The Abogond of Swat has announced his intention of attending the world's fair at St. Louis. That Swat might have been expected.

The Illinois Central Railroad in a report just made public gives its gross earnings for the year ending July 1st, at \$15,186,076. And there are others, though not many, that exceed that figure.

The Russian Czar abolished the use of the knout in all the penal establishments and settlements of the empire. Flogging is, however, still a common punishment for all sorts of offenses in the villages of Russia.

Sir Thomas Lipton has shown pluck on land in his fight against disease as well as in the battle in water he waged the Reliance. In his convalescence the American people wish him much luck and speedy restoration to his old time vigor.

Attorney-General Crawford has rendered an opinion in which he holds that county clerks are entitled to retain fees collected by them for service rendered in taking testimony in Federal land proceedings. He holds that the law requiring them to pay into the county treasury fees collected by them referred only to fees for services under state laws.

The Philadelphia papers have discovered a criminal abroad in that city who piles his trade by asking his victim for a light from his cigar, into which he injects, before returning it, a powerful narcotic by means of a rubber bulb with a hollow needle point concealed in the palm of his hand. The victim draws briskly to rekindle his cigar, inhales the narcotic and falls unconscious, when he is easy prey.

Col. Albert A. Pope, president of the Pope Manufacturing Company, has resigned from the Commercial Travelers' Sound Money League, because resolutions were adopted endorsing President Roosevelt. Col. Pope refuses to forgive what he says was the president's insult to General Miles, and is credited with the following statement: "I hope the Democratic convention will have the common sense next year to nominate General Miles for the presidency. Republican as I am, I would go out on the stump to help him."

President Roosevelt can do some very little and ugly things for a man occupying the position of chief executive of a great nation. The turning down of the petition of the leading citizens in Alaska to have Louis Williams appointed a commissioner to aid in collecting an exhibit from the far northern territory is a case in point. President Roosevelt has overruled the appointment of Williams made by one of the departments, for the sole reason that Williams is a Democrat. When he comes to making a world's fair a partisan dumping ground, the limit of littleness has been reached.

### Blissful Life of a Farmer.

The farmer is a happy man (Sometimes.) He lays a wealth of dollars up, And dimes. He has no cares to worry him, Or fret His soul because he never is In debt. When he is hungry, all he has To do Is to go out and blithely dig A few Potatoes or pick some fresh Green peas. His life is full of simple joys Like these. He sees the sun rise nearly Every day. Oh, life to him is only sport And play. He does not have to think about His dress, He gets along with one good suit Or less. His wife so seldom has to go In town, She only needs to have one Gingham gown. And he is never tortured with The blues Because the children never need New shoes. Oh, life is just one round of joy And fun To farmers. How I wish that I Were one! I'd blithely lay the dollars up, And dimes, Just as the happy farmer does (Sometimes.) —Exchange.

### Resolutions of Sympathy.

The hand of death has entered the home of our Sister Mrs. L. Simon, and removed her beloved brother, Comrade I. S. Munger, of Fossil, Oregon. Resolved that Rich Mountain Circle No. 4, Ladies of the G. A. R., extend our heartfelt sympathy to Mrs. L. Simon and family, and also the family of the deceased, who reside at Fossil, Oregon. Be it further Resolved that a copy of these resolutions be spread upon our records and a copy be sent to his sister and family and to the local papers for publication. Mrs. Sarah Chapman, Mrs. Nettie Krouse, Mrs. Katherine Smith, Committee.

### QUIET SLEEPING PLACE.

Transient people and farmers over night in Eugene can find neat, airy, well furnished rooms at the Old Courthouse Lodging House for only 25 Cents to any part of the house, upstairs or down. Convenient to the business part of town, yet clear away from all the noise of the main streets. New furniture and bedding. See transparency "BEDS" one block east from Day & Henderson and Beckwith corners. Just back of courthouse. ED HOWE, Proprietor.

### CITY PROPERTY FOR SALE.

I own and have for sale about 300 lots in seven different additions to Eugene. Am laying off a new addition. Lots sold on reasonable time for \$50 and upwards. These lots are going fast, so anyone wanting to purchase would do well to call early. Some of the property would be especially good for desirable timber lands. T. G. HENDRICKS.

## ROBBERY OF HOMESEEKERS AT FRANKLIN

### Claimed That Booth-Kelly Co. Is Doing the Robbing.

### Hot Shot From the Roseburg Plaindealer, One of the Strongest Republican Papers in Oregon.

The following is from the Roseburg Plaindealer: "A wave of indignation is sweeping over the State of Oregon regarding the action of the Booth-Kelly Lumber Company having a man in position and second in line at the opening of a land office at The Dalles, to file on over 10,000 acres of government land with script. There were scores of persons in line, but the Booth-Kelly man was there with all the papers ready made out and the script in hand to wrest from those honest home-seekers and land locators their just rights as citizens of the United States. There were men and women, it is said, in line who had lived on the land for years and staked their all in trying to obtain a home. They could only take up the land in 16-acre tracts, but once inside the land office the agent of the Booth-Kelly Lumber Company was enabled to file on their homesteads at wholesale and when he had handed in his papers there was not a foot of good land for the hard-working and honest home-seekers to file on, for all had been taken up. Is it any wonder that the people of Oregon believe that they are cursed by reason of timber grafting companies? Is it any wonder that men, when their homes are stolen from them by virtue of lieu script, say that Oregon is controlled by timber land companies? Is it any wonder that the Republican party—the party of liberty—the party that has always regarded homesteaders' and squatters' rights as superior to every other right, is being held up to ridicule and scorn? Is it any wonder that the people, looking for in the conditions of the party, are following after strange gods?"

