

FROM MINES OF BOHEMIA

Prediction That It Will Be Another Cripple Creek.

Extensive Operations in the District as Told By a Salem Man to the Statesman.

W. H. Whitmore, who is an experienced mining man, having followed that business for the past twelve years, is in the city, visiting at the home of his father J. C. Whitmore, in North Salem, says the Salem Statesman.

Mr. Whitmore was in Nome all last summer, returning some weeks ago. He then went to the Bohemia district, near Cottage Grove, and has just returned from there. He went to the Bohemia district to start up a liner drilling machine, a new thing for the Oregon Securities Company. He was to install the machine in the Champion mine of that company. It is a machine that runs with compressed air. A storm came up, however, and blew down all the wires, and Mr. Whitmore was obliged to stop work. It will be six weeks before they are ready for him again.

A BIG THING.

The Oregon Securities Company is a big concern, and it is doing things out there on an extensive scale. Mr. Whitmore says they will have the finest accommodations for their men he has ever seen in any camp, and he has been in most of the big ones. They are building 2500 feet of snow sheds at the Champion mine, and they will have model bunk and boarding houses, with hot water baths, barber shops, reading rooms, etc. They are going to run a tunnel 3000 feet into the mountain. This will go a long way towards demonstrating the richness of the camp, bringing plenty of capital there. Mr. Whitmore is very enthusiastic over the prospects there. He says the Bohemia district is bound to be another Cripple Creek, and they are beginning to do things in mining like they do them in Colorado.

GOLDEN RULE PROPERTY.

Mr. Whitmore took occasion to

look over the Golden Rule property, belonging to Salem's mining company. He declares that they have as good property as the Oregon Securities Company, and a whole lot of it. On several of their claims they have a good showing. They have plenty of ore in the faces of the drifts. Mr. Whitmore thinks so much of their prospects that he is going to buy \$2000 worth of their stock, and he declares that it is a sure thing and that it will soon increase in value three or four hundred per cent and probably a great deal more. The Golden Rule Company has claims running up to and adjoining onto the Champion mine, where such a vast amount of work is to be done by the Oregon Securities Company. The Champion mine, he says, has enough in sight to run fifty years. It is a dead sure thing, says Mr. Whitmore, that the biggest capital in the country will soon be engaged in mining in the Bohemia district.

RATHER RICH.

Some time ago the workmen struck a thin seam in the Stocks & Harlow property, now owned by the Vesuvius people. Ore from this seam assayed \$240,000 to the ton. This is on a parallel vein with the Damon claim, owned by the Golden Rule people, being only about forty rods south of the Damon claim. The formation of the Vesuvius claim is the same as that in the Damon claim. Of course, such seams do not run large, nor last long. But they indicate that there is plenty of gold in the earth there.

Mr. Whitmore will return to the Bohemia district within a few days, and he expects to do development work out there and watch the development of the district.

Basket Social.

A basket social will be given at Bethel school house on Thanksgiving night for the benefit of the bell fund. An effort is being made to purchase a large bell for the school. Everybody is invited.

BETTER THAN PILLS.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion.

For sale at 50 cents per bottle by W. L. DeLano's drug store.

When you feel that life is hardly worth the candle take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, tone up your liver and regulate your bowels making you feel like a new man. For sale by W. L. DeLano's drug store.

SECURED POSITION IN WASHINGTON

P. Irving Wold Will Be Assistant Examiner in the Patent Office.

P. Irving Wold, at present assistant-instructor in physics at the University of Oregon, has received the appointment of assistant examiner in the U. S. patent office in Washington, D. C.

Mr. Wold took the civil service examination in Portland last spring for this position and received his appointment about two weeks ago. Yesterday he telegraphed his acceptance of the position and is expecting a telegram immediately ordering him to Washington for duty. If he is to commence his duties on Dec. list, as he expects to do, he will leave here next Monday. The position is a good one and carries a salary of \$1200 per year.

Mr. Wold is thoroughly fitted for his new work. He graduated at the University in 1901 and has since held the position as assistant instructor in physics, which he has filled with great credit to himself and the University. He is an industrious and studious young man and by his perseverance has worked his way to his present position. He is the son of Mrs. G. A. Wold, of 658 Patterson street.

His many friends congratulate him on his success in securing this appointment.

Dr. Schleeff Appointed.

Governor Chamberlain this morning appointed Dr. H. H. Schleeff, of Cottage Grove, as a delegate to the First International School of Hygiene Congress, which will meet at Nuremberg, Germany, April 4 to 9, 1904. This is the first congress of the kind ever held, and Dr. Schleeff, who will represent Oregon, expects to attend the sessions, and at the same time, make an extended visit to his old home in Germany.—Salem Journal.

Says Plenty of Cars.

