

## NEW LINE TO CALIFORNIA

It will be remembered by Guard readers that several weeks ago, at the time the Harriman surveyors started to work on the proposed line from Natron into Eastern Oregon, this paper printed an exclusive story to the effect that the surveys may be for a line to cross the mountains into the Klamath country, thence south joining the present main line in Northern California, the company to use this route as the main line, thus doing away with the heavy haul over the steep grades in the Siskiyou mountains and in Coe Creek canyon.

Yesterday's Oregonian printed a long story to the same effect, stating that the report was obtained from reliable authority. The Guard obtained its information from those on the "inside" and spoke from authority. It will be seen that this paper was able to give out this important piece of news weeks in advance of any other paper on the coast.

When this new stretch of road is completed, all the heavy through trains between California and Oregon will go via this route, the distance being about the same as on the old route, and the present main line between Weed, Cal., and Eugene will be used simply for local traffic. It is said that the new route will have a maximum grade of only 2 per cent, while the grades over the Siskiyou are much greater.

## A DEMONSTRATION ON IRRIGATION

Mrs. C. J. Barhite has presented the Guard office with two heads of cabbage that demonstrate better than words what irrigation is worth in this valley. One of these cabbages was planted in May, cultivated well, but had no water, and measures less than five inches in diameter. The other head was planted two months later on the same soil, but was irrigated, and is a handsome head 15 inches in diameter.

Mrs. Barhite's residence is west of Skluner's Butte, known locally as "Tar Flat," and for years it was considered worthless ground, but Mrs. Barhite has shown the Missourians what a veritable garden or paradise Tar Flat is when irrigation is resorted to.

## WILL MOVE TO NEW LOCATION

H. E. Morris, the musical instrument dealer, is preparing to move his stock of goods from his present location in the Titus block on Willamette street to the room in the Chrisman building directly across the street, recently vacated by E. E. McClanahan's sporting goods store and Poindexter's dye works.

The Postal Telegraph Company will jointly occupy the room with Mr. Morris, vacating the room in the Titus block on West Ninth street, which they have occupied for several years. The Postal formerly occupied the corner room in the Chrisman block, next door to their contemplated new location.

## A JUNCTION CITY DIVORCE CASE

Mrs. Ellen N. McFarland has sued her husband, J. B. McFarland, a well-known Junction City blacksmith, for divorce and \$10 per month alimony for the support of their 6-year-old daughter, Adrie, whose custody the plaintiff asks for. Mrs. McFarland alleges cruel and inhuman treatment as grounds for divorce. They were married in Eugene December 24, 1896.

## Attention, G. A. R.

And all old soldiers. On Saturday night, October 28, the post will give a camp fire, assisted by the W. R. C. and Circle. A nice program will be one of the features of the evening, consisting of songs, instrumental music and recitations. Something new will be given, and Rankin, with his phonograph, will be there. Sew on your buttons and come prepared to have a good time. Refreshments will be served at 9 o'clock. All old soldiers and their families are cordially invited.

By order of the committee.  
DR. HENRY HOPKINS,  
Chairman.

The Kind You Have Always Bought

## In Memoriam

Mrs. Wm. Douglas, formerly Miss Rosa Holladsworth, was born near Colfax, Wash., August 4, 1880. Died at Eugene, Oregon, October 19, 1905, at the age of 25 years, 2 months and 15 days.

She moved with her parents from Washington to Hadleyville, Lane county, Oregon, at the age of 8 years, where she lived until September 6, 1902, when she married Wm. Douglas, of Eugene, and resided with her husband at Eugene and Pleasant Hill until her death.

The funeral services were conducted by Rev. J. S. McCallum, of the First Christian church, at the residence, corner West Ninth and Lincoln streets, October 21, 1905, at 8 o'clock a. m., after which the remains were taken to the I. O. O. F. cemetery near her old home at Hadleyville, where a large number of her friends had met to pay their last respects to one they had known from childhood.

The funeral service at the grave was conducted by Rev. Julius Moon, of the Divinity School. The casket and also the grave were covered with beautiful flowers, which spoke volumes of respect for the departed one, who was of a loving disposition and made many friends wherever she went.

Besides her husband she leaves a father, mother, three brothers and five sisters, they being James E. Holladsworth and Anna Maxey, of Cottonwood, Idaho; Lewis and Lillie Holladsworth, of Colexico, Cal.; Mrs. Janey Hayes, of Eugene; Mrs. Lydia McCulloch, Mrs. Mary Emerson and Alva Holladsworth, of Hadleyville, Oregon. One sister went before her on November 27, 1904.

Precious darling, thou hast left us,  
Lift us, yes, forevermore;  
But we hope to meet our loved one  
On that bright and happy shore.  
Lonely the house and sad the hours  
Since our dear one has gone;  
But oh! a brighter home than ours  
In heaven is now thine own.

