DOUGLAS TO STAY ON STATE TICKET

Yesterday's Telegram: S. M. Douglas, of Eugene, will remain on the Democratic state ticket and make the run for state dairy and food commissioner. His acceptance of the nomination was telegraphed to the secretary of state yesterday, and by him accepted as legally filed. Word to this effect was received this afternoon by Secretary John B. Ryan, of the state central committee, from Chairman Sweek, who is today in Salem on business of a political nature.

Heretofore it has always been the custom to file acceptances concurrently with the filing of nominations, 45 days before the date of election. John B. Ryan looked in a lawbook and concluded that all fears about Douglas' predicament were groundless and unfounded, for from the standpoint of Mr. Ryan's legal eye, an acceptance may be filed any time within 30 days before the election, as long as it is lawful to effect a nomination by petition.

Accordingly, he advised Mr. Douglas to telegraph his acceptance to the secretary of state yesterday, which

was done and the acceptance accepted.

Mr. Ryan says that had this not been the case there would have been enough names on the petition for his nomination, anyway, and that he had intended to forward the petition to Salem tonight. The turning out of things as they have merely saved him a little trouble, established a precedent in the filing of acceptances and Mr. Ryan is happy.

Mr. Douglas was absent from home when nominated by the Democratic state convention, and was not advised of the action of that body until after the 45-day limit before the date of election.

It was then thought that the acceptance could not be legally filed, and that he would have to be nominated by petition.

FRANK HAWK'S DEATH

Particulars of the Terrible Accident at Portland.

He Was Coupling Two Passenger Coaches and His Head Caught Between the Platforms.

The particulars of the tragic death of Frank Hawk at Portland yesterday, the news of which was given in last evening's Guard, are printed in the Journal of yesterday as follows:

"The life of F. B. Hawk, a brakeman, was instantly crushed out this morning at the Southern Pacific station at the foot of Jefferson street. The Southern Pacific train from Dallas arrived about 10:30, and after the passengers had left the train it was decided to go around in the rear of the station and pick up a coach that was on the track.

"The engineer, B. Casey, gave the signal and the engine, with one coach attached, backed up the track. The first time it failed to couple the coaches, so the engineer gave another signal and started to back again.

"Casey saw him, but was powerless to do anything. When picked up his face had been crushed between the platforms of the cars so that it was almost unrecognizable. Casey was the only witness to the accident. Deputy Coroner Finney took the body to his undertaking establishment. Casey was exonerated from blame.

"Hawk was about 23 years old and leaves a wife and child living on East Iweith street.

The body of Mr. Hawk will arrive on the 1:15 train tonight from Portland, and the funeral services will be held at the residence of Phil Miller, on West Clark street, tomorrow at 3 p. m., with interment in the I. O. O. F. cemetery.
