

### Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

HERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

### WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

### EDWIN HOBSON NO FUGITIVE

### Has Never Had Papers Served Upon Him by U. S. Officers.

### He Has Not "Mysteriously Disappeared" but is Visiting in the East—Asserted That Officers Do Not Want Him.

The many friends of Edwin Hobson resent the imputation made by the United States authorities at Portland that he has mysteriously disappeared to avoid appearing as a witness for the prosecution in the McKinley-Ware-Puter land fraud case, the hearing of which has just been postponed until next fall.

The facts of the case are these: That Mr. Hobson has never been served with papers citing him to appear as a witness in the case. That he is simply on a trip to the East to make a visit to his old home and is not trying to dodge the United States authorities.

Mr. Hobson is too well known as an honorable and upright citizen for his friends to believe that he has purposely disappeared in order to help further the cause of McKinley, Puter and Miss Ware in their fight

### STREETS OF EUGENE LIBELED

### Salem Journal Says Circus Wagons Mired Down in the Streets.

The Salem Journal of yesterday perpetrates the following libel on Eugene's streets:

"The Norris & Rowe circus train reached Salem shortly after noon today, and the delay is accounted for by the fact that the wagons of the show mired down in the streets at Eugene at an early hour this morning, while moving from the show grounds to the train."

If the managers of the circus gave out the above information, they will certainly be accorded a very cool reception the next time that they come here. No wagon of any kind was ever known to mire down in any street of Eugene. The fact of the matter is that the advance agent of the circus selected the worst place he could find for show grounds. The soil in that field is black adobe, and when it gets wet it is almost like so much molasses. The heavy wagons of the circus became mired down in this field, and not in the streets, as stated by the Journal. Eugene has the best streets of any city in Oregon, and such libelous statements naturally do not set well with the people of this city.
