Eugene Won Saturday Game.

(Daily Guard, June 20.)
The announcement that today's game of baseball would be for the benefit of the Heppner flood sufferers brought out a good crowd at the league grounds at West Eleventh and Lawrence streets.

The Roseburg team arrived down on this morning's overland. They appeared in the pink of condition and as the local team had never played against the visitors under the reorganization of both teams, and as it is well known that the Railroaders are at the top of the percentage column, our boys realized that they had to go some to win.

The game was interesting, a number of brilliant plays on both sides being cheered impartially by the crowd present.

STORY OF THE GAME.

The game was called at 3:10 by Umpire Larimer, with Roseburg at the bat. In the first inning Roseburg went out with two men on bases. Eugene out. Score 0 to 0.

In the second Roseburg died hard with one man on third. Eugene commenced to find Pitcher Summers, but died with Shanahan on third. Eugene 0, Roseburg 0.

In the third Roseburg went out in one, two, three order. Talifero sent a pretty fly to left which was lost in the grass, resulting in a home run. Roseburg 0, Eugene 1.

The fourth opened with a two base hit by Roseburg but side was retired with man on third. Eugene nothing.

In the fifth inning Roseburg succeeded in making an easy run. Eugene none.

In the sixth Roseburg got two men on bases but could not score. Eugene made two runs, one by an error on third.

The seventh ended with one run to Roseburg's credit and three men left on bases. Eugene died hard with Harper on third.

Eighth inning—A goose egg for Roseburg. Fast playing. Eugene make none. Quick work. Eugene 0, Roseburg 0.

Ninth inning—Roseburg over the fence and ran in 2 scores. Eugene 2. Total, Eugene 5, Roseburg 4.

(Daily Guard, June 22.)

Several hundred people were disappointed yesterday because the rain spoiled the baseball game between Roseburg and Eugene. Shortly before noon the moisture began to patter and kept pattering continually till after three o'clock. The managers of the two teams saw that it was useless to play on a muddy field and called the game off, to be played at some other date to be decided on later.

Quite a number of Roseburg fans had come to witness the game and it is said brought plenty of money along with them. It is also said that every dollar of it would have been covered by local enthusiasts had the game been played.

Had the day been clear an immense crowd would have seen the game which promised to be the best of the season. The teams are very evenly matched.

NEW PITCHER SIGNED.

The management of the local team has signed Somers, the big fellow who pitched for Roseburg Saturday. He will be a valuable addition to the team and will help land the pennant for Eugene. He is conceded to be the best pitcher ever seen on a Eugene diamond. His speed is terrific and his curves are wide and deceptive. The Eugene boys say he is the hardest man to hit that they have run up against this season. He has played all over the coast for several years, and the local team is fortunate in securing him. He played with Ashland last year when Hampton Brothers' nine made their famous Southern Oregon trip—famous for defeats.

SALEM AHEAD AGAIN.

Salem won two straight games from Albany Saturday and Sunday. The

score was 7 to 0 Saturday, as given in Saturday's Guard, and 10 to 3 Sunday. This puts Salem at the top of the percentage column again. Albany will have to strengthen its team considerably if it expects to make a decent showing at the end of the race. The others three teams are now pretty evenly matched.

THE NEXT GAMES.

Salem and Albany will play at the latter place next Saturday and Sunday and Eugene and Roseburg at Roseburg.

HAYES BOYS BACK FROM HEPPNER

W. L. and Frank Hayes, who went to Heppner shortly after the big flood of a week ago for the purpose of ascertaining whether or not any of their relatives were drowned, returned to Eugene Sunday morning. Frank Hayes, who is a salesman in Hampton Brothers' dry goods store, was seen by a Guard reporter today. His mother, a brother and two sisters reside at Heppner, but they all escaped, their residence being on higher ground than a great many others. His brother-in-law, John Turley, was caught in the edge of the flood and was in the water waist deep, but succeeded in reaching safe ground by wading diagonally with the stream instead of trying to go straight across as many did, and were swept away to their death.

