and a surveyor are down there simply for the purpose of surveying it. If there is anything doing down that way we will let you know about it."
It is generally supposed that eventually the company will erect a mill on their Harrisburg property, but it is not known just when this will be done.

Because.

Why should a man insure his life in the Mutual Life Insurance Co. of New York?
Because it is the safest investment known to man.
Because it is the first, oldest and strongest insurance Co. in America.
Because cash invested in life insurance is cash invested that will return again with compound interest.
Because successful business men carry large amounts of insurance.
Because if you break down in business, a policy of insurance will set you on your feet again.
Because merchants are anxious that all their customers carry life insurance.
Because if you have a mortgaged farm and you drop off, the insurance policy will pay the bill, and your wife and family will be left with the old homestead free of debt.
Because the Jews are considered the best investors in the world, and they carry large amounts of life insurance.
Because it is a rare thing to find a Jew in the poor house.
Because you have no taxes to pay on a life insurance policy.
Because if all men carried life insurance, the poorhouse would soon be empty.
Because The Mutual Life Insurance Company, of New York, W. A. Wann, local agent, Eugene, Oregon, makes it a business proposition, and will sell you life insurance just the same as a merchant will sell you sugar and coffee. For terms and rates, call at room 1, over Savings Bank, Eugene, Oregon.
W. A. WANN, Agent.

E. D. S. COMMENCEMENT EXERCISES

Church Packed to the Limit—An Excellent Program Presented by the Graduates.

(Daily Guard, May 28.)
Last evening the large seating capacity of the Christian church was taxed to its utmost capacity, the large crowd being anxious to witness the graduating exercises of the students of the department of oratory of the Eugene Divinity School.
There was not a fault to find with the long program. The play "The Maid of Plymouth," was very prettily presented in the appropriate costumes of colonial times.
The exhibition of recital powers by the three graduates was a grand success. The ability of D. C. Kelloms, dean of the department, which has become known by the excellence of the work done by his graduates, is again more firmly established in the minds of the public. Miss Ora Read's selection, "The Soul of the Violin," was a masterpiece and was delivered with a proper interpretation. E. K. Moon, the well known reciter, spoke the thrilling and magnificent prose selection, "Old Benedict Arnold," with his usual ability well displayed. V. E. Hoven presented the strongest selection, "The Stage Driver's Story." He enters into the spirit of his selection and carries his hearers in the excitement in thrilling realism. All the speakers were encored.
Misses Clyde Adkins and Fannie McCallum played pretty numbers on the piano and Mrs. G. L. Lobdell and her pupil, Miss Vesta Esson, entertained with well rendered vocal numbers.
Dean Sanderson stated that owing to a change in the courses, there was no graduating class from the school proper this year, but that the prospects for the future of the school were exceedingly bright. He stated that the faculty was to be increased and the school bettered in many ways. The Degree of Bachelor of Oratory was conferred on the three graduates.

No Changes at Present.

Supplementing our announcement of last evening regarding the leasing of the Lane County Bank room to F. L. Chambers and associates we are requested to state that the business now being conducted by that bank will continue uninterrupted and without any changes until Jan. 1st, 1904, when the new firm will assume the management. Mrs. Emily Hovey, owner, has leased to the new firm only the room now used by the bank.
