

THE TEAM AT PRACTICE

Good Crowd of Fans Out to the Baseball Park.

The Diamond Is Being Put in Shape Under Direction of Al Holden--Baseball "Dope."

Daily Guard April 25 A good sized crowd of fans went out to the South Side park yesterday afternoon to watch the Blues practice. It was intended to have a practice game of some sort yesterday, but owing to the rainy weather it was impossible to get the diamond in shape.

A good many of those at the grounds yesterday had never seen the boys in action before, and were delighted with the way in which they handled themselves.

Schofield, one of the southpaw pitchers, arrived from California Sunday morning and donned his uniform and warmed up with the other players in the afternoon. He has the appearance of being every inch a ball player and has a good delivery. Little Briseno, the crack shortstop, promises to be a favorite with the fans. He is a good batter, is quick of motion and always sure of his ball. He is the smallest man on the team. Romer, the left-handed pitcher, is not much bigger, but he is there with the goods at all times. Like Somers, he is a good-natured fellow, and plays with a broad grin on his face.

In the person of Dewling, third baseman, formerly utility man with San Francisco's Coast League team, the Blues have a pipkin. To watch him in action is to know that he is a player of high order. It is a pleasure to watch Heine Keltz, the veteran ex-National Leaguer, in action. There is not a better all-around player in the whole league. He will show them all how the game is played. Radford, the tall first baseman, is another player who forms a part of an infield which is going to appear almost invincible.

In DuShane, Ordway, Harper and O'Day the team has a lot of fielders that are going to be hard to beat. We all know Somers, the popular twirler, who was conceded to be the best man in his position in the entire league last year. Eugene fans are also pretty well acquainted with Catcher White, who played with Roseburg last year. White is heavily built, has a splendid throwing arm, and is an excellent stickler.

A. Holden now has charge of the work of getting the grounds in shape for the opening of the season Thursday. The indications are that while the diamond will not be what is desired it will be in fairly good shape. The Blues are not going to have a walkover with Vancouver. The soldiers had done nothing else but practice all spring while the Blues have had no real practice at all.

The game Saturday afternoon at Cottage Grove between the Cottage Grove and Eugene high schools, in which the latter won by the score of 12 to 5, as given by the Guard Saturday evening, was attended by a large and enthusiastic crowd of spectators. The game was a good one, there being but few errors, of which only two were credited to Eugene. Taylor and Martin were the battery for Cottage Grove and Crow and King for Eugene. Shirk, Cottage Grove's centre fielder, distinguished himself as being the best all around player on the team. Eugene scored thirteen hits off Taylor, but Crow held his opponents down to seven.

Saturday afternoon the I. C. E. club was defeated by the Central school team by the score of 18 to 14.

The Vancouver league team was defeated Saturday by Columbia University, of Portland, by the score of 7 to 4.

Salem's College team defeated the Mt. Angel College team Saturday by the score of 16 to 0, and again on Sunday 21 to 1.

Coast League games--Saturday: Seattle, 4; Portland, 2; Los Angeles, 3; San Francisco, 2; Oakland, 3; Tacoma, 2. Sunday: Seattle, 3; Portland, 2; Oakland, 7; Tacoma, 2. Second game, Oakland, 2; Tacoma, 1. Los Angeles, 5; San Francisco, 3.

Attorney L. T. Harris is counsel for Captain Williams, and Attorney L. Blyen for Lieut. Babb and Privates Ora and Wade Wilson.

made by members of the order. The Eugene brass band will entertain the occasion with music.

The public will be made welcome to the after-dinner exercises.

Florence Clippings.

C. W. Horner, a representative of the Eugene Guard, has been looking after the interests of that paper in this vicinity this week.

The schooner John F. Miller was towed out to sea Tuesday morning and left for San Francisco with a cargo of lumber.

Last Saturday evening a fire started in Captain Johnson's house in the floor under the range, but fortunately it was seen and extinguished before much damage was done.

The schooners Bender Bros. and Albion, which left March 28th with cargoes of lumber for San Francisco, arrived here again last Friday, having made the round trip in seventeen days. Pretty quick time for sailing vessels.--The West, April 22.

