

THE NEW HOTEL GROSS

Elegantly Furnished and A Model of Convenience.

Carpets and Furniture Are the Best to be Had—Hotel Promises to Be a Popular Stopping Place.

The new "Hotel Gross" will open up about July 1st. The carpenter work and painting has been completed and all things are in readiness for the finishing touches.

The arrangement of the hotel is of the latest model. The stairs to the second story floor go up between the office and the dining room. One can enter the dining room without going through the office or can pass from the office to the dining room. Washrooms, bath rooms and closets are on each floor.

The bedrooms are being elegantly fitted up with high grade Brussels carpet, enameled iron bedsteads, wash stands, chiffoniers, lace curtains, etc., and are large enough to give plenty of room.

The dining room is large and light and is in the northeast corner of the house, facing the street. It is wainscoted to the height of four or five feet and finished in the natural wood. The rest of the wall is finished with a pretty pattern of heavy pink paper to match the ceiling finished in pink with a beautiful centerpiece surrounded by a heavy white and gold cord.

The house will furnish accommodations for 75 guests at a time. It is electrically lighted throughout. H. Gordon is supplying the furnishings.

The old Minnesota House, which is owned by Mr. Gross, will probably be closed up as soon as the new hotel opens.

CATHOLIC SCHOOL CLOSING EXERCISES

Program Rendered Last Evening in the First Christian Church.

(Daily Guard, June 27.)

The year's work of the Catholic Academy was brought to a close last evening by very fitting exercises at the Christian church. A fair sized audience of the friends of the church was present.

The various numbers of the program were well rendered. During the evening the Mandolin Club played several pieces. Miss Lawler, of Portland, was heard for the first time and charmed the audience with her pleasing voice.

The program throughout showed the drill and preparation the teachers of the academy had given it.

CALLS CASTERLINE'S "DISCOVERY" A FAKE

There has been considerable comment in the papers the last few days concerning the alleged discovery of a process of tempering steel so that nails and pieces of steel may be whittled without dulling the tempered instrument.

Capt. C. A. Sachs, the well known mechanic, employed in Kay's gun store, called in a Guard reporter this morning to demonstrate to him that steel can be tempered to a sufficient hardness as to whittle nails and not dull the instrument without Casterline's wonderful (?) liquid which he claims he has discovered.

Capt. Sachs took up an ordinary pocket knife and whittled shavings off of a steel wire nail, also from a piece of steel casting which he was working on, and after the operation the blade seemed as sharp as ever. He said the process of tempering steel to such hardness was no new discovery, but that any first-class mechanic could do it.

The Captain believes that Casterline's secret chemical which he so jealously guards is a fake.

Corvallis Times: J. N. McPadden, who now makes his home on the Gird farm, has completed his contract for placing 600 yards of gravel on the state road through Three Buttes and Bruce. Julian says he was compelled, on account of the scarcity of labor, to use the shovel himself and exhibited a pair of calloused hands in evidence.

ROBBED A MAN AT COTTAGE GROVE

(Daily Guard, June 27.)

Deputy Constable Frank Thomas of Cottage Grove, brought a man down from that place on the this afternoon's train and turned him over to Sheriff Fisk, who lodged him in the county jail.

The man gives his name as Geo. Gordon and is perhaps 35 years old. The charge against him is robbery.

ASSAULTED AND ROBBED.

A telephone message to the Guard this afternoon brings the information that Gordon and a man by the name of Nelson were together early this morning, the latter partly under the influence of liquor. They went behind the Helena saloon where Gordon assaulted Nelson and robbed him of about \$7. Nelson gave the alarm and the officers took after Gordon who first ran toward the depot, then doubling back ran to the river where he was caught by a man by the name of Bartell near his place. He was known as Harry Gordon at Cottage Grove.

MRS. NELLIE PERMAN ARRESTED

The following dispatch in today's Oregonian is concerning people well known in Eugene. Mrs. Perman is the wife of Will Perman and formerly Nellie Berry, of Cottage Grove:

Junction City, Or., June 26.—Mrs. Nellie Perman was tonight placed under arrest on a charge of larceny. The arrest was made at the instance of W. C. Lawrence, a Southern Pacific employe here, who accuses Mrs. Perman of taking a certain ring from the residence of his sister-in-law, who resides in Portland.

The case may be complicated, the prisoner claiming she can prove her property, while Lawrence claims he is positive that a ring which she wore in Junction today was the property of his sister-in-law.

HONORS FOR DR. L. L. WHITSON

The following letter is self-explanatory:

Portland, Or., June 26, 1903.

"Dr. L. L. Whitson, Eugene, Oregon:

"Dear Sir: I have the honor to inform you that you are appointed a delegate to the National Dental Association, which meets at Asheville, North Carolina, July 28th to 31st. Please use this notification as a credential.

"By order of president of State Dental Association.

"E. G. CLARK, Sec."

It is considered quite an honor to be appointed as a delegate to the National Association. There are only two or three delegates from Oregon, and those who receive the appointment consider themselves quite fortunate.

SMITH-HALE

A very pretty wedding occurred at Hale at high noon June 24, when Nettie, the eldest daughter of Mr. and Mrs. G. H. Hale, was married to Mr. B. A. Smith of Junction.

