The accident occurred Sunday. While using an axe it slipped and penetrated the foot to the bone, the gash being three or four inches long. The young man at once started on horseback for Eugene. # KILLED BY EXPLOSION

Meagre particulars of a fatal accident across the McKenzie river from Vids, 28 miles east of Eugene, about noon today, were received here late this afternoon.

James Peek, a well known citizen of the Upper McKenzie country, was killed by an explosion of dynamite, and Ernest Hickson, the 15-year-old son of Andy Hickson, was badly injured.

A number of men were at work on the Thomson place blasting stamps. The dynamite had become frozen and the men were trying to thaw it out. Suddenly and without warning it exploded. Peek and young Hickson, who were closest to the charge, were the only ones injured. Peek lived for two or three hours after the explosion. It is thought that the boy's injuries are not fatal.

Dr. Bartle, who went to the scene of the fatal explosion of dynamite near Vids yesterday, has arrived home and gives the following particulars:

W. A. Hickson was blasting out stamps, assisted by James Peek, the man that was killed, and Hickson's son, Ernest. In thawing out a box of dynamite Peek was standing over the box when it exploded. He was hurled into the air and about 18 feet away. The boy was standing close by and was badly burned about the hands and face, a piece of the box penetrating his left leg. Otherwise the doctor does not anticipate any serious results.

# DEATH OF ALFRED BRATTAIN

The funeral will be held at the old home place tomorrow, Saturday, forenoon, at 11 o'clock, with interment in the Eugene I. O. O. F. cemetery. A sketch of the life of this estimable man and citizen will appear later.

# GREATEST GRIDIRON STRUGGLE

Next Saturday's football game between the University of Oregon and the Oregon Agricultural College promises to be the best and hardest game ever played in the Northwest. The annual game between Oregon and Corvallis is now recognized as the big event of the year in college football circles, but no previous match has ever attracted the attention that is already beginning to center about Kincaid Field in anticipation of Saturday's contest. Oregon has not been defeated by the "Aggies" since 1897, but Coach Steekle's men are out for revenge this year, while the varsity players are determined to uphold their record of uninterrupted victories. Rivalry between the two teams is keen, and great preparations are being made by the rooters' clubs of the two state institutions. As both elevens are being drilled by Michigan coaches, the style of play will be the same, and the game itself promises to be a battle royal.

Excursions will be run from many points in the Willamette valley, and many Portland people have signified their intention of coming to witness this gridiron struggle. Many enthusiasts declare that Saturday's game will be the best exhibition of football ever seen on the coast, and the notion is not far from correct. Individually and collectively, the two elevens appear to be evenly matched.

The record of games between the University of Oregon and Oregon Agricultural College is as follows:

U. O. C.	J. A.
1894, at Corvallis.....	0 16
1895, at Eugene.....	44 0
1896, at Corvallis.....	8 4

# HE CAN HEAR A WHISPER

The following is from the editor of the Gold Hill News, and goes far to substantiate the remarkable cures performed by Dr. Darrin. Mr. Carey's cure created great excitement among the deaf and afflicted in Ashland. Mr. Carey's cure was witnessed by Mayor Neil, of Ashland.

(Gold Hill News.)

One of our friends and subscribers, Mr. C. Carey, of Sams Valley, has been losing his hearing for about a year. He visited the News office a few months ago and the subject of treatment for his malady came up, when we recommended Mr. Carey to wait for Dr. Darrin's visit to Southern Oregon. Mr. Carey visited the doctor at Ashland, and was so much benefited that before leaving the doctor's he could hear a whisper. Such cures are wonderful, yet this one is undoubtedly true. Mr. Carey said he had taken treatment from a number of physicians and spent all he had in paying doctor's bills, and so informed Dr. Darrin, who kindly consented to treat him free of charge, which was magnanimous of the doctor.

# TO WHOM IT MAY CONCERN.

For years my daughter has been deaf, with almost constant discharge of the ear, causing a disagreeable odor. Her skin has become a brown color from head to feet from constipation and liver trouble, also diabetes. Under Dr. Darrin's electrical and medical treatment one year ago all her above mentioned troubles have disappeared, and I am so pleased I wish all to know where to be cured. Will answer all questions by letter or in person at Jefferson, Or.

MRS. C. A. ESTEB.

Owing to "hard times" Dr. Darrin has reduced his professional fees to those who have applied and not taken treatment or new cases to come the remainder of his stay, to \$10 a month or in that proportion of time required. The afflicted will do well to make a note of this generous offer, as these rates will last only for a limited time. The doctor's liberal offer and fall in prices is not only a boon to the poor, but will be appreciated by thousands unable to pay larger fees. Dr. Darrin remains in Eugene at the Hotel Smeeds until November, 12.

Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At W. L. DeLano, druggist; guaranteed; 50c and \$1. Trial bottle free.
