

CLEVER WORK WON

Briseno's Playing Was a Feature of Yesterday's Game.

Albany's Team Will Be Further Strengthened--That City Promises Good Support for the League.

(Guard Special Service)
Albany, May 19.—The baseball season was opened in Albany yesterday with a great game between the new Albany State League team and the Eugene Blues. Business was suspended for the afternoon and a large crowd was in attendance. Eugene played an errorless game, and won out in the eighth by clever work in the hit and run and bunting line. Briseno's work at short was a special feature. For Albany, Gregory's cleverer pitching caught the fans. Manager Preble will give Albany a good team. Jimmy Sullivan, of San Francisco, a third baseman, joins the team today. From present indications Albany will be one of the best drawing cities in the State League.

NO GAME TODAY.
No game will be played between Eugene and Albany today, on account of the circus being here.

Note and Comment.

The principal argument being used over the congressional district for the return of Binger Hermann to Washington is that the district is heavily Republican and, by the way, that is the cry here in Lane county. "Don't vote against a man on the ticket as the county is strong Republican and Republicans are entitled to the office." Nothing is said about the fitness of the men—the best men for the place.

Now the St. Petersburg government has issued an order for the formation of a balloon corps for use in the far East. About the only way they can get away from the troublesome Japs, we suppose.

The Western Union Telegraph Company, by discontinuing its collection of racing news with accompanying service to pool rooms, has seriously crippled a monstrous evil that has done untold harm, ruined not only its thousands, but tens of thousands of men, cost life in hundreds of instances, and untold misery and suffering to numberless wives and innocent children. What legislation law has failed to accomplish, this decisive action of the great telegraph company does at one stroke. Without the almost instant news of the races, gambling on them by bets and single chances as they occur must cease. The money taken will be longer held and not so hot news. It is not probable that any combination can be formed to take the place of the telegraph, which the good people of the

The Register has probably interviewed ex-Sheriffs Eakin and Shelley, at least it has quit having its prospective sheriff, "Joe" Stiles, riding about the county doing cheap deputy work, while some "competent deputy," as the Register promised, should be doing the important and responsible office work—maybe "doing" "Joe" Stiles, or rather his bondsmen.

"Brown's in Town."

"Brown's in Town," a clever farce absolutely headed by an excellent company, comes to the Eugene theatre May 25. The farce is by Mark Swan, and is written in the author's happiest vein with a view of what the public likes. It abounds in sparkling music, pretty dances and repartee, and goes with a laugh from start to finish. The company is spoken of highly wherever it has been and is composed of only the best talent, among them are Gilbert Tossick, George Derry, J. R. Bartlett, Ernest Lenore, Jack Beach, Christine Prince, Leah La Force, Annette Humphreys and others.

Sawmill Closed.

The sawmill of Long & Bingham, of which I. H. Bingham, Republican nominee for representative, is part owner, has been closed down by the sheriff on attachment proceedings instituted by the creditors of the firm. This is an important industry, and its closing down cripples the prosperity of the southern part of the county. The firm expects to settle with their creditors soon and reopen the mill.

FOOTBALL RULES CHANGED FOR '04.

National Committee Make New Rules for the Game Next Season.

The national committee on intercollegiate football, at its recent meeting in Philadelphia, made the following changes in the rules for next fall:

Goal from field to count four points, instead of five.

Six men must be in the line of scrimmage at all times. If seven men are in the line when the ball is snapped, the first man to receive the ball from center may run with it, providing he goes outside the second man from center—that is, the tackle.

Team which is losing can have choice of kick off or the wind, but cannot have both.

The team which loses twenty yards by penalty is not to be given first down.

Die!

At Wendling, Or., May 14, 1904, of asthma and old age, Charles W. Chapin, formerly of New York state, aged 89 years. The deceased was attended during his last illness by his son, and another son from Marion county was present at the funeral. Services were held at Wendling, conducted by Rev. E. Gittins, and interment took place at the Marcola cemetery. Beautiful floral offerings were furnished by kind friends at Wendling.

Our Serial Story.

The first installment of "The Filigree Ball," the serial story which will be run in the Daily Guard from today on, begins on page three and is continued on page six of today's issue. By mistake the line designating on which page the story is continued was left out.

Fairmount Items.

Fairmount, May 19.—Peter Nye and G. F. Janson have commenced work on Frank Chambers' fire place at his new residence out by the river.

There was a pleasant card party at Grant Knight's Tuesday evening.

Rev. A. E. Wheeler is down from Fairmount to tend his garden. He expects to move his family down the last of May.

A couple of Latter Day Saints were here last Saturday and held meetings Sunday evening. They had a good attendance. The speakers were Elders Carry, Graham and Janson. Elder Carry has gone to Grant's Pass and Elder Graham to Ashland.

Driving Association.

Important business is come up at the meeting of the Driving Association held at the hotel last evening at 8 o'clock.