The bride and groom, attended by Miss Veda Hale as bridesmaid and Mr. Harvey Horn as groomsmen, marched into the beautifully decorated parlor to the strains of the wedding march played by Miss Elinor Hale, and took their places under a bower of roses. The bride and her maid were beautiful in diaphanous white gowns, and the groom and his best man wore the conventional black.

Rev. J. P. Woodley then pronounced the solemn words of the marriage ceremony and received the unflinching "I wills" of the young pair, then pronounced them man and wife.

After the shower of congratulations and good wishes, all repaired to the dining room, and partook of the bounteous wedding feast spread there.

The bride was the recipient of many beautiful gifts and the happy pair departed in the early afternoon for Junction where they will make their home.

Those present were: Rev. J. P. Woodley, Mr. and Mrs. G. H. Hale, Mr. and Mrs. W. B. Smith, Mr. and Mrs. C. K. Hale, Mr. and Mrs. Wm. Taylor, Mr. and Mrs. Pearl Cartwright, Mr. and Mrs. W. D. GREAT STRIKE THREATENED

Effort Being Made to Get Telephone Operators to Walk Out.

In Sympathy With the Linemen—Such Action Would be Far-Reaching in Its Effect.

The Guard is reliably informed that there is a quiet movement on foot among prominent labor leaders of the coast to make an effort to induce the operators in the employ of the Pacific States Telephone and Telegraph Company to strike in sympathy with the linemen, several hundred of whom have quit work during the past week.

WOULD EFFECT BUSINESS.

If the movement is successful, one can readily see that the telephone service all over the coast would be completely tied up. Already the service is crippled because of the linemen's strike, and if the operators quit it would greatly affect nearly all branches of business. Of course those who use the long distance 'phone would have access to the telegraph lines, but in cities where there are local exchanges and where the 'phone is constantly used in the transaction of business, great loss would result.

CHILD KILLED NEAR ROSEBURG

Roseburg, June 26.—Ruth, the two-year-old daughter of Marion Cozad, of the French settlement, was instantly killed shortly before midnight Wednesday, by the plunge of a two-section hack from a bridge that spans the small creek not far beyond the Soldiers' home and just this side of the Wiles farm. There were seven persons in the vehicle and one horse was drawing in. The occupants were Mr. and Mrs. Cozad and their four children and David Grenot. The party had been taking in the carnival during the day at Roseburg, and at a late hour started home to the French settlement. When they arrived at the bridge it seems that the horse in the darkness stepped too near the edge of the structure, which has no side-railing, throwing the two right wheels of the hack off of the bridge, tipping it over into the dry creek bed, together with its load of human freight. The horse was jerked down along with the buggy and its occupants, but was not much hurt. Investigation disclosed the unfortunate child with a fractured skull and a broken neck, while the rest of the party had sustained only a few inconsequential bruises.

THE REPORT OF SCHOOL PHYSICIAN

Annual Message on the Health Conditions of the Schools For the Year Just Past.

Dr. W. L. Cheshire has submitted the following report to the board of school directors:

To the School Board of District No. 4, Eugene, Oregon:

Greeting: I most respectfully submit the following report of the health conditions of the schools during the school year just past:

Whole number of pupils come under my attention, 108. Of this number 31 were given certificates for and on account of smallpox, and five were made for inspecting families of the same.

For scarlet fever, 23 certificates and six visits; for measles, 16 certificates, impetigo, 7 certificates and two visits diphtheria, 5 certificates; for suppurated conditions but not having any contagion, 11 certificates and visits.

In addition to these there were some cases of acute infectious conjunctivitis during the last month of school.

At two different times class recessions were suspended for a week in one room.

The superintendent and teachers deserve great praise for their diligence and hearty co-operation in maintaining the health of the school.

Contagious disease have been prevalent during the past year and perhaps, were it not for the timely thought and good judgment of the directors and the interest and good intentions of teachers, we would have been without school during a good part of the year.

Most Respectfully,
W. L. CHESHIRE,
School Physician

COTTAGE GROVE NEWS

(From the Leader.)

The W. O. W. and lady auxiliary of this city donated \$40 to the Heppner flood sufferers this week. The W. O. W. and Circle grand lodge donated \$40 each to the flood sufferers with the W. A. grand lodge donated \$50. The principal part of the latter donation goes to the Mississippi valley flood sufferers.

Mrs. Archie Rice and family, of Ione, are enjoying a pleasant visit with Mrs. Rice's mother, Mrs. Sarah Cochran. Mrs. Rice was at Ione during the recent cloudburst which nearly destroyed Heppner and did considerable damage to Ione.

Geo. Knowles was in town Saturday from Bohemia collecting the amount subscribed by the Cottage Grove business men for the improvement of the Bohemia wagon road from this city to the mines. About \$1000 was raised by subscription and \$1000 was supplied by the county court, making a total of about \$2000 for this much needed improvement, which will be judiciously expended. Work has already begun making the improvement for which this fund was provided and will be vigorously prosecuted until the fund is exhausted.

Curtis Harris, son of Dr. J. W. Harris of Eugene, who recently returned home from the east where he has been studying dentistry, attended the High School graduating exercises in this city Friday evening and spent a few days visiting with relatives and friends in this vicinity.