Found Lost Coins.

It will be remembered that three hobos were caught here the middle of last week and taken to Cottage Grove to answer to the charge of robbing Pape's saloon, in that city. The robbers took some souvenir coins and several dollars in nickels which they obtained from a slot machine. When they were searched after their arrest here some of the money and a number of articles from the saloon were found in their possession, but the souvenir coins were missing. Chief of Police Stiles was confident the fellows dropped the coins somewhere while they were running from the officers, and spent some time each day looking for them. On Sunday morning he was rewarded by finding a small tobacco sack containing the coins and several dollars in nickels. It was found between the fence and sidewalk on Oak street, near B. F. Morris' residence.

Bright's Disease and Diabetes News.

Law Office of Henley & Costello, San Francisco, April 16, 1904. To the legal profession of Oregon:

I was a witness to the following: About two years ago Prof. Yost, of Palo Alto, was in an extreme condition due to advanced Bright's Disease, came to my office. He was attended by his physician, who was himself a victim of diabetes. The object of the visit was to meet a prominent business man who had for months been investigating an alleged cure for Bright's Disease and Diabetes, and hear his verdict. He declared that the claims were fully proven and that the cure had been discovered. Both Prof. Yost and his physician at once adopted the treatment. Within six months both were so well along towards recovery that they considered themselves beyond danger, and at this date neither Bright's Disease nor Diabetes hold any terrors for them, and the physician is successfully using the treatment in his practice. Learning that my old law partner, Judge R. R. Bigelow, for many years Chief Justice of the State of Nevada, had Bright's disease, and that though he had had four or five of our best physicians, yet he had to give up practice and was in a serious condition, I lost no time in telling him of the above. It resulted in his complete recovery and he is again back to active practice. As to the curability of chronic Bright's Disease and Diabetes I have no more doubt about it than that I am living. Sincerely yours, BARCLAY HENLEY.

The above refers to the newly discovered Fulton Compounds the first cures the world has ever seen for Bright's disease. Ask for pamphlet, LINN DRUG CO., Eugene, Or.

Prof. Washburn.

Prof. F. L. Washburn, formerly of the University of Oregon, state entomologist of Minnesota, has recently sent to the U. of O. his second annual report, the eighth of the series, for 1903, an illustrated, bound volume of 184 pages, entitled "Injurious Insects of 1903." A special report, just received, was issued by him in February on the "Mediterranean Flour Moth," an illustrated pamphlet of 31 pages, containing very important information for the millers of Minnesota, chiefly the results of interviews with practical millers.

HIT ON THE HEAD BY A ROCK

W. H. Marden Sues T. E. Andrews For \$1050 Damages for Injuries Received.

Sunday forenoon W. H. Marden and T. E. Andrews, recent arrivals from the east, became engaged in a quarrel over some property matters while standing on the street in the vicinity of the corner of East Seventh and Oak streets, ending with Andrews picking up a big rock and throwing it at Marden, striking the sidewalk in front of him, and in bouncing struck him squarely between the eyes. The rock was thrown with great force and made a bad cut, disfiguring Marden's face pretty badly. Dr. F. E. Selover attended the injury.

Instead of instituting criminal procedure against Andrews, as is usual in such cases, Marden has commenced suit in the circuit court against him for damages in the sum of \$1050, alleged to have been incurred by reason of the great pain and suffering caused by the assault and for the expense in employing a physician to dress and care for the wounds. Walton & Neas are Marden's attorneys.

Telephone Man Here.

J. H. Thatcher, superintendent of the Pacific States Telephone and Telegraph Company for Oregon, is in the city today in the interests of his company. He is interviewing business men and city officials in regard to the letting of a franchise to an independent telephone company which would operate in opposition to the present telephone exchange.

Has Taken a Partner.

