

# MRS. HELENA BLAU,

Young Milwaukee Society Woman.

THOUSANDS cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who held operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

**THE LEAGUE MEETING.**  
The Salem Statesman of Sunday gives the details of the meeting as follows: The directors of the Oregon State Baseball League held a meeting in this city last evening, at which the league circuit was closed and other business of an important nature transacted. The circuit comprises Roseburg, Eugene, Salem and Vancouver, four cities that promise to put fast teams into the field, and furnish all the support and enthusiasm necessary to insure the success of the venture. The meeting last evening was attended by President P. H. Sroat, Secretary W. Gatens, and director H. H. Olinger, of this city; Director W. E. Morrow, of Roseburg, and Director F. L. DuShane, of Eugene. Vancouver was represented by proxy through President Sroat, E. P. Prepler, the director from that city, being unable to attend. Word had been received from Oregon City to the effect that the effort to organize a club had been abandoned, at least for the present, and as Albany had also decided not to enter the league, the circuit was closed with four clubs as members.

**FOUR GAMES A WEEK.**  
It was decided to open the playing season on May 1, and continue until September 15, each team to play four games a week, which will give each city in the circuit forty games during the season. All games will be played strictly in accordance with the National Association rules, and the league will apply to the National Association baseball league for protection. If the league is admitted to membership in the association, the different clubs will have exclusive control over their players, whose services cannot be secured by other clubs without paying such price as may be fixed by the club holding contracts with the players, except that at the close of a playing season the price to be paid for a release is fixed by the rules at \$200 for each man. This fixed amount applies to players under class "D," in which those of the Oregon State League will be rated. Each player's record will be carefully kept and in case first class material is developed, the club holding the contract of such player will be in position to demand its own price for his release. Each team will be limited to eleven players after June 1, and after that date no changes can be made in the personnel of any team without the consent of the league board of directors. Lists of the players of the Roseburg and Van-

gene teams are now in the hands of President Sroat and those from Vancouver and Salem will be filed within a few days.

**HOLIDAY GAMES.**  
The holiday games on May 30, July 4, and Labor Day, will be played in the best paying towns, two games to be played each day, and on these days the entire gate receipts will be pooled and the entire amount be equally divided among the four clubs. The schedule for the whole series of games to be played during the season will be arranged today by a committee appointed for that purpose, and composed of W. E. Morrow, F. L. DuShane, H. H. Olinger.

**REDUCED RATES.**  
W. E. Coman, general passenger agent of the Southern Pacific Company, has kindly offered to grant a reduced rate of one fare for the round trip to all the players of the league during the playing season, over all the lines of the company within the league circuit, and has also signified his willingness to provide a reduced rate for the "fans" who may wish to witness the games in other than their home towns. Everything looks promising for a successful baseball season for the Oregon State League and the lovers of clean outdoor sport may expect to witness some fast games when the season opens.

## SHOOTING AFFRAY AT DRAIN NORMAL

Lee Cannon Wounds Frank Hill With a Pistol Shot.

Roseburg Plaindealer: Frank Hill, of Wilbur, was shot in the thigh last Friday evening by Lee Cannon, of Deer Creek, the affray having taken place at the Drain Normal School, where both the boys are students. Cannon has been bound over in the sum of \$500 bonds, which he furnished. From what can be learned Cannon had made some slighting remarks about some of the young ladies of the school, and the plan had been made by several of the young men and women to pit him with eggs. Cannon met the company on the walk leading to the school building and the former were about to begin the egg business when Cannon drew a pistol. Upon seeing the gun Hill called out "Don't shoot," but Cannon did shoot and struck Hill in the thigh, making a serious though not dangerous wound. Dr. Barber, of Yoncalla, was called, and was unable by probing to locate the ball. Cannon is a senior at the Normal and has by this rash act lost his chances of graduating. He is a young man who has had a splendid reputation heretofore. The preliminary trial in the justice court will be held at Drain Wednesday, before Justice J. W. Krewson.

## Palestine Pointers.

(Guard Special Service)  
Crow, Feb. 26—J. A. J. Crow has nearly recovered from the effects of his fall.

T. J. McCulloch's health is not improving in a satisfactory manner. He expects to be taken to Junction soon to place himself under the care of a physician at that place.

Det Hadley is at the home of his father, suffering from a severe case of measles.

The family of John Smigley is afflicted with scarlatina. This disease caused the death last Sunday of Mrs. Lizzie Reuben Lechner, whose sad and untimely death cast a gloom over the entire community, where she grew from childhood to womanhood, and made many friends by her upright life. Besides her husband she leaves a son of two years and daughter but a few days old. She was laid at rest in the Gates cemetery at Crow.

## HOSPITAL CORPS FOR EUGENE

Dr. Cheshire Appointed Captain in the O. N. G.

He Will Be Head of the Medical Department of the First Separate Battalion.