## Palestine Pointers

Crow, Oct. 25.—The dance at Crow on the 13th had an unhappy ending.

Mr. and Mrs. Earl are at home to their friends at the Ford farm.

A large company of friends paid their last tribute of respect to the late Mrs. Rosa Holladsworth Douglas, whose body was interred in the Odd Fellows cemetery at Hadleyville Saturday.

Mrs. Frank Hadley, Mrs. J. V. Jenkins, J. E. Liles and Lloyd Kraal have been on the sick list within the last few days, but most of them are improving.

## MYERS THANKS

### THE GUARD

The Guard has received the following from Jefferson Myers, president of the Lewis and Clark exposition commission:

Portland, Oct. 24, 1905.  
Editor the Guard,  
Eugene, Oregon.

My Dear Sir:—I desire, on behalf of the commission, to thank you most kindly for your generosity in furnishing a copy of your paper to the office during the term of our work. Through the press we have received a great deal of information, and certainly no other public enterprise has ever been treated so kindly by the press of our state as has the Lewis and Clark Exposition, and on behalf of the people of Oregon and the commission which I have the honor to represent, I wish to express our most sincere thanks for your attitude toward this great undertaking.

Yours very truly,  
JEFFERSON MYERS,  
President.

## Died

Miss Ella Philippi died at the home of Henry Philippi at East Fourteenth and Oak streets, Eugene, October 22, 1905, after an illness of a year's duration from a complication of ailments. The deceased was born in Clarksville, Iowa, November 7, 1865, and came to Oregon in 1885. She is survived by two sisters, Mrs. Sarah Grott, of Albany, and Mrs. Clara Magill, of Springfield; and five brothers, W. W. Philippi, of Walla Walla, Wash.; Irvin Philippi, of Eugene; Stephen Philippi, of Kingston, Or.; Maple Philippi, of Minnesota; and Albert Philippi, of Early, Or. She was a member of the M. E. church. The funeral was held this forenoon.

Mrs. Sarah McKinney, a widow, aged 75 years, residing at Thurston, was today committed to the insane asylum at Salem, having been examined by Judge Chrisman and Drs. J. W. Harris and W. Kaykendall. The woman has been in her present condition for the past three years. The cause of her insanity is senility.

## OFFER TO SELL POWER TO CITY

W. T. Campbell, of this city, and his associates, whose names at present are withheld from publication by request, have filed upon the waters of the McKenzie river in the vicinity of Waltherville for the purpose of generating power for electricity.

It is reported that Mr. Campbell and his associates, who go under the title of the Oregon Electric Power Co., have made an offer to the city of Eugene to furnish power for the proposed municipal electric light and water plants for \$5000 per year.

The amount of water appropriated by the company is 110,000 cubic inches, miners' measurement, under a six-inch pressure, enough to generate 13,000 horsepower. The power has a head of 56 feet at low water. The proposed canal through which the appropriated water will flow will be four miles in length, 50 feet wide and 5 feet deep. The point where the head gate will be located is at a small fir tree in the southeast quarter of section 23, township 17, south of range 1 west, about 150 yards south and 20 degrees west of the Potter residence. The canal will extend down the north bank of the river. For the first mile it will extend down an old bed of the McKenzie to Waltherville and from there on will continue next to the foothills north of Waltherville to the Keyes place on to the river.

The power house will be a trifling over eleven miles from Eugene. A power house will also be made at Waltherville for local use and electric power will be sold for logging and other purposes at that place.

## BOUGHT A FIN SODA FOUNTAIN

O. J. Hull, proprietor of the Red Cross Drug Store, has just purchased a fine soda water fountain.

Mr. Hull's soda water sales were very large last year, the people evidently appreciating the fact that his was the only sanitary fountain in this city. The new fountain is also a 20th Century Sanitary Fountain, and is one of the fine works of art that took the premium at the Lewis and Clark fair. The new fountain has a valuation of \$3000, is very wide and complete and about 12 feet tall.

Mr. Hull informs us that his soda trade last season was so large he could hardly handle it, but with the new fountain, which is the finest in Oregon, he will be able to handle the increased business which is sure to follow.

## Letter List

Eugene, Or., October 25.

Anderson, H. L.  
Beebe, Guy.  
Boyles, Willie.  
Brenn, Ed.  
Boehner, John W.

## DEATH OF MRS. EDWARD KEY

Mrs. Edward Key died at 11 o'clock this morning at her home on the Elmira road, after a lingering illness of several months.