SUDDEN DEATH OF PIONEER

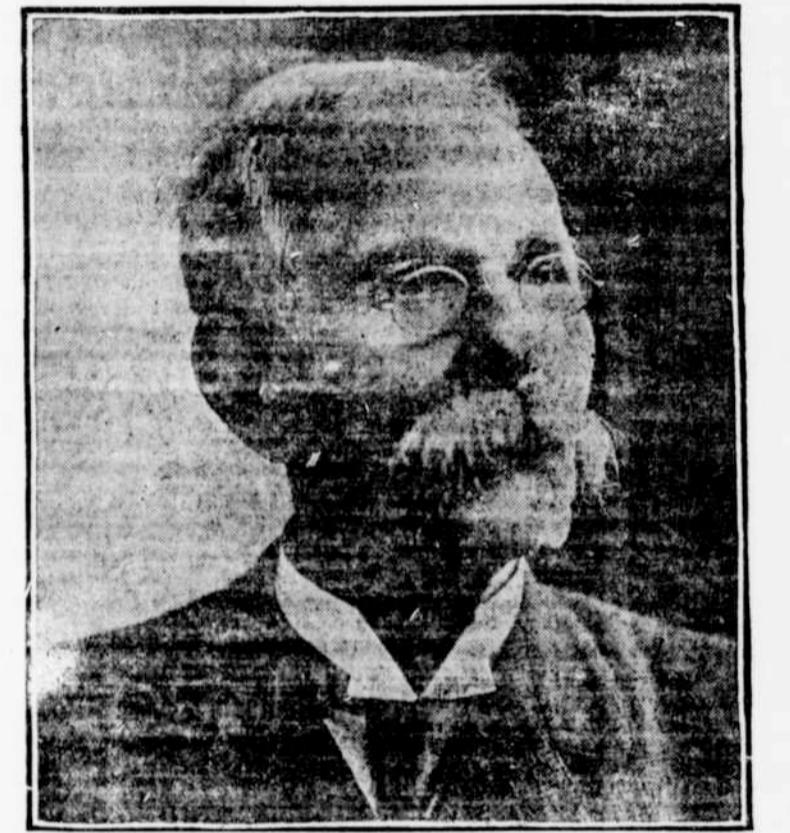

Albert Cartwright Died From Heart Trouble This Morning.

Was in Apparent Good Health Until a Few Minutes Before He Expired--Lived at Monroe.

Albert Cartwright, an old pioneer of Monroe, died suddenly this morning about 8 o'clock at his room in the McGuire lodging house on Ninth street from heart failure.

The old gentleman was alone when death came. His groans attracted the attention of another roomer, who called the landlord and together they broke into the room, to find the man gasping his last breath. He was lying across the bed, fully dressed, with the exception of his coat, which was wrapped around his legs. Dr. L. W. Brown was called at once, but the old man was beyond the power of medical assistance. The body was taken directly to Gordon's undertaking parlors, where it was cared for.

Mr. Cartwright came to Eugene

DR. MANUEL AMADOR, PANAMA'S FIRST PRESIDENT.

Dr. Amador, the first president of the new republic, is seventy years old, a physician and a native of Cartagena, Colombia. He was one of the leaders in the revolutionary movement which led to the independence of Panama last November, and, in fact, to him more than to any of his associates was due the undertaking's success.

some time ago to be treated for cancer of the throat, and was getting along nicely and feeling very well.

This morning he arose quite early and went to breakfast at the restaurant across the street from the McGuire lodging house, and later walked about the streets smoking a cigar until, it is supposed, he grew tired and went to his room to rest awhile.

The deceased was about 73 years old and a well known pioneer of this country, having crossed the plains in 1833. He leaves a wife and son to mourn his death, who reside at the family home near Monroe.

The funeral will not be arranged until the arrival of his son this evening.

Band Concert.

The Eugene Band will give a free open air concert on the streets tomorrow evening at 7:30 o'clock.

HIGH SCHOOL BASEBALL

The last chance to see the Eugene High School boys play ball will be Saturday afternoon, the 21st, when the team plays the Cottage Grove High School team on the league grounds. The team is somewhat in doubt, and to see them along the townspeople should turn out in large

numbers.

If enough tickets are sold the management will have two games played in succession, and the price of one admission, 10 cents, will allow you to see both games.

The first game will commence at 2:45 sharp.

New Resort.

The "Palace of Sweets," the new refreshment and confectionery resort in the McClung block, is now open to the public, but the grand formal opening will be held Saturday evening with much ceremony. Music for the occasion will be furnished by the Theatre orchestra. This new resort is an ideal place, with its neat and tasteful furnishings, which warrant a successful career for the business.

BAD ACCIDENT AT LAUNDRY

Miss Zora McGinnis' Left Hand Badly Bruised and Burned.

This morning about eight o'clock Miss Zora McGinnis, an employe of the Eugene Laundry on West Eighth street, while feeding sheets into the huge mangle, met with a severe accident. In some manner her left hand became caught in the sheet which she was feeding into the mangle and the member was drawn in between the big heated rollers. Her screams attract-
