HAMPTON BROS

MADE HIS MONEY EASILY

Dressed in Broadcloth He Would Hold Up and Rob.

Wife Would Hold Horses and Husband Would Take in the Coin--Woman Known in Portland.

(Scripps News Association.)
Seattle, Aug. 26.—H. W. Haynie and wife were arrested this morning and charged with the crime of highway robbery. The story of their system reads like fairy tales from Robin Hood.

The two put up at highly respectable and fashionable boarding houses and would hire carriages of an evening. They would go on a drive in their finest clothes, which consisted of silks and satins for the woman and broadcloth and patent leather for the man, and would drive to some lonely spot and await a victim.

When a likely passerby would appear the woman held the lines while her consort would walk ahead and hold the man up. Then they would return to the city and drive quietly to their boarding house and order the stableman to put up the team.

When arrested the woman had a dress of silk and satin and her husband was dressed in a fine broadcloth suit and a silk hat.

WELL KNOWN IN PORTLAND.
Mrs. Haynie is well known in Portland, being the daughter of Mrs. Dr. Lalocott, wife of a prominent specialist of Portland. Her maiden name was Miss Grace Walton. She was candidate for queen of the carnival a year ago. She is an excellent stenographer and was very popular. She was once engaged to a prominent attorney of Portland, but this month married Haynie, who comes of a prominent family in Gaston, Washington.

The police have suspected Haynie of holdups which occurred three months ago and also of similar crimes which occurred a month ago.

RELIANCE WON SECOND RACE

(Scripps News Association.)
Highlands, New York, Aug. 25.—After some magnificent jockeying for advantage at the start the second of the series of international yacht races between Sir Thomas Lipton's challenger, Shamrock III, and the Reliance was pulled off in a satisfactory manner today.

The Reliance crossed the mark at 11:33:30 with the Shamrock a minute ahead, crossing at 11:32:10.

The course was three-legged or triangular and for the first leg, 10 miles, it seemed that the Shamrock had an equal chance with the Reliance, for she made a splendid showing. The straightaway to the first turning point saw the two boats almost together.

A mist arose and obscured the view of the spectators and they awaited the appearance of the yachts with breathless interest. When the boats were again sighted the Reliance had a clear lead and a cheer from the thousands of people greeted her appearance.

When the swift competitors appeared they were racing through a sea of foam which was hurled over their decks. The sight was magnificent. The wind was a seven-knot breeze over nearly all the course.

The Reliance rounded the second mark nearly three-quarters of a mile ahead of the Shamrock.

THE TIME.
The Reliance crossed the finishing line at 2:15:25 and the Shamrock raced across the same at 2:20:10. The Reliance finished 4 minutes and 13 seconds ahead of the Shamrock, which, allowing for the handicap at the start, 1 minute and 24 seconds, and the time allowance of 1 minute and 57 seconds granted the Shamrock, the actual winning time of the defender was 52 seconds ahead of the Shamrock.

HUGE CROWD.
The crowds which watched the race were larger than at any other time in the history of the races, 50,000 people were on craft and lined the shores near the course. There were no accidents to mar the day.

Sir Thomas Lipton is pleased with the showing made and says that the Shamrock has not yet lost the races, although today was admitted to be "Lipton" weather.

Baker County Highway- man Secures \$9000.

(Scripps News Association.)
Baker City, Aug. 25.—Late yesterday evening the Whitney-Canyon City stage was held up by a lone highwayman and relieved of all valuables, consisting of \$9000 in the express box, registered mail containing value estimated at \$6000 and all the loose change on the two passengers, E. J. Armstrong, representative of the Erbman-Mason Company, and a representative of the Hall Safe Company.

The highwayman did his work on the Grant and Baker county line. He stood on the roadside and kept the stage well covered with a repeating rifle, while he ordered all mail, express packages and valuables of passengers to be thrown to him. His demands were quickly complied with. There is no trace of the robber.

THOUGHT HE WAS BIGGER THAN LAW

(Scripps News Association.)
Portland, Or., Aug. 25.—J. E. Povey, a wealthy citizen of this city, and president of the Povey Brothers' Glass Company, was arrested this morning for refusing to obey the orders of a policeman who told him to move on and not obstruct the sidewalk.

He made a scene in the police court by telling Judge Hogue that he should have better sense than hold him, and told him he ought to commit the policeman who arrested him. Judge Hogue refrained from committing Povey for contempt and continued the case on his docket.