Mrs. Key was born in London, England. She was married to Edward Key June 4, 1865. They came to America in 1888 and settled in Minnesota, where they continued to reside until 1901, when they came to Oregon, locating on a farm three miles northwest of Eugene. By her death she leaves bereaved her husband, one son and two daughters. The funeral services will be held at the First Presbyterian church, of which she was a faithful and devoted member. The time of the service has not yet been decided upon.

## Zion Items

Zion, Oct. 24.—Uncle Dan Hunsaker is visiting in the valley.

Professor Luthey has been employed by the board of directors to teach the winter term of school.

Word comes over the 'phone this a. m. giving the sad news of the death of Mrs. Fred Parker, of Eugene. Mrs. Parker was reared and educated in his valley and this will be sad news indeed to her many friends and relatives here.

Many old pioneers will remember the tickling, jolly stage driver for the Oregon and California Stage Company, Jack Morgan, who died at his home at Sunnyside, Washington, October 7, where he had lived the past 35 years, or in that vicinity. Mr. Morgan was a nephew of H. Morgan, of Winberry. While on a visit to Oregon this summer he was taken with a malady known as dropsy, from which he never recovered. He drove the last stage to Salem before the railroad reached that place. He was 61 years old.

Measles are quite prevalent in the lower end of the valley. It appears that some of the children were exposed while attending the fair at Portland.

In the recorder's court at Junction City yesterday J. H. (Bud) Eccleston was tried before a jury of three for gambling. It was proved that Eccleston had simply been playing "freeze-out" for soda water and was acquitted. J. M. Williams, of Eugene, appeared as counsel for the city and G. F. Skipworth, also of Eugene, for the defense.

## SPRINGFIELD MAN IN TROUBLE

Late this afternoon Deputy Sheriff H. L. Bown left for Springfield to arrest on a statutory charge, Thomas Bryant, a young man employed in the sawmill there, the complainant being Ida Conrad, who is under 16 years of age. She resides at Springfield with her parents.

Thomas Bryant, the young man from Springfield who was arrested on the charge of statutory rape on Ida Conrad, of the same place, who is the daughter of Nancy Conrad, a sister of Mrs. Honig, of Eugene, was brought before Justice Winterhalter last evening and his preliminary hearing set for 1 o'clock Thursday afternoon, he being placed under \$500 bonds for his appearance at that time.

## MAY MOVE TO EUGENE

Removal of the Oregon Historical Society's headquarters and museum to the State University at Eugene is promised, unless a suitable building for it is constructed at Portland. It is understood that F. G. Young, professor in history in the university and secretary of the Oregon Historical Society, favors the removal of the property of the organization if no permanent home is found in Portland, and behind Professor Young are other leading members of the society, who live here, but are favorable to the plan.

It is proposed by the authorities of the State University to establish, under the state law, a general library at Eugene, to be known as the State Library, and to include in this the belongings of the Oregon Historical Society in other states the historical societies are located at the state universities. Telegram.

The Southern Pacific is to build several big oil tanks for its engines soon to be run with oil fuel. The tanks will be located as follows: Roseburg, 55,000 barrels; Grant's Pass, 30,000 barrels; Whiteson, 15,000 barrels; Albany, 5000 barrels; Junction, 5000 barrels.

## FROM DRAIN NORMAL SCHOOL

State Normal School, Drain, Oct. 23.—Fine attendance is made greater than it was last year, and everything indicates a very prosperous year. The faculty has been strengthened and the work in all departments is being well taken care of by both students and teachers.

The literary society renders a good program Friday night.

A lecture course has been arranged and Professor C. B. Newton gave a recital as the first number Friday evening, October 13, to a large and appreciative audience. The next number in the course will take place Wednesday evening, October 25.

Hon. Walter L. Toozee, of Marion county, will lecture at the Normal Hall on "Education—Past, Present and Future." Mr. Toozee was a teacher for many years in the Oregon schools and has always taken a deep interest in the education of Oregon youths. He believes they should have the same educational advantages as those of any other state. All are invited to attend the lecture.

## GREAT INTEREST AT THE REVIVAL

The meetings yesterday at the Baptist church were of great interest. Evangei at Jones spoke five times, giving three sermons of great power to large congregations. The auditorium of the beautiful building was filled last night and the masterly sermon made a profound impression. The meetings will continue this week with two sermons daily at 3:30 and 7:30 p. m. Tuesday afternoon at 4 o'clock there will be another meeting for boys and girls. Rev. J. A. Whorley conducted a street meeting every night at Eighth and Willamette streets at 6 o'clock.

## Full of Tragic Meaning

are these lines from J. H. Stinson of Casey, Ia. Think what might be resulted from his terrible cough if he had not taken the medicine which he writes: "I had a fearful cough that disturbed my night's rest, I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieved, permanently cures all throat and lung diseases; prevents grip and pneumonia. At W. L. DeLano, druggist guaranteed; 50c and \$1. Trial free.
