

Millions of Unsuspected Suns.

Visitors at the Lick observatory are usually shown the moon, Saturn, Mars or Jupiter, if they be in position.

The great light-gatherer brings to view millions of suns unsuspected by the unaided eye. The hazy patch in Hercules, just on the limit of vision, stands out in the thirty-six-inch reflector as thousands of diamond points.

Old Yale turns them out! At the commencement exercises yesterday that University bestowed degrees on 667 graduates and special workers.

The little town of Burns in Harney county sent Heppner \$25. Eastern Oregon communities especially have nobly responded to the call for aid.

Few other secret society lodges in Eugene could make up a ball game like that played between the "fats" and "lenns" of the Knights of Pythias local lodge yesterday.

The total gold product of the world, from the discovery of America by Columbus to the year 1900, is according to the United States mint, in round numbers, nine thousand eight hundred and eleven million dollars.

Last week a turfman started his horse in poor company at the Seattle meet, finishing ninth. Monday he won a race, and more, a big lot of money for his owner, odds of ten to one down to six to one having been given against him on account of his previous performance.

Department employes in Washington who own automobiles feel that they might as well live in darkest Russia, so far as certain phases of freedom are concerned.

Personals.

(Daily Guard, June 30.)

Alex Smith is here from Blue River. E. K. Lorimer has gone to Springfield. J. S. Carr of June, was a Eugene visitor today.

Harry Graham and Lake Dorris returned Sunday from a trip to Harrisburg. F. A. Tozier, father of Lester Tozier, arrived Sunday from San Francisco.

Lewis Hollandsworth, who has been visiting at Hadleyville for some time, left Sunday for Idaho. Miss Agnes Craft has been elected queen of the Albany carnival, which appears there this week.

Mrs. S. S. Durkheimer and baby arrived yesterday from Portland to visit her parents, Mr. and Mrs. E. Schwarzschild. Clay Zumwalt, who has been in the Nome country for a year, has returned. He expects to go back in a few weeks.

Attorney John Medley of Cottage Grove, and Deputy Prosecuting Attorney Harris went to Junction today on legal business. Elwin McCracken went to Saginaw this afternoon. He will work with a surveying party on the McKenzie during the summer.

Dean Sanderson and wife, John Handsaker and wife and Rev. T. S. Handsaker and wife came home from the Turner convention today. F. E. Sharkey is in town from Ilwaco. He has samples of ore with him which will go \$2000 to the ton. They were taken from the Lucky Boy.

J. W. Baker, of Cottage Grove, the newly appointed state game warden, was in Eugene yesterday on his way to Portland where he will appoint a deputy for that vicinity. Mrs. Evaline Hibbs of Sheridan, Mo., who has been visiting at the home of her daughter, Mrs. Thos. Stingly, in Eugene, left for home yesterday. She is very much pleased with Oregon.

Will and Halver Wheeler of Pleasant Hill were in town today. Will Wheeler has just returned from Eastern Oregon where the big irrigation ditch is being run. He reports that the company owned 27,000 acres of land along the ditch. They sell it at \$10 an acre and charge \$1 an acre per year rent for the water. He was pretty well disgusted with that part of the country.

Robt. Hays has gone to his hop ranch at Creswell. E. J. Frasier was a passenger to Albany this afternoon. Miss Mabel Williams went to Albany today on a few days' visit.

Cloverdale Items.

(Guard Special Service.)

Cloverdale, June 24.—Eliza Winzenried and daughter, Leta, visited friends at Springfield, Sunday. James Stoops is running the pack train, from Cloverdale to the Booth-Kelly sawmill. Mr. Lloyd, who purchased the Joe Stone place, is building a new house.

Notice is hereby given that in pursuance of Section 2633 of Bellingier and Cotton's annotated Codes and Statutes of Oregon, all Lane County Warrants described below will be cancelled and payment thereof refused unless presented for payment within sixty days from the last day of July, A. D., 1903, said warrants are described as follows:

Table with columns: No., Issued, Date, Am't. Lists various warrants with their respective dates and amounts.

Brevities

Work is progressing rapidly on the new High School Building. Board walls are up as a mould for the concrete walls of the basement. A 35-horse power engine and boiler is at the depot for Lew Hoselton's sawmill six miles beyond Crow.

The marriage of Miss Minnie McClaine to Clarence M. Keene will occur soon at the home of the bride at Silverton. They are both former U. O. students and have many friends here. Miss Clark, goddess of liberty for the 4th, has selected Maude King, Grace Edmondson, Ermine Church and Alicia McElroy as her aides.

As announced by the Guard Saturday evening, Guy Davis and Miss Leonore Gale were united in marriage Saturday night at the home of the bride's mother, Mrs. E. M. Gale, on South Willamette street, before only a few relatives. Dr. D. E. Loveridge performed the ceremony. Geo. G. Gross is hobbling around on crutches. The other day while he and his wife were driving through a narrow lane across the river a hog suddenly ran out of the brush and the horse kicked at it. Instead of kicking the hog it kicked Mr. Gross on the right ankle. No bones were broken but the foot was badly bruised.

Chester Washburne, who has been on Mary's peak in the Coast range on a geological survey was quite badly injured the other day and is now at Corvallis under the care of the physician. While working on the side of the mountain he fell and broke an artery in his leg. He managed to hobble to a ranch nine miles away and was taken from there to Corvallis. He will be laid up for some time. The delegates to the G. A. R. encampment at Portland have returned and report a pleasant time, but say that the meeting place was entirely too small, not more than half the delegates being able to get in at one time. Eugene made a strong pull for the next encampment but Hood River carried off the plum. E. F. Chapman of this city made a strong fight for department commander but was defeated by not a very large vote. The W. R. C. and Ladies of the G. A. R. have also returned.