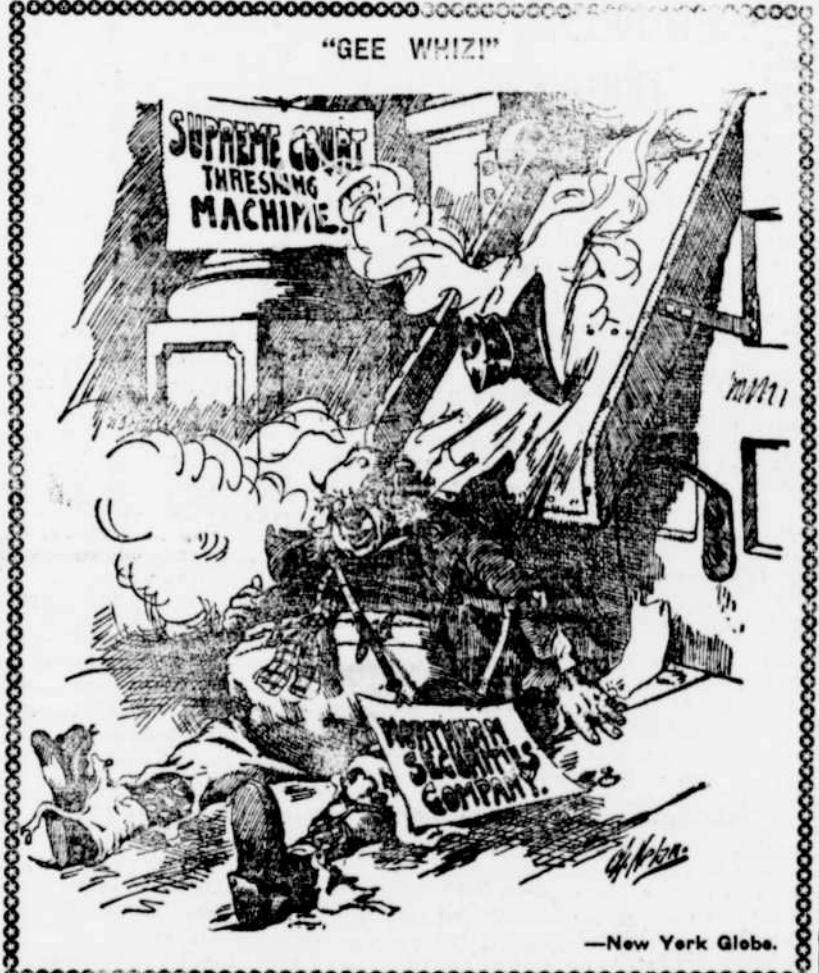

J. M. Martin, the well-known manufacturer of brick, with extensive yards three miles west of Eugene, has taken a partner in the business in the person of J. J. Mack, who is a young man of excellent business ability.

J. A. Mothersbaugh, owner of the Troy laundry which was destroyed in the fire Monday morning, has secured the building opposite Buzzer's iron works on East Eighth street, and will resume business as soon as machinery can arrive from Portland. He will have an office down there.

There were 27 candidates for sheriff on the Republican ticket in Crook county. Only one man was elected.

Tom Word, an old-timer in the Democratic nomination for sheriff of Multnomah county, who is said every drummer in Portland is using his influence for him, besides he is competent and all right usually.

ODD FELLOWS' ANNIVERSARY

Spencer Butte Lodge Will Celebrate 85th Birthday of American Order Tomorrow.

Eighty-five years ago tomorrow, April 29th, 1819, five members of the Manchester Unity, a branch of English Odd Fellowship, from which it had succeeded on account of too convivial habits of the membership of those days, met in Baltimore, Maryland, and organized the Independent Order of Odd Fellows. From this small beginning Odd Fellowship has grown till its grand lodge reports show a membership of more than a million, with disbursements for the relief of sick and unfortunate members running well up into the millions.

EUGENE LODGE TO CELEBRATE

Tomorrow lodges of Odd Fellows all over the United States will celebrate the day of the humble beginning of the now mighty order. At noon the members of Spencer Butte and Rebekah lodges will march from their hall to the park, where a dinner will be spread, after the discussion of which short speeches will be
