Eugene	8	4	.666
Roseburg	4	7	.363
Vancouver	3	8	.272

Daily Guard May 16  
Manager DuShane and his Blues arrived home this morning from Roseburg, where they lost three out of four games to the Shamrocks. They have no excuses to offer except that in the first two games the men played out of their positions on account of the loss of Reitz. Terry McKune, the new second baseman, played in Saturday's and Sunday's games, and made a hit from the start. He plays a splendid game. Willie O'Day will be with the team for the next series, which will be played with Albany, the Vancouver team having been transferred to that city, as announced elsewhere in this paper. The score of Sunday's game follows:

## Saturday's Game.

(Guard Special Service.)  
Roseburg, Or., May 15.—Eugene simply outclassed Roseburg Saturday. At critical times the teamwork of the Blues was of major league calibre. Romer pitched elegant ball and his support was of the highest order. McKune, at second, added 25 per cent. to the strength of the team. Clynes' home run over the right field fence was a screamer. The score:

The Salem Journal and the Roseburg papers are printing the standing of the State League clubs wrong. Get right, fellows, get right.

The transfer of the Vancouver team to Albany gives satisfaction all around. Vancouver is too far away, entailing a large expense in car fare for the players.

Const League scores: Saturday—Tacoma, 2; Portland, 0; Seattle, 7; San Francisco, 2; Los Angeles, 7; Oakland, 3. Sunday—Portland, 7; Tacoma, 2; Oakland, 8-3; Los Angeles, 5-6; Seattle, 6; San Francisco, 3.

## ALBANY SECURES VANCOUVER TEAM

Final Arrangements to That Effect Made.—Eugene Plays There This Week.

Albany, May 15.—Albany has secured the Vancouver team of the State League, and it will be transferred to Albany this week. The first games will be played on the Albany diamond next Thursday, with Eugene. The attempt to bring the team was abandoned Saturday morning, but in the afternoon Manager Preble, of the Vancouver, was here and a party of baseball enthusiasts closed an agreement for the transfer here of the team. A new name has not been selected as yet, but one will be decided upon shortly. The team is under the national association. The percentage will begin from this city, the past games dropped.

## COMPANY A WON FROM COMPANY C

At the South Side Park Sunday afternoon Co. A's baseball team defeated a team from Co. C by the score of 22 to 13. A large crowd was in attendance, and while the game didn't quite equal the league games, there was lots of excitement. The score by innings:

Co. A: 1 9 4 0 4 1 2 0 1-22  
Co. C: 2 0 4 2 0 3 0 1 1-13

Batteries: Co. A, Hayes, Gaby and Gibbs; Co. C, Jensen and Crow.

## Girls' Baseball Team.

Albany Democrat: The girls of the eighth grade of the high school have organized a baseball team and are preparing to defeat some

boys' club. The club is composed of Essie Hale c, Carma Knox p, Constance Alexander, Hilda Carter, Vida Cornett on the bases, Lillian McGreaty ss, Verna Kelly, Minnie Hinrich and Grace Scott in the field; Harry Moe is captain and Verna Burkhart official umpire.

## Patterson Team Lost.

The Patterson school baseball team, of this city, was defeated by the Young C. M. A.'s at Cottage Grove Saturday afternoon by the score of 10 to 8.

## VANCOUVER WON FROM SALEM

(Guard Special Service.)  
Salem, May 15.—Vancouver succeeded in winning the last game of the series from Salem Sunday afternoon in an exciting eleven-inning contest, the score being 8 to 7. By innings the score was:

Vancouver: 0 0 1 0 5 0 0 0 1-8  
Salem: 2 0 0 1 4 0 0 0 0 0-7

## Note and Comment.

It must be humiliating to the average Republican who is old enough to vote and has the sense to know how to vote, to have it constantly dinned into his ears and kept before his eyes in Republican papers to vote for Hermann for congress and every mother's son of the Republican county nominees and that a vote for any Democrat this year is a vote against Roosevelt. Do they take their Republican voters for cattle that can be driven by the crack of the whip that they thus seek to load the whole combination on the back of the president? Does it make any difference to Roosevelt who is elected constable in Hazel Dell precinct or coroner of Lane county? It is a singular confession of weakness that the local Republican paper while claiming Lane county Republican by a thousand majority or thereabouts, should continually appeal to partisanship rather than fitness of candidates.

