## THREE WARDS FOR LICENSE

### The First Ward Went Strongly For Prohibition.

### Carnegie Library and Water and Light Plants Propositions Carried by Rousing Majorities.

As stated by the Guard yesterday, an unprecedented vote was cast at the municipal election yesterday and there was more excitement than has occurred at a similar election here in years.

The saloon license ticket was successful in all wards except the first, which has always had a big temperance majority.

To the delight of the majority of the citizens of the city, the Carnegie library and municipal ownership of light and water plants propositions carried by great majorities.

It will be seen by adding up the total vote on councilmen in all four of the wards that the temperance forces cast more votes than the saloon license forces, the first ward vote counterbalancing the license majorities in the other three wards. ### The Flower Thief.

What sort of a heart is it that will permit the young boy or girl to sneak in premises, under cover of darkness, as if he were doing an act that he would be ashamed to commit in broad daylight, and strip a flower bed of its blossoms? A flower bed which, perhaps, some aged or decrepit old lady has faithfully labored to bring to perfection that she might enjoy a few of the beauties of nature that age prevents her going out and beholding elsewhere than in her own yard. Shame on the youths who will and have committed such sneaking thievery. Why not come up in the light of day and ask for the privilege of taking what you are too indolent to cultivate, and thereby save yourselves from breaking the commandment, which says, "Thou Shalt Not Steal."

## ROAD AND STREET IMPROVEMENT

### Driving Association Will Ask Council and Court to Improve Sixth Street and Blair Road.

The Eugene Driving Association will hold a meeting Thursday evening at 7:30 o'clock in the real estate office of Geo. G. Gross, in the theatre block. Considerable business of importance will be discussed, including the matter of asking the city council to improve West Sixth and Blair streets, and the county court to improve the road leading from the city limits to Bangs' Park. These are the thoroughfares traveled in reaching the park and at present they are not in the best of condition, but with a small expenditure it is thought they can be improved to a considerable extent.

## DAN TARPLEY INDICTED

### Prominent Salem Speculator Has Troubles—In the Timber Fraud Ring.

Dan J. Tarpley went to Portland this morning, in answer to a summons from United States District Attorney Hall, informing him that he had been indicted by the United States grand jury, now in session in that city, says yesterday's Salem Journal. Mr. Tarpley, when seen by a Journal reporter, said: "I do not know the nature of the indictment, but suppose that it is in some way connected with the timber land business. I will give my bonds when I arrive in Portland, and wait trial."

Tarpley did not appear to be worried over his indictment, and had his usual smile and genial way with him.

The history of the operations of the McKinley timber land people is well known throughout the state. McKinley, Miss Marie Ware, Puter and a Mrs. Watson were arrested for fraudulent practices in entering land, and the indictment of Tarpley is not a surprise to those acquainted with the past relationship of the parties. The specific charges against Tarpley are not known, but it includes the transactions of the so-called timber land ring, which operated chiefly in Linn and Lane counties.

Mr. Tarpley is a practicing attorney at law, and is well known in this city, where he has resided for a number of years. He has many friends in the valley, and they appear to be confident that Tarpley will come out clear of any charges.

After some difficulty the train was stopped some distance below town and when the boys came up with it Dave, who possessed a supple, graceful figure, climbed aboard easily, but alas for Rolly; he tried in vain until at last the negro porter bethought himself to hand him down a stout chain and his troubles were quickly ended. Don't let this discourage you from coming again, little boy.

### John. H. Shupe Dead.

## BASEBALL AT THE UNIVERSITY

An effort is being made to organize a baseball team at the university, and a meeting was held at the gymnasium this afternoon to see about the possibilities. There are a number of men at the university who are interested in the game and who will not take part in other forms of spring athletics. A challenge has been received from the Hill military academy for a game next Saturday, but a game at that early date is not desirable and will probably not be played.
