WILL TEAR DOWN OBSERVATORY

Historic Structure to Be Removed From Top of Skinner's Butte.

At the recent meeting of the board of regents of the University of Oregon, it was decided to remove the old observatory building, which has stood at the top of Skinper's Butte Portland on a visit. for many years. It has not been decided what will be done with the Saginaw yesterday. brick and other material with which Henry Fisher, of Marcola, spent the structure is built, but they will last night in Eugene. be put to some good use on the campus,

It has been six or eight years since the building has been in use by the university. On account of the inaccessibility of its location the astronomical instruments were removed to a building on the campus, and since that time, the old observatory day. He may locate there. on the butte has been let go to rack.

It has been a resort for the past few Junction this afternoon. years for had boys and wayward girls, and the interior of the building is a from a trip to Portland. wreck. The exterior has also presented an unsightly appearance for some time, and every one ought to be glad that the building is to be dismantied. It was erected over twenty years ago.
