

Weekly Eugene Guard.

SATURDAY, AUGUST 22

OFFICE—Near corner Seventh and Willamette streets opposite Odd Fellows' Temple—No 555 Willamette St. Telephone, Main 191.

Irving Items.

(Guard Special Service.)

Irving, Aug. 18.—Professor I. E. Caldwell, of Philomath, has been in Irving a few days looking after the interests of Philomath College.

Threshing is in full blast in this vicinity, the yield is good and the quality above the average.

Mrs. Daisy Minkler, of Portland, has been visiting in Irving for a few days. We are pleased to note that her health is much improved.

J. B. Salsman who has been on a furlough from the Soldiers' Home for the past few weeks, returned last Friday. His state of health has been greatly improved since he went there, a little over a year ago. His wife accompanied him to Roseburg where she will reside.

Washburne & Sons are putting the Hallett warehouse in order and will soon be ready to receive the new crop of wheat.

J. W. Zumwalt was made happy last Sunday by a visit from his father and mother from Nebo, Illinois, whom he had not seen for several years. Mr. Z. is a brother of Isaac Zumwalt of Eugene.

A watermelon car arrived in Irving Monday evening, and our merchants stocked up on this delicacy.

W. M. Sutton, in charge of the Hallett warehouse and is already receiving new wheat, over six hundred bushels coming in on Monday.

Mrs. B. F. Bond is visiting on Mohawk for a few days.

Miss Maggie Dooley went on the excursion to Newport last Sunday. She reports having had a fine time.

Lorane Items.

(Guard Special Service.)

Lorane, Aug. 19.—Davis and Stone have moved out their steam thrasher and farmers rather impatiently await their turn.

A. S. Walkley and wife, of Eugene, were visiting old friends here last week.

Mrs. W. Lockwood is quite sick. Miss Ella Addison has returned from Cottage Grove, where she has been with old friends the past few weeks.

Born, to Mr. and Mrs. Chauncey Davis, a son.

The Junction creamery wagon again visits the valley.

Clyde Russell, of Thurston, who has been visiting old school mates and relatives, returned to his home Monday.

Will Probably Resign.

The Salem Statesman, Aug. 19, says: Yesterday morning W. R. A. Cherry, the night agent at the Southern Pacific passenger depot, received a telegram announcing that his father was dying, and he started on the early morning train for the bedside, but before he reached Portland the end had come, and his father was no more. The party went to Eugene on the overland train last night, where the funeral will be held. Mrs. Cherry joined them in this city. The deceased leaves an estate valued at between \$40,000 and \$50,000, to his two sons. Mr. Cherry's place as night operator is being filled by W. O. Simon, of Albany, and it is probable that Robert will not be seen at his old place at the ticket window in the future, as his time will probably be occupied in managing the estate.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three 81 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It is absolutely guaranteed to cure coughs, colds, La Grippe, bronchitis and all throat and lung troubles. Price 50 cents and \$1. Trial bottles free at W. L. DeLano's drug store.

FRUIT BOXES.

and picking boxes of all kinds furnished by the Sugar Pine Door & Lumber Company, Grant's Pass, Oregon. Boxes made of soft pine. Orders taken at the Booth Kelly Lumber Company's office, Eugene.

FOR SALE.

Three full-blooded Jersey cows, a driving horse, all farm implements on place, two-seated hack, harness, etc. See or address

AL KIRKLAND, on River road a short distance below Eugene.

A child can operate the Deering self dump hay rake. We have a full stock of all sizes.

Chambers' Hardware.

You know what you are looking for when you take Grove's Tetterless Chills Tonic, because the formula is plainly printed on every bottle, showing that it is simply iron and quinine in a tasteless form. No cure. No pay. 25 cents.

Florence Notes.

(From The West.)

O. W. Hurd is arranging to start his cannery in a couple of weeks.

George Wiscarson and wife, of Eugene, are visiting relatives in Acme and Florence this week.