Albany Democrat: The Eugene Register states that the Booth-Kelly

Company continue to be unable to secure cars for shipping lumber. Mr. Frank states that there are plenty of cars for local business, as heretofore stated in the Democrat, there being 138 empty cars at this city the first of the week.

The inference of the Democrat that there is plenty of cars is an incorrect one. The fact that a large number of empties passed through that city does not prove that cars are plentiful. The fact is that the S. P. is either scarce of cars or motive power, and it is of little moment which. Every year at this season the company is blockaded with freight, this year being no exception to the rule.

Irving Items.

(Guard Special Service.)

Irving, Nov. 18.—D. C. Bruce, of Roseburg, is visiting in this neighborhood for a few days.

Rev. F. H. Neff, presiding elder of the U. B. church, who has been assisting in a series of revival meetings at this place, returned to his home at Philomath on Monday morning.

D. M. Parkerson, of Eugene, was doing business here today.

Mrs. Joe Morris is able to be out again after a long confinement to her room by sickness.

The high wind of last week blew down one section of Bond & Son's hay warehouse. The hay was all saved and aside from the damage to the building, but little damage was sustained.

Messrs Melburne & Sloyter shipped a lot of dressed hogs to the Portland market today.

Messrs Hensill & Stinson are loading their fourth car of dried prunes.

Rev. Gardner, of Junction, is the guest of J. M. Kitchen this week.

Quite a disturbance was caused in the Irving school yesterday by a drunken individual, who was put off the north bound train. He marched in and took possession and an officer had to be sent for to take charge of him. He was finally settled and after he became sober left for Eugene.

A daughter of Mrs. M. A. Bitgood was taken to Portland last Monday for medical treatment.

CONFESSIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by W. L. DeLano. Only 50c.

TRIED TO KILL ENTIRE FAMILY

Unknown Person Places Rough on Rats in Food Left in Pantry.

Albany, Or., Nov. 18.—The facts have just leaked out that a bold attempt was made Sunday night to kill the entire family to J. F. Simpson, residing at the corner of East Second and Hill streets, in this city, by poisoning some meat which they were to have eaten Monday morning.

When Vida Simpson went into the pantry Monday morning to get some pork for breakfast she noticed that the meat was covered with a glistening substance. Examination showed that the pork was covered with rough on rats, which had been taken from a can in the basement. Circumstances clearly prove that the poison was placed on the meat Sunday evening while the members of the family were away from home. James Timson, a young man, was the last one to leave the house Sunday evening. He locked up the doors and placed the key to the kitchen door in its customary place under a brick at the foot of the steps. Miss Vida returned to the house about 7 o'clock and found the doors locked and could not find the key in its accustomed place. When Mr. and Mrs. Simpson returned home about 8 o'clock, they found the key near the brick, but not under it, where Mr. Simpson had placed it.—Telegram.

IN PRAISE OF CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

"Allow me to give you a few words in praise of Chamberlain's Colic, Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by DeLano's drug store.

SOCIAL REALM.

A number of relatives and friends were invited to spend Tuesday evening at the home of Mr. and Mrs. Earnest Miller, a few miles north of the city, in honor of Mr. and Mrs. E. S. Dean, (nee Boyd) of Reuben, Oregon. The jolly crowd spent the time in playing games and tripping the light fantastic until midnight.

when luncheon was served, after which the guests thanked their host and hostess for a very pleasant evening and departed for their respective homes. Those present were: Mr. and Mrs. Dotson, Mr. and Mrs. Will Forester, Mr. and Mrs. E. H. Gompf, Mr. and Mrs. J. B. Nettleton, Mr. and Mrs. E. S. Dean, Mr. and Mrs. Arthur Wright, Misses Gertie and Ethel Dotson, Ethel Forester; Messrs. Doc Howard, George Neff, Roy Boyd, Dave and George Boyd. Mr. and Mrs. Dean accompanied by George Boyd went to their home at Reuben, Wednesday.

BROKE OFF NEEDLE IN HER THUMB

Mrs. Durris Black, residing out beyond the University, was so unfortunate as to run the eye end of a large needle into her right thumb for half an inch, the needle breaking off, leaving part of the needle imbedded in the flesh. It was a very painful wound. Dr. C. H. Atwood was called. He cut out the piece of steel and the lady is suffering no serious effects.

BOUGHT FINE RESIDENCE PROPERTY

C. P. Barnard Secures the Bangs Residence at Ninth and Charnelton.

C. P. Barnard, who purchased the extensive livery business formerly conducted by Ell Bangs, has purchased Mr. Bangs' fine residence property at West Ninth and Charnelton streets, the deal having just been completed. The price paid for the property is \$5000. It is considered a bargain at that figure. The house is one of the finest in the city and is conveniently located close to the business streets.

Mr. Bangs and family will not move out until the first of April, 9, at which time Mr. Barnard takes possession.