"The Republican party must come back to first principles and put honest, patriotic men in office, and to use a homely but true expression, 'Turn the rascals out.' And right here we want to inquire what right has Senator Booth to be sent back to the State Senate by the Republican party? What can the Republicans of Southwest Oregon expect if he is re-elected State Senator and two years hence is a candidate for Governor? Can the people who have been thrown out of their homes by the machinations of the Booth-Kelly Lumber Company rise up and support him? Have his associates in the Senate been those of a patriot, or those of a man who was there for all there is in it? Take his logging bill for an example; was it not sought to wrest every rivulet in Western Oregon from their rightful owners and place them under charge and ownership of monopolists and combine? Take the fire warden bill, for another example. Did not this bill seek to tax the farmers and laboring men directly to protect the timbermen's interests at the expense of others? And yet such men as political wire pullers are made to be the leaders of the Republican party? Is it any wonder that, as a check, Republicans vote against their own men and elect a Democratic Governor to even let the voters' rightful majorities fade away like an autumn breeze? Take the whole political record of this 24th political god of the Republican party and has he been true to anybody or anything except self interest? His work in the State Senate and his work in having his brother, another member of the Booth-Kelly Lumber Company, appointed receiver of the land office, all point to the fact that he, Senator Booth, is a Booth-Kelly Lumber Company man first, and last and all the time and his whole action in perfect line with the departed Jay Gould, who said: 'The public be damned.'"

"What is J. H. Booth kept in the land office for? Ask people who have lost their homes. Ask people who have been made to vacate their claims on land that has been located on by virtue of script and see what they will say. "Now we are aware that the combines cursing Oregon have come to the conclusion that they have things fixed. With Senator Booth pledged to Representative Riddle; with Hermann Lukenwurm because the Booth-Kelly Lumber Company would not shut down their mills for a single hour in order to give the men a chance to vote, and with Senator Booth with a throat affection so that he could not open his mouth during the late congressional contest; with Senator Mitchell alone of all the Oregon delegation to back up the combine, the Booth-Kelly Lumber Co. party have resorted to a solid front with Secretary Hitchcock's special inspectors and they are worked to a finish and are solid for the combine. "It is high time that Republicans of Southwest Oregon, yes, the Republicans of the entire state, awake and put on the war paint to war to the finish against political traitors to party principles and relegate to the shades of oblivion the so-called leaders who are trailing the colors in the dust and making the party to be a stench in the nostrils of decent men. "To nominate or to elect men with the political record that Booth has, is to court defeat at the polls. The Republican party needs patriots, not spottism; and to pass up a little the terrible strain the Republican party is under and to prove that Washington has not the shadow of sympathy with the specious schemes of plunder being worked in Oregon, the receiver of the Roseburg office should be removed, for while there may be no collusion, yet the re-election party at the polls can never explain it away."

### Resolutions of Condolence.

Whereas, The voice of the divine providence having called from our midst, our esteemed Comrade, G. L. McGinnis, and

Whereas, we feel thereby that Rich Mountain Circle No. 4, Ladies of the G. A. R., have suffered a great loss and have been deprived of a true and loyal support and an honorable member, and

Whereas, we are desirous of recording our appreciation of his many sterling qualities as a man and his devotion to the principles of the Grand Army of the Republic, therefore be it Resolved, that we express our sorrow and regret his sudden and untimely end and his memory we shall long cherish. Resolved, that we extend to his wife, our esteemed President, our deepest sympathy in her bereavement and share in her sorrows. Resolved, further, that these resolutions be spread on our records and a copy be sent to the bereaved wife, and to the local papers for publication. Mrs. Sarah Chapman, Mrs. Nettie Krouse, Mrs. Katherine Smith, Committee.

### IN PRAISE OF CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

"Allow me to give you a few words in praise of Chamberlain's Colic, Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." ### INCURABLE.

That is what the doctors say of Chronic Kidney Disease, but the New Fulton Compounds have a record of 87% of recoveries among chronic cases incurable by all other medicines.

Druggists know that kidney disease has long been regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zelle himself, the pioneer druggist of 523 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We get from the Sacramento News of November 16, 1902. "After a serious illness of over a year Judge J. R. Allen of 577 has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best medicine used in the regular practice of medicine, but it did not do me any good. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and the medicine faithfully for nearly a year and now I find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have good seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'"

The editor of the News himself was the friend of the late Judge Allen of the Fulton Compounds. They are the only things known that cure kidney disease after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles. Kidney Disease, etc. \$1 for Diabetes, \$1.50 John J. Fulton Co., 69 Washington street, San Francisco, sole compounders. Free analysis for patients. Send for prospectus. We are the exclusive agents for these Compounds in this city. Linn Drug Co Eugene.
