

ENGINEER KELSEY ARRIVES

F. C. Kelsey, of Salt Lake City, Utah, the engineer engaged by the city council to construct the municipal electric light and water plants, arrived in Eugene this afternoon.

When seen by a Guard reporter shortly after his arrival Mr. Kelsey stated that he would probably start his preliminary work tomorrow morning.

Members of the council state that the work will go right along until it is stopped, if it is going to be, as reported, by injunction proceedings.

CUTTING AFFRAY AT COTTAGE GROVE

Today's Nugget says: James Pyburn, going from Coos Bay to Independence, stopped over here on Monday and indulged in a spree and in the evening started out to look up a fight. Just how long he was trying before he succeeded is not known, but in the fracas which resulted he was stabbed by some party unknown to the left arm near the shoulder.

There was a party of four who had been carousing. Two of them were Butch Watkins, a negro "shiner," and another unknown. One of them is supposed to have done the cutting.

Green Pitcher arrested Pyburn and he was taken before the recorder this morning and fined for disturbance \$2.50 and costs and released that he might have medical attendance. The cut is about an inch long and an inch deep, but probably not at all dangerous.

COMPLETE ROAD WITHIN A YEAR

A Salem press dispatch says: The Citizens' Electric Light & Power Company, of this city, has an agent in the field arranging for the right of way for the proposed electric line between this city and Portland. It is the purpose to have this portion of the line completed within a year.

The power plant and waterpower at Eugene will supply ample power for the new road when built. The present intention is to build the road from Eugene, as southern terminus, by way of Albany, Salem and Oregon City, to Portland, taking in all intermediate towns. Grading on a portion of the new road from this city at the fair grounds north to Chemawa Indian School will begin next week.

A PERSONAL QUESTION

What a Woman Thinks When She Reads of Dr. Darrin's Cures

"Can he cure me?" That's the personal question a suffering woman asks herself when she reads of the cures of womanly diseases by Dr. Darrin, the well-known successful specialist of Eugene.

Why couldn't he cure her? Is her case any more complicated than the hundreds of cases he has cured, which other physicians have given up as incurable?

Why suffer from weakening drains, inflammation, ulcerations, falling of the womb, ovarian pains, back and headache, when a sure and positive cure can be had by simply consulting Dr. Darrin at his offices in the Smeede Hotel. His examinations, should any be necessary, are free, and a confidential talk will cost nothing. Read the following who have been permanently cured by Dr. Darrin years ago:

Mr. Editor:—Dr. Darrin has cured me of constipation, heart, stomach and liver troubles and numbness of the hands and feet. I reside at Lorrane, Oregon, and can be referred to.
G. A. PIPES.

TWO FAMOUS BEAR DOGS

Editor Guard:—I would like to ask for space to give the citizens of Lane county a history of two dogs owned by John Briggs. John has two of the best dogs in Lane county as far as can be learned. They have treed and killed 50 coons and 31 bear have been killed from them. John and his dogs are known all over the county, and have been sent for to go as far as twenty miles after bear and most always came out winner in the chase.

Dr. Brown and N. G. Hayes each have one of these valuable pups of the same stock. John's dogs have been known to go hunting all alone and tree a bear and stay three days at a time before they were found. On the 12th day of October these famous dogs went hunting by themselves and treed a small bear near Hadleyville, near Homer Hayes' place. Homer heard them, got his gun and went to them, when to his surprise he saw a bear sitting on a limb of a tree. The writer of this was told by a neighbor that Homer shot the little bear and killed it, and as it fell from the tree he shot at it nine times on its way to the ground. As it hit the ground Homer took for a tree about three hundred yards away, and the innocent little cub was lying helpless on the ground. In his good luck Homer had killed it the first shot.

Obituary

George McMillan was born March 11th, 1839, and died October 21st, 1905, being 66 years, 7 months and 13 days old at the time of his death.

He came to Oregon about twelve years ago from Iowa and located near Franklin, this county, where he resided until a few weeks before he died. He had moved to the McFadden place, a few miles below Junction, and while out looking after stock was in some way drowned in the river. Besides a sister, Mrs. John Freeman, he leaves a wife and three small children to mourn his early and untimely death.

Mr. McMillan was a man of upright and honest principles and had lived a life that commanded the respect and love of a wide circle of friends. When the news came that he was supposed to be drowned his old neighbors and friends hastened to the scene to render assistance and sympathy and kept up an untiring search until the body was recovered and prepared for burial.

He was a charter member of the Church of Christ of Franklin, and one of its most efficient officers. He will not only be missed in his home, where he was a kind and indulgent father and husband, and an excellent citizen as well.

His body was brought to the church at Franklin, Saturday, October 25th, and funeral services conducted by the Rev. F. M. Horn, of Eugene, who was a personal friend of the deceased. Afterward, followed by a large concourse of people it was laid to rest in the Mounts cemetery nearby.

"The Lord knoweth the days of the upright, and their inheritance shall be forever." "Blessed are they that do his commandments, that they may have right to the tree of life and may enter in through the gates into the city."