Chicago has some pretty good-sized retail stores. One sold there Saturday for \$5,000,000, the Schlesinger & Mayer business.

It is too bad that any Republican who has reason to search the Republican county ticket in the June election may not do so, according to the Register, without metaphorically hitting President Roosevelt a joint between the eyes. Do you believe it does the Register believe it?

## A Deserter Caught.

Albany Democrat: A U. S. soldier in B Co., at Vancouver, enlisted under the name of Norman Scott, aged 24, 6 feet high, deserted from the barracks in February. He had deserted twice before, and was chained to the floor. A saw was gotten to him. He sawed the chain and fled into Eastern Washington and then down the valley to Albany and up the Lebanon wagon road.

Sheriff Huston had his description and followed him, catching him at the Mountain House, bringing him to Albany, and tomorrow morning will take him back to Vancouver. His assumed name is tattooed on his right arm, also the initials of his right name, W. J. R., and W. J. W., with a flag. On his right leg is a picture of a Japanese woman with a coat of arms. He admitted his guilt. The fellow has had a world of experience. The catch is a good one.

## Spring Cemetery Work.

The sexton of the Eugene I. O. O. F. cemetery is doing the usual spring work cutting the grass and removing mounds of earth left after billing graves. Individual lot owners in many instances are also putting their lots and graves in better condition, while as usual at this season of the year new monuments are being added to the grounds. The cemetery will show splendidly by Decoration Day.

## Big Rattlesnake.

St. Clair Thomas and Ray Fountain, two students of the university, while on a tramp over the Coburg hills Saturday, killed a rattlesnake which measured 42 inches long, six inches in circumference and had nine rattles. They skinned the reptile and will have it mounted.

## Off for Manila.

Daily Guard May 16  
Geo. N. Anderson, a student of the University of Oregon, who recently received a government appointment as a school teacher in the Philippine Islands service, left on today's train for San Francisco, from which place he will sail on Thursday morning for Manila. Mr. Anderson will join D. G. Gunnell, also a student of the U. O., who received a teacher's appointment, at San Francisco, and they will sail together.

## Accidental Shooting.

On Saturday afternoon the ten-year-old son of Mr. Hilton was accidentally shot in the breast with a small-calibre pistol by his brother while at play at their home on the river road eight miles from town. A physician was called, who found the wound to be slight, the bullet not penetrating to any extent.

## WAR IS NOT POPULAR

Few Russian Country People Know That a State of War Exists.

St. Louis, May 15.—Prince Oukhtomsky, editor of the St. Petersburg Weidomosti, who is here to represent Russia at the press congress, in discussing the Russo-Japanese war today declared that the present war is not popular in his country, because few people outside of the government, army and navy, and residents in large cities know there is a war. News of Russian reverses sooner or later will reach the general populace, when the war become unpopular. He says that Russia will send millions of troops into the field when the necessity arises. Talk of peace is all idle. He says that there will be none until Russia asserts her supremacy in the territory at stake.

## Pope Offends.

Berlin, May 15.—The Rome correspondent to the Koelnische Zeitung writes that the Pope has offended the German, Austrian and Prussian emperors by expressing too much sympathy toward the Poles.

Sherlock Holmes probably would have been able to tell at a glance just how Veronica Jeffrey came to her death in the "Moore house" and who was the guilty person. But we confess Anna Katharine Green, in her new detective story, "The Filigree Ball," kept us guessing until the precise point near end of the tale when she wished to let us know just who committed the crime. When the mystery was cleared up—we shall not indicate here the way the story turns out—we had more thrills than one could hope to expect from a detective story written in these days.
