DOWIE'S EXCUSES

Gives Reasons for Zionist Healings Going Wrong.

Attributes the Difficulty to Difference Between New York and Chicago Time.

New York, Oct. 21.—Commander Dowie's morning discourse in the Zionist camp was devoted to an attack on the press, which he characterized as godless and without faith.

He said the reason that healing had all gone wrong was that the Zionists had forgotten the difference in time whereby the hosts at New York were praying at 9 o'clock, Eastern time, and the host at Zion City, Chicago, at 8 o'clock, Central time.

He had ordered the rectification in time as the Chicago prayers would be offered at 8 o'clock, and now the healing would go on perfectly.

Many of the Host have been taken to New York houses exhausted and fed and cared for. Forty here are ill through exhaustion and neglect of their physical wants.

DOWIE FEELS BLUE.

Commander Dowie is greatly disheartened at the lack of success in his mission. He announced today that he would not return to Chicago, with the Host but, accompanied by his wife and son, would tour the world. Several hundred of the Host have been quarantined.

A FROST FOR THE ZIONISTS

New York, Oct. 19.—The lack of interest which attended Commander Dowie's appearance yesterday morning, was felt again at the services this morning.

When Dowie entered he found but a few scores of the faithful and a dozen sleepy reporters.

He directed several remarks to the latter, then ordered the Zionist host to get out and get busy spreading the restoration gospel.

WHAT PARKHURST SAID TO DOWIE

Dr. Parkhurst, the famous reform preacher of New York, has addressed a letter to "Elijah" Dowie. Among other things he says:

"I want to hear you preach the Gospel. You preached Dowie, Zion City and 'stink pot.'"

"Your performance was a long way below the standard even of the circus I have witnessed at the same garden."

"You cannot bully people into Zionism, nor blackguard them into the Kingdom of heaven."

"I was ashamed of you, and almost ashamed to be in your audience."

SWEEPING REMOVALS

Employs of Post Office Department Let Out

The Axe Fell Hard This Afternoon—Favoritism, Waste, Neglect, Incompetency, Etc., Charged.

Washington, D. C., Oct. 21.—M. A. Lewis, superintendent of the supply division of the postoffice department, was removed this afternoon charged with favoritism in letting contracts.

Lewis Kemper, superintendent of the registry system, was also removed for incompetency, neglect, waste, extravagance and violation of the revenue laws.

C. B. Berry, clerk of the supply division, loses his position for making false affidavits and for general inefficiency. He attempted to obtain money from his fellow clerks for political purposes.

The postmaster of New York was directed to remove Otto Weis, clerk, for collecting money to secure promotions.

Let Canada Down Easy.

London, Oct. 21.—The afternoon papers comment on the Alaska boundary event similar to morning papers. They express regret but concede the justice of the decision, otherwise Lord Alverstone would not have given his sanction.

"L" Road Strike.

New York, Oct. 22.—Strained conditions on the "L" road continue today. The motormen openly threaten to strike this evening if the grand officers of the Brotherhood of Engineers and Firemen decide against them.

Shipping Disaster.

London, Oct. 21.—A Lloyd dispatch today announced the loss of the British ship Milton Park, which sailed from Liverpool in March. It is believed that the captain and crew of twenty-four were drowned.

Military Maneuvers.

Fort Riley, Ark., Oct. 21.—The military engagements today were separate, covering all the leased ground. The signal corps will work tonight.

Noted Horse Man Insane.

Cleveland, Oct. 21.—Orin Hickok, at one time the most noted driver and trainer on the American turf, was today adjudged insane. Hickok is seventy. His case is hopeless.

New York Not Scared.

New York, Oct. 21.—The failure of the Pittsburgh Federal National Bank had only a momentary effect on the stock market. Advices show the financial situation is solid elsewhere.

Queen Natalie the Heir.

Belgrade, Oct. 21.—The Official Gazette will publish an edict today recognizing Queen Natalie as the heir to the personal estate of the late King Alexander.

D. of H. Convention.

Junction City, Oct. 19.—The degree team of the Degree of Honor of this place is expecting to walk off with the honors at the convention of the First Willamette district, to be held in 11 arriving on Tuesday, Wednesday

Murdered.

COMMITTED SUICIDE AT NEWBERG

Miss Millie Holst Took Carbolic Acid Saturday Evening.

Newberg, Or., Oct. 19.—Miss Millie Holst, a young woman of this place, aged about 23 years, committed suicide on the street Saturday evening between 7:30 and 8 o'clock by drinking carbolic acid. She was first noticed walking back and forth before Balsinger & Bros' store and soon sat down, seemingly in great distress. A man accosted her and asked what was the trouble. She replied: "I have taken carbolic acid."

"Accidentally?" he asked.

"No," she answered, "I am tired of life."

She was hurriedly taken across the street to a hotel, where two physicians were summoned. The unfortunate young woman was removed to her home, a couple of blocks distant, where she died about an hour later.

YOUNG PEOPLE'S CHRISTIAN ALLIANCE

The regular bi-monthly meeting of the Young People's Christian Alliance will be held at the Congregational church, Sunday evening at 6:15 o'clock. All members are urged to be present and to be prepared to help make the meeting a success. The topic is, "Lessons from the life of Moses." Mr. Irving Wolf will have charge of the meeting and should have the hearty co-operation of all the societies in making it a profitable one.