JOHNSON NOMINATED

Democrats Select a Candidate for Governor of Ohio.

Unanimously Chosen by Enthusiastic Convention Today-- Will Make a Strong Race to Win.

(Scripps News Association.)
Columbus, Ohio, Aug. 25.—Tom Johnson, the Democratic leader of politics in the state of Ohio, was unanimously nominated for Governor of Ohio today in an enthusiastic convention.

The convention was completely controlled by the Johnson wing and Zimmerman, the only likely opposing candidate, had no chance against the complete organization which the Johnson men had formed.

Tom Johnson has been mayor of Cleveland for several years and has made himself famous by innovations of various kinds. His policy of dealing honestly with the masses and not catering to the beck of trusts, has made him a strong support and he will make a lively race against the Republican nominee in the election which occurs this fall.

IMPROVEMENTS ARE DELAYED

The improvements at the University which have been going on all summer, including a new water system, improvements to the various buildings and to the campus, have been making fair progress.

The dormitory has been refurbished and will be in readiness for tenants at the opening of the school year, Sept. 14, with the exception of the dining department. The kitchen and dining room will not be ready for at least two weeks after the opening of school and the students will have to arrange elsewhere for their meals for that length of time.

Other improvements have been made and the campus and buildings appear in the best shape for the opening of the first semester.

OFFERS TO CON- TRACT FOR 20 CTS.

Several hop growers who were in the city today informed the Guard that they have received offers to contract the 1903 crop at 20 cents per pound. The growers as a rule seem to think they can do much better as the season advances, and none have accepted the offer, as far as we can learn.

Resume Practices.

Lloyd Bellman, one of the leading mandolin players of the city and first mandolin of the Eugene Mandolin Club, has returned from Newport, where he has been playing this summer, and the club will take up its autumn and winter practices this evening. The club expects to improve on some of the latest music and will, no doubt, be a popular organization this winter.

VALLEY CROPS AND WEATHER

Following are the reports from various points in the Willamette valley on the crops and weather, as printed in the weekly bulletins of the U. S. weather bureau at Portland Monday:

Goble, Columbia county, Frank Welter.—Heavy thunder storm Saturday, with general rain; week favorable for potatoes, corn and cabbage; early apples and plums are ripe, crop fair.

Sherwood, Washington county, Benj. F. Webster.—Grain about all cut and some threshing done; wheat and oats yielding well; late potatoes and gardens in need of rain; hops looking fairly well, but lousy, and with this period of warm, cloudy weather lice are on the increase; owners of several yards in this neighborhood are in doubt as to whether their yards will be worth picking, owing to the lice.

Sheridan, Yamhill county, Jno. R. Sanders.—Weather cooler, no rain; threshing in progress; wheat and oats both averaging well; hops in fine condition, very few lice; picking will begin about the 12th.

Liberal, Clackamas county, Silas Wright.—Threshing progressing rapidly; wheat and oats all cut; quality of all kinds of grain is No. 1, and quantity good; apples are still falling; prunes ripening fast.

Aurora, Marion county, C. D. F. Wilson.—Threshing well along, with good yields of wheat and oats; fruit and potatoes continue to do well; hops are coming along slowly; some will begin picking the last of the coming week, and by the last of the first week in September the most of the yards will be picking; weather has been favorable for increase of lice.

Brownsville, Linn county, Peter Hume.—Weather generally warm, nights cool; excellent for harvesting; no high winds, rain or frost, except warm rain Saturday; fruit maturing well; good crops of prunes, peaches and apples.

Waterloo, Linn county, J. H. Turpin.—Fall grain nearly all threshed; yield best for five years; pasture very dry, but stock look well; corn, though late, is maturing fast; light showers on the 21st and 22nd.

Greenleaf, Lane county, Marion P. Wheeler.—Light showers first and last of week; grain all harvested; early apples, prunes and plums ripe a week or more; green corn nearly ready for use; second crop red clover, cut 1st of July, now blossoming.

The Circus.

The aerial features of Ringling Brothers' monster shows by far surpass anything of a similar nature ever exhibited in the United States. The civilized countries of the world have been thoroughly searched for the newest and most thrilling acts. Among the most important of these features is the marvelous European sensation, introduced by the famous Dollard Troup, the renowned Potters and Fishers, the Nelson Family, and Alvo Troupe, and the Fortuns Brothers, direct from Paris.