Miss Belle Turner, of Eugene, visited Wednesday and Thursday with the Misses Brynd.

James Furnish has been visiting his parents on the Siuslaw this week. He returns to Eugene soon to take a position as clerk in a store.

A number of the Mapleton people are opening a trail from Knowles Creek over the ridge to Turner Creek. When it is completed this will give the folks a short cut from Mapleton to the river a short distance below the mouth of the Wildcat.

Recent intelligence from upper Sweet Creek is to the effect that the smallpox patients are getting along finely. Lucian Johnson and his two children and Mrs. Lloyd had the disease, but were improving. The first of this week they were able to be about the house and are probably almost well now.

BRUTALLY TORTURED.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobrick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and its greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me. Just as good for liver and kidney troubles and general debility. Only 50 cents. Satisfaction guaranteed by W. L. DeLano, drug-gist."

Pleasant Hill Items.

(Guard Special Service.)

Pleasant Hill, Aug. 18.—Threshing is the order of the day at present. John West, with his steam thrasher and Walter Renwick, with his hay baler, have utilized about all the available "help" in the neighborhood.

Small grain is turning out better than was expected, and is of good quality, plump and heavy.

Mrs. Rachel Bradford and daughter, of Astoria, are visiting at Robert Drury's.

Miss Anna Davis came up from Portland Friday in response to a letter announcing the serious illness of her mother.

Mrs. Ollie Wright has gone to Oregon City, preparatory to joining her husband, who has located in East-ern Oregon.

Mrs. Cottrell has rented her farm to Mr. Kelsay, who recently bought the old White place, and has gone to Washington to reside. Mr. and Mrs. Hurd will leave here in a few days to join her.

The Pleasant Hill creamery has closed, but will probably resume operations as soon as fall rains renew the pastures sufficiently to increase the supply of cream.

Miss Daisy Jay is up from Portland for a few weeks' visit with her sister, Mrs. P. N. Shelley.

Six candidates for membership in the Christian church were baptized in the Coast Fork yesterday by the pastor, D. C. Kellems.

Amos Walker has traded his one hundred-acre farm to his uncle David West for 100 acres of the residence portion of the old West farm, and both families have moved to their new homes.

Palestine Pointers.

(Guard Special Service.)

Crow, Aug. 18.—The whistle of the sawmill and rock crusher and the hum of the threshing machines indicate that most of the citizens of these parts are engaged in strict attention to business.

Messrs A. G. McDaniel and J. J. McCulloch expect to remove their families to other localities which are not yet fully decided upon early in October.

Grandpa and Grandma Arbuckle were very busy the past week hauling and storing their winter's stock of hay in the barn of the Bjerkle place, where they will make their home as soon as C. O. Davis and family vacate it. Mr. Davis is soon to leave for Eastern Oregon.

Hadleyville postoffice is about to be discontinued, no one having been found who is willing to serve as postmaster.

Mrs. E. S. Kraal will close her school at Hadleyville, Aug. 22nd. The Elmira correspondent surely possesses the "nose for news." We confess we would never think of poking ours under a man's buggy-seat for an item.

Note and Comment.

From the tanned faces and sun burned visages that return with the campers who have been enjoying the sea air at Newport and Yaquina Bay, it is evident that an outing at least gives color to those who go down. As soon as the noses finish peeling off and the skin again becomes soft and lock well with the dainty dresses of the drawing room, Eugene's social realm will again take up its swirl of gayety.

Again we have occasion to comment on our weather. The report comes from Southern California, which has been called the "Italy of America," lauded to the skies for many reasons, that Tuesday was the hottest day on record for this year, 110 degrees being reached. This was followed by a tornado—a regular Kansas monopoly—which tore up trees and houses like pasteboard things. Houses were actually struck by lightning. The damage amounts to thousands of dollars. And this from California! Oregon remains the same, equable, extremeless location of satisfied people who hardly realize the excellence of our wonderful climate.