Dr. W. L. Cheshire of this city has been appointed by Governor Chamberlain to be a captain in the medical department of the Oregon National Guard. Capt. Cheshire will have charge of the hospital department of the First Separate Battalion and have headquarters in this city. He will organize the hospital department right away and enlist a steward, a druggist and two privates for duty in the hospital. This will add quite a good deal to the importance of Eugene as a military center. Dr. Cheshire is well fitted to the position, having served for the past six years in the National Guard, twice being acting hospital steward, and understands the work thoroughly. He is well and favorably known in state military circles and his many friends will be glad to hear of his appointment.

## FAIRMOUNT POST-OFFICE TO CEASE

Will Go Out of Commission on March 15--Mail Goes by R. F. D.

Postmaster J. L. Marsh of Fairmount has received notice from the department that the Fairmount post-office will be discontinued on March 15, 1904. Fairmount will after that date, probably be supplied with mail by the carrier on the Eugene rural free delivery route No. 2. Postmaster Page of the Eugene office says it will be some time before the appropriation could be received by the general government by which to extend the city free mail service to Fairmount, which is now in the city limits.

## MARCH CAME IN LIKE A LION

Snow and Rain Ushered in the First Month of Spring.

March is usually counted the first month of spring, but the first day has been a regular genuine old-time, Oregon winter day. The rainstorm which has raged for the past week with more or less fury during that time, turned to snow this morning, and hardly before anyone knew it the ground was covered with half an inch of "the beautiful". It all disappeared, however, later in the day and things resumed their normal condition. If the old saying that "when March comes in like a lion it goes out like a lamb" holds good, we are assured of some splendid weather in the latter part of the month.

We had better have the bad weather now than late in the spring, so let it come.

## Editor in Trouble.

Miss Mary K. Brookes has brought an attachment suit in the circuit court here jointly against her father, H. H. Brookes, and W. C. Conner, respectively editor and ex-editor of the Roseburg Plaindealer, to recover \$327, principal and interest on a promissory note, together with additional interest at 10 per cent, from Feb. 10, 1901.—Roseburg Review.

## MALARIA AND YELLOW JACK

(From N. Y. Herald, January 14, 1902.)  
"The widow of Dr. Lazear, who, in the employ of the Government, went to Cuba, was inoculated with Yellow Fever through mosquito bites, and died, applied to Congress for relief to-day."  
The above tells of the sad culmination of a series of experiments by the Government, all of which proved conclusively that the familiar mosquito is a dangerous vehicle for carrying Malaria, "Yellow Jack," and other malarial fevers.

Those who are exposed to mosquitos or other malarial influences should take warning. Iron is the fighting element in the blood and provides nature with sufficient resistance to ward off disease. But if the blood is impure or impoverished, or if there is weakness, it means that the fighting qualities of the blood have been lowered, and consequently there is danger. If you would escape, keep the blood pure and properly nourished with

## Dr. Harter's Iron Tonic

It supplies the blood with iron in a natural way. It is recognized everywhere as the best blood purifier and tonic in use, and it has been used for half a century.  
Houston, Tex., Aug. 1, 1901.  
"I have used Dr. Harter's Iron Tonic myself and in my family for over twenty-five years, and can heartily recommend it. I regard it as particularly valuable to ward off malarial and other fevers."

## MATRIMONIAL MARKET DULL

Only Ten Licenses Issued February Compared With 22 in January.

The records at the county clerk's office show that February is a dull month in the matrimonial market. During the month just past only ten marriage licenses were issued in Lane county. This, however, is better than in February, 1903, when only eight were issued. During the month previous to February this year there were 22 issued. Following are the lucky couples for last month:

- Feb. 1—James A. Cox and Henrietta Smitson. Adam Schmitt and Julia Weeks.
- Feb. 3—James W. Key and Lulu L. Walters. Joseph H. Fowler and Carrie E. Richardson.
- Feb. 4—D. M. Parkerson and S. J. Tracer. W. J. Howard and Ada Hogan.
- Feb. 9—T. C. Luckey and Maude Cheshire.
- Feb. 10—G. L. Grigsby and Deasie Lehman.
- Feb. 20—G. C. Millett and Hattie Darrow.
- Feb. 23—William Austin and Addie Buss.

## SALEM'S BASEBALL MANAGER

Today's Statesman: At a meeting of the board of directors of the Capital Amateur Athletic Club, held last evening, a contract was closed with Harry Edmondson, recently from Santa Barbara, California, who will manage the Salem baseball team during the coming season. The new manager has an excellent ball record behind him, and was recommended to the local club by A. A. Anderson, who played the position of catcher with the Portland Browns last season, and has recently signed with the Little Rock, Arkansas, club. Mr. Edmondson is a professional ball player and can hold down any position on the infield outside of the pitcher's box. He has an excellent reputation as manager of ball players, and promises to put a team into the field that will prove a winner. He has a large number of first class players in view and will at once be in the work of selecting his men.