TERRIBLE DESTRUCTION.

Frank says that the flood wrought worse destruction than he expected to see. He said that no one who had not visited the scene could have any conception of the ruin and loss of life.

It was heartrending in the extreme, he said, to see small children hanging around the morgue to identify a father, mother, brother or sister, or to see a parent waiting anxiously to see the face of their loved ones brought in. It is not an unusual sight to see one child the only surviving member of a family.

BURNING THE DEBRIS.

He said that today the work of burning as much as possible of the debris would commence. This is necessary to the health of the people.

WILL BE REBUILT.

Frank said he thought the district which was swept clean of buildings would be rebuilt. He thought that the land could be bought very cheaply now, as many of the owners desired to move to some other town where a repetition of the terrible disaster is not possible.

FORMER U. O. STUDENT DROWNED

The Renville, Minn., Record of June 17th, tells of the sad drowning of Fred Spaulding, a former University of Oregon student, in the Minnesota river near Renville. He was in swimming with another young man. They both started to swim across the river when young Spaulding was seized with cramps and sank before he could be reached. The drowning was witnessed by the unfortunate young man's parents and a number of others, the party being out on a picnic. The body was found at 11 o'clock that night. BARBERS VERSUS REAL ESTATE MEN

(Daily Guard, June 23.)

This afternoon the barbers and the real estate men demonstrated to the satisfaction of every one present that they are on to all the fine points of baseball. The weather was a little too warm for fast playing but with a few breathing spells and side refreshments, both sides got along well.

The way the barbers shaved the whiskers from the sphere and fanned the air was a revelation. The real estate men also were not slow in running bases and hunting lost balls. The league team has engaged both Woodruff and Plank as pitchers for the rest of the season.

The game opened auspiciously. A jolly crowd was there and the Che-mawa Indian band furnished music. From the start it was plain to see that the tontorialists had the best of the game but the few runs that the land-sellers did succeed in making were well earned.

The line up will be as follows:

Barbers.	Real Estate.
Branstetter	c
Woodruff	p
Rathmell	1b
Vincent	2b
Sovern	3b
Schwering	ss
Hoselton	lf
Stauffer	cf
Lee	rf
Subs.—Barbers:	Haynes, Andy
Taylor.	Real Estate: Farrow, Coffman, Garrett, Dunn.

The final score was: Barbers, 18; real estate men, 4.

The score by innings:
Barbers.....3 2 1 4 0 4 3 1 9-18
Real Estate.....1 1 0 0 0 0 1 1-4

THE SIUSLAW IMPROVEMENT

Matter Will Be Taken Up at Next Session of Congress.

O. W. Hurd Back From Portland
Where He Conferred With the
Congressional Delegation
— A New Plan.

O. W. Hurd, the Florence capitalist, returned Sunday morning from Portland, where he went to interest our congressional delegation and the commercial bodies of the metropolis in the Siuslaw harbor improvement. It will be remembered that a telegram protesting against the cessation of the work on the harbor was sent to the war department by the delegation a week ago. A reply has come back to the effect that the telegram was referred to the chief of engineers who has reported to Secretary Root that the engineers' board of review had recommended against the further expenditure of money on the Siuslaw.

General Gillespie has advised that the matter be allowed to rest until Congress meets again.

NOT DISCOURAGED.

Mr. Hurd says that the Oregon delegation is a unit in favor of the work of improving the harbor and that they have promised to do all they can in the matter when congress meets again. He has not lost hope at all, and says the prospects are very bright for the resumption of the work.

A NEW PLAN.

Mr. Hurd said that Engineer Lang-fitt has a new plan of improvement for the Siuslaw which would be more effective in deepening the channel and which would be about \$200,000 cheaper than the old plan. It is probable that congress will act on the new plan and we may look for active operations on the jetties soon after congress meets.

BUSINESS MEN PROMISE.

Mr. Hurd leaves for Florence tomorrow morning. Today he interviewed a number of the prominent and influential citizens of Eugene in regard to the harbor improvement and secured their promise to lend all assistance in their power to the project.