Don't fail to attend the circus in Eugene, Friday afternoon only, Aug. 28.

Died.

At the home of Mr. and Mrs. Ewen Bailey, three miles north of Eugene, Sunday, Aug. 23, 1903, the infant daughter of Mr. and Mrs. Bailey. Funeral services were held Monday and interment was made in the Oak Hill cemetery.

S. H. Friendly has sold another car load of chitten bark. The destination of the bark is Hamburg, Germany. There is considerable activity in the chitten bark industry this year. The amount being gathered is in excess of that of former years.

HELD UP U. S. MAIL

(Daily Guard, August 25.)
Three young men of Eugene, Frank Hopkins, Wiley Driver and Walker Jenny, got themselves into serious trouble yesterday morning by stopping Frank McMurry, rural mail carrier on Eugene route No. 2, while he was on government business.

It appears that the boys have had some grievance against McMurry and attempted to take their vengeance out in a bunch. The three were driving a hay rack and when opposite the Gillespie farm, three miles across the river, met McMurry. Driver jumped out of his wagon and stopped McMurry's horse, and said he wanted to settle with McMurry, or something of the kind.

McMurry tried to pass on and pay no attention to the boys but was prevented. He pulled his pistol from his pocket and told them to let him pass with the U. S. mail. After considerable swearing and calling of vile epithets by the young rowdies, they saw the force of McMurry's argument and let him pass.

WARRANT FOR ARREST.

After the mail carrier completed his route he came to town and consulted United States Commissioner J. J. Walton, and a warrant was issued for the arrest of the three offenders. The charge is "obstructing the United States mail" and is a serious one. The warrant has to be handled by a United States marshal and Deputy Marshal Proebstel of Portland, was sent for.

George Bryant.

George Bryant died at his home near Franklin, Lane county, Oregon, Aug. 19, 1903, aged 78 years, three months and three days, from congestion of the brain.

He was born at Henley on the Thames, Oxfordshire, England, May 16, 1825. Coming to America in 1852, he first settled in Iowa and was married to Miss Sarah J. Smith March 5, 1863. To them were born twelve children, of whom nine still survive him. Those living are as follows: Mrs. Emma Crone, Mrs. Lydia Richardson, Mrs. Phoebe Butler, Newton Bryant, Frank Bryant, George Bryant, Edward Bryant, Clarence Bryant and Tony Bryant.

Mr. and Mrs. Bryant came to Oregon in 1864, crossing the plains with an ox team, and settled on their farm, where they have since resided. Besides the children above mentioned, he leaves his wife and 18 grand-children to mourn his loss.

He lived a Christian life and was justly proud of his family. He was a stalwart Democrat and there is perhaps no man in that end of the county more widely and favorably known and he was a highly respected and honorable citizen.

The funeral services were conducted Friday by Rev. J. C. Richardson, of Eugene, with interment in the Inman cemetery.

Casterline Gets a Page.

B. J. Casterline, the Corvallis blacksmith and tool maker who claims to have discovered a fluid by which steel can be tempered so that it will cut steel, has been found by the San Francisco Examiner and a whole page in last Sunday's edition was devoted to illustration and explanation of what the metals will do when treated by Casterline. The description is vivid and will no doubt serve to bring the attention of recognized scientists to the inventor.

CASITORIA.
The Kind You Have Always Bought
Beware the
Signature
Chas. H. Fletcher

L. L. WHITSON,
DENTIST
Having purchased the office and fixtures of the late deceased W. V. Henderson, I am now prepared to do anything in the line of Dentistry in the above said office.
Crown and bridge work a specialty.

L. APARINE Vice President.
W. W. BROWN Ass. Cashier.

Fine Property Bought.

Charles Littlefield has purchased from R. McMurry the residence property on West Fifth street known as the Dinsinger place and occupied by N. T. Wilson and family. The purchase price was \$3200. It is one of the finest pieces of property in the city. Mr. Littlefield will occupy the house in a short time.

Salmon Run on Siuslaw.

Joe Morris, Jr., of Florence, is in the city on a business trip. Mr. Morris says that the salmon run on the Siuslaw has commenced, but not sufficient quantities for canning purposes. The present light run is being salted down, and prospects for a large jack this season seems to be good.

A Trial will Convince You That We Understand Our Business in Watch and Jewelry Re- pairing and Engraving.