Jewish Troubles

Berlin, Oct. 21.—The Tajebblatt today reports a riot and jail delivery by Jews at Piek, Holland.

The police arrested four Hebrews as political suspects, but several hundred compatriots interfered and liberated the prisoners.

In the fierce fight with the police one woman was killed and many injured. Afterwards six Jews were imprisoned.

The Stock Gamble.

New York, Oct. 19.—The unexpected suspension of the Maryland Trust Company of Baltimore was the dominating influence in the stock market this morning. The declines were pronounced and widely distributed before the selling fever abated.

Union Pacific, steel preferred and Amalgamated Copper, all fell off.

Needless Bank Closing.

Baltimore, Oct. 21.—It is common talk in financial circles that the closing of the Union Trust Company was due to lost nerve and was entirely unnecessary. Receiver White expects to re-open the bank for regular business Monday.

Persian Earthquake.

Baku, Oct. 19.—The dispatches today state that 50 persons were killed in the Persian earthquake yesterday, instead of fifty-two as first reported. Eight villages were destroyed.

British Cabinet Meeting.

Birmingham, Oct. 19.—The Post says the cabinet met earlier today than anticipated, on account of the menacing condition of affairs in the far East.

RUSSIAN JEALOUSY

Press Says American Missionaries Interfere in Politics.

Complaint That America Seeks to Control Pacific Oriental Market.

St. Petersburg, Oct. 21.—The Russian press today generally protest against American interference in old world affairs. The Novoe Vremya bitterly arraigns American missionaries who, it says, formerly confined their efforts to expounding the gospel at their own risk but now, sheltered by American diplomacy, conduct propagandas strongly tinged with political color.

Complaint is also made against American energy in Pacific waters and alleged continued efforts to make commercial conquest in China and to secure control of Oriental markets.

It alleges that the relations between America and Japan are continually growing more intimate, until it has come about that American interests now traverse those of European powers.

Postoffice Robbery.

Superior, Wis., Oct. 21.—The postoffice here was robbed last night of more than \$10,000. Stamps and currency were taken by the burglars.

Lebanon Wants Local Train.

Express-Advance: A petition is being circulated asking the S. P. Co. to have the Albany local run to Lebanon. Of course the business men and all others are signing the petition, as the present railroad service is more of an aggravation than an accommodation. Lebanon gives the railroad company much business and should be given the service petitioned for. The Albany local should run to this place, in addition to the trains that we now have. We had such a service years ago, and it is now needed all the more. The way the trains now run, it takes all day to go from here to Portland, a distance of 92 miles.

Bank in Trouble.

Washington, Oct. 21.—The acting comptroller of the treasury last night appointed National Bank Examiner Cunningham receiver for the Federal National Bank of Pittsburgh, only word sent him was the bank wouldn't open today. The bank is capitalized at \$2,000,000.

French Bark Sunk.

Honolulu, Oct. 21.—The French bark Derichmont was sunk on Frigate Shoals, October 10. The captain and seven survivors were saved, with sixteen missing.

In Self Defense.

London, Oct. 21.—The Canadian commissioners on the Alaskan boundary award, Jette and Ayleworth, are preparing a secret report on the findings of the commission, which they will submit to the Canadian government.

Went Up for \$11.

Urbana, Ohio, Oct. 21.—Henry Montague, an actor formerly of the Ezra Kendall Company, was sentenced to one year in the penitentiary this morning for forging a check for eleven dollars.

The Coburg Bridge.

The county court is advertising for one thousand cubic yards of large stones to be delivered at the south end of the Coburg bridge to prevent the McKenzie river from washing around the bridge, which it would perhaps do during the coming winter if the banks are not protected.

Also for enough stone to fill the piers under the bridge. This and the new span and new piers and repairs to the main bridge, now being made, will make a heavy expense for that bridge this year.

Henry Shoel, of Shedd, Had a Strange Battle Sunday.

Henry School of Shedd's was attacked by a deer last Sunday afternoon within five miles of Albany, and narrowly escaped death. While visiting at the farm of Julius Voss, in Benton county, about five miles from Albany, Mr. Shoel was walking through a field in company with F. W. Neesh, who recently came to Oregon from the East, when a deer pursued by a hound ran into the field. A dog which accompanied the two men joined in the chase, scaring the hound away. The deer no longer pursued by the hound and being almost exhausted, stopped running when about 20 yards away from the men and walked toward them.

The men stood waiting to see what the deer would do, and although Shoel carried a loaded shotgun, he did not fire. The animal walked up to within four feet of Shoel, and then it suddenly rose up and lunged at him. He dodged quickly and escaped the deer, but one of its hoofs grazed him as it passed. School whirled and fired, hitting the deer in the side.

The animal, wounded and infuriated turned and ran toward School. But he retained his steady nerve and presence of mind, to which he probably owes his life, and fired straight at the deer's head, killing the rapidly advancing animal instantly.

Defunct Trust Company.
Baltimore, Oct. 19.—Allen McLay has been appointed receiver of the Maryland Trust Company of this city today under bonds of a million dollars.

The company, which was capitalized at \$2,000,000, was supposed to have undivided profits exceeding three millions and loans and discounts of six millions.