Review: The total gross receipts taken in by the Southern Carnival Company, during their week just closed in Roseburg, amounted to \$2,556.00. The city's share of this is ten per cent, or \$255.60. An expense of \$42 was incurred by the city for three extra policemen during the six days, but their vigilance enabled the recorder to collect \$60 in fines from different individuals for disorderly conduct, leaving a balance of \$18 to the city's credit on this item. Regarding the condition in which the streets are left from the carnival, Mayor Hoover stated today that he would be put to work cleaning them just as fast as they could be gathered in.

Roseburg Carnival.

Review: The total gross receipts taken in by the Southern Carnival Company, during their week just closed in Roseburg, amounted to \$2,556.00. The city's share of this is ten per cent, or \$255.60. An expense of \$42 was incurred by the city for three extra policemen during the six days, but their vigilance enabled the recorder to collect \$60 in fines from different individuals for disorderly conduct, leaving a balance of \$18 to the city's credit on this item.

KIDNEY DISEASE.

Its Insidious Progress and Sudden Termination.

Not long ago a man who had made a success in business bought a country place and retired from active commercial life. By all outward appearances he was a healthy man. He entered upon the life of his country home with great zest, engaging himself in the culture and care of flowers and enjoying the pleasures of outdoor life to the full.

story that in one way or another is being repeated every day, the victims being men and women who suffer from "kidney trouble" and neglect it. It is the office of kidneys to filter the blood and remove from it those foreign matters which if retained in the blood corrupt and poison it. The principles so eliminated by the kidneys are constantly being produced in the tissues of the body. The kidneys are therefore ceaselessly active and care for an enormous quantity of blood. When by reason of disease the activity of the kidneys is impaired, or when they are overtaxed by being required to eliminate from the blood an undue quantity of corrupting substances, thrown into the blood as a result of disease of the stomach and other organs of digestion and nutrition; then it is that the poisonous deposits first begin to collect in the blood, and breed deadly consequences. The accumulation of the poison is slow, and the physical changes which accompany the poisoning of the system are slow also, and this makes the great danger of the disease. Many times the victim of kidney disease does not awaken to danger before the entire system is poisoned, and the struggle for life is desperate and doubtful. Prompt action cannot be too strongly urged upon those who have even the slightest symptoms of "kidney trouble." The timely use of Dr. Pierce's Golden Medical Discovery will save both suffering and expense. For a long time I was suffering and was hardly able to get about," writes Mr. Andrew J. Jennings of Thomas, Tucker Co., W. Va., Box 194. "I was bothered with kidney trouble and my whole system was out of order; had no appetite. A friend of mine told me to try Dr. Pierce's Golden Medical Discovery. I did so and the first bottle restored my appetite. I took six bottles of 'Golden Medical Discovery' and some of the 'Pleasant Pellets' and feel like a new person. Think there is no better medicine and I heartily recommend these medicines to every one whose suffering is of the nature that mine was. The symptoms of kidney disease are: many and so variable that it is almost impossible to describe them all. In general the indications of kidney disease are pain in the back and loins, change in the urinary excretion, a depressed feeling with lassitude or weakness; irregular heart beat; hot and dry skin, deranged digestion, variable appetite, urinary incontinence, puffiness about the eyes, swelling of the ankles or in different parts of the body. These symptoms will not be present in any one case, probably, but any one of them is a reason for a prompt attempt to cure his cause. DON'T TAKE CHANCES. The symptoms of kidney disease are so variable and so liable to be mistaken that it is no uncommon thing for the inexperienced practitioner to treat the sufferer for the wrong disease. Such was the case probably with Mrs. Hayter, whose letter is given below. "Several different doctors treated her but none did her any good," until she consulted Dr. Pierce. "I had been sick for more than a year with kidney trouble," writes Mrs. Lucy Hayter, of Jacksboro, Jack County, Texas. "Several different doctors treated me, but none did me any good. One doctor said I never could be cured, that I had Bright's disease. I suffered nearly death at times; had spells the doctor called spasms. Was bed-fast most of the time for six months. My mother begged me to try Dr. Pierce's Golden Medical Discovery. With but little hope I wrote to Dr. Pierce and he said he could cure me. I began to take his Golden Medical Discovery, and although I had given up die I began to improve from the start, and by the time I had taken twenty-two bottles I was entirely cured. I thank God for the 'Golden Medical Discovery.' I weigh more than ever before in my life and I am entirely well." Dr. Pierce invites any person who suffers from disease in chronic form to consult him by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. A great many people, who, like Mrs. Hayter, have written to Dr. Pierce "with but little hope," have like her been perfectly and permanently cured by his treatment. FREE ANALYSIS. An analysis of the urine will be made free of charge. This often determines the nature of the disease when accompanied with a full statement of symptoms. Do not neglect this opportunity to obtain a specialist's opinion on your condition absolutely without fee or charge, together with a free urinary analysis. If you are sick consult Dr. Pierce, by letter, without delay. It is to be remembered that Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, cleanses the blood of waste substances and so removes one of the causes which conduce to the over-burdening and disease of the kidneys. Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery" which is no "just as good" medicine can show. ENTIRELY FREE. The best Medical Book free. Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages and over 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 cent stamps for the cloth-bound volume or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.
