

NOMINATING CONVENTIONS

Call for Meetings in Three of the Four Wards.

For Nomination of Councilmen --Calls Not According to Law--May Nominate By Petition.

As will be noticed in another place in today's Guard, there are calls for conventions in the first, second and third wards for the purpose of nominating non-partisan candidates for city councilmen, to be voted for at the municipal election in April. The meeting of third ward voters is called for tonight at 7:30 o'clock in the city hall, the first ward meeting is to be held tomorrow night at the East Eleventh street clubhouse and the second ward meeting tomorrow night in the city hall. There has yet been no call for a fourth ward meeting.

NOT ACCORDING TO LAW. These calls were made with the understanding that the new election law requiring that nominations be filed 30 days before the election, is being complied with, but the Guard is informed by those who have studied the law that the proceedings are irregular, in that the notices of the nominating conventions were not made from seven to ten days previous to the meetings.

NOMINATE BY PETITION.

If the nominations which are intended to be made tonight and tomorrow night are decided to be illegal because of the non-compliance with the law in the above respect, candidates can be nominated by petition 15 days before the election. This will be done anyway in the case of city recorder and city treasurer, the only officers to be elected beside councilmen.

Arrangements are being made for another bowling contest between the Alico Club of Albany and Eugene Commercial Club to be held at the local club house Saturday evening. NOTICE TO TAXPAYERS.

Sheriff's Office, Eugene, Oregon, Feb. 16, 1904. Only the taxes for 1903 will be collected during the year 1904. At the last special session of the Oregon legislature the tax law made in 1901 was re-enacted and said law will be in force for the collection of 1903, taxes and in substance it is as follows, to-wit:

1. If you pay your taxes in full on or before March 15th you will be allowed a rebate of three per cent.
2. If you pay your taxes between March 15th and up to and including the first Monday in April, there will not be any rebate and neither will there be any penalty or interest added.
3. If at least one-half of your taxes are not paid on or before the first Monday in April, will become delinquent, when there will be added a penalty of ten per cent, and the tax will also draw interest at the rate of twelve per cent per annum in addition to the penalty.
4. If you pay one-half of your taxes on or before the first Monday in April, then the remaining half may run up to and including the first Monday in October following; but if the last half of tax due is not paid by the first Monday in October, it becomes delinquent, and there will be added to such balance, a penalty of ten per cent, and in addition, such balance will bear interest at the rate of twelve per cent per annum from the first Monday in April until paid.
5. On all personal property taxes, if one-half is not paid on or before the first Monday in April, the law compels the sheriff to levy upon and collect the same after May 1st, hence to prevent a levy upon personal property after May 1st it will be necessary for one-half to be paid as above stated.
6. The law compels the sheriff to sell all lands on which taxes have not been paid and that such sales shall not be held later than March 1st of the year succeeding the year in which the tax levy is made.
7. The property will be sold to the person bidding the lowest rate of interest, and certificates will be issued therefor, and deeds given to such property sold, unless redeemed within three years from the date of such sales.
8. The 1903 Assessment Roll will be opened for the collection of taxes thereon February 23, 1904. I remain very respectfully yours, FRED FISKE, Sheriff and Tax Collector.

EXTENSION OF SEWER

Jefferson Street Sewer Will Be Extended From Eighth to Twelfth Street.

The sewer committee of the city council is taking steps to extend the Jefferson street sewer, which was constructed last summer, from West Eighth street south to West Eleventh or West Twelfth street. City Surveyor Collier will at once survey the route of the proposed extension and will also make surveys for laterals in the alleys extending east and west from Jefferson street. The sewer committee will ascertain the cost of the proposed extension and submit the matter to the city council at its next meeting. The council will undoubtedly order the extension made, as it is necessary that the large amount of surplus water in that part of the city be drained off. Residences in that portion of the city are going up thick and fast and some sort of drainage is absolutely necessary. A line of drain tiles will be placed along the sewer pipes and catch basins for surface water be placed at intervals.
