

SMELTER FOR BOHEMIA DISTRICT

Cottage Grove, Western Oregon: From the talk of A. D. Le Roy, formerly of this city now of Portland, and president of the Bohemia Smelting and Refining Company, the day is fast approaching when Bohemia camp will be supplied with a smelter.

Mr. Le Roy arrived from Portland this week, and in conversation with a Western Oregon man he stated that the company had now perfected its plans to the extent that next summer would see the erection of at least a fifty-ton smelter.

The grounds selected are at the junction of Frank Brass and Sharp's rivers, 15 miles from this city.

Mr. Le Roy is this week arranging with Surveyor Taylor for his services in the matter of laying off smelter grounds and townsite. As soon as this is done work on the erection of a sawmill of 10,000 feet capacity will be commenced. The product of this mill will be used for the smelter buildings, hotel, store, and to cut ties and other suitable timbers for the electric line the company proposes to build up the Sharp's creek to the mine.

No active work will be done on the smelter proper until early in the spring, but Mr. Le Roy is authority for the statement that the smelter will be ready to blow in by June of next year.

TRAIN WILL ARRIVE EARLIER

Beginning Sunday, November 19, the schedule of the Eugene local train, southbound, will be changed so that it will arrive at 9:15 p. m. instead of at 10:40, as at present. The train will leave Portland at 4:15 instead of at 6. This will be much more satisfactory than the present schedule. Going north there will be no change in the schedule, the train leaving Eugene at 6 a. m., the same as before.

Mrs Lamberty-Rowe Sale

Mrs. Rowe, formerly Mrs. Lamberty, desires the Guard to make correction as to the consideration of her recent sale of property. She sold for \$1000 instead of \$3500, as stated.

Obituary

M. H. Skinner was born in Lexington, Ohio, in 1833. He was married to Sarah Cloyd in Blakesburg, Iowa, in 1856. Nine children were born to this union, four of whom, with a bereaved mother, are left to mourn his demise. They are: Franklin E. Skinner, of Waco, Or.; Mrs. W. P. Ely, of Kelso, Wash.; Mrs. Arthur M. Miller, of Ashland, Or.; and M. J. Skinner, of Coburg, Or.

In early life his profession was that of a school teacher, and he served two terms as school superintendent of Red Willow county, Neb. He served four years in the army, was thrice honored while in the service of his country, being first elected second lieutenant of the "Moravia Home Guards" as the militia of the state of Iowa and in 1861 was appointed sergeant in Company C of the 30th regiment, Iowa Inf. Vol., in 1862 being promoted to second lieutenant of said 30th regiment, and received an honorable discharge from the service of the United States army in 1865; was captured by the Confederates and confined in the Tyler, Texas, prison for ten months.

A pioneer of 1877, landing in Coburg, then Willamette Forks, he had resided there ever since. He was appointed postmaster of Willamette Forks in 1879, holding the office continuously with the exception of about two years during Cleveland's first administration.

He was appointed the second time in 1884, making him Coburg's postmaster for 21 years, or until 1902, when on getting too feeble to attend to his duties, resigned in favor of his youngest son, M. S. Skinner, who now holds the position. He was always known as a kind neighbor and an honest man.

Mr. Skinner was a Mason and a member of the G. A. R. post in Eugene, also a member of Coburg Lodge No. 82, I. O. O. F. He died the 11th day of November, 1905, aged 72 years, 5 months and 16 days and was buried in the I. O. O. F. cemetery, Coburg, Or.

DOCTORS RAISE THEIR FEES

At the recent meeting of the Lane County Medical Society at Cottage Grove a new fee bill was adopted, increasing the visits in towns and cities in the county from \$1.50 to \$2 for day calls, and \$3 for night, and \$20 instead of \$15 for confinement cases. Three new members were taken in, increasing the membership to about 25.

WILL GET GRAVEL IN EUGENE

For a week or more past an engineer has been making surveys along the river in the vicinity of "Aines" old tannery building and Migley's planing mill. He has run seven or eight lines from the railroad track across the river, and there has been much speculation as to the purpose of these surveys. It was learned yesterday that the engineer is in the employ of the Southern Pacific Co., and that he has been surveying for the most feasible place for a spur to be built to tap the big gravel bars across the river. The engineer admitted this but would make no further statements. A bridge, only a temporary one, will probably be built across the river at some advantageous point between the planing mill and a point above the old tannery.

It has been reported that the gravel ballast for the new cutoff line between Henderson and Springfield may be obtained from the bars across the river here, but this is not probable, as the cutoff will be completed before a spur and bridge across the river could be built. It is evident that the company has its eye on these bars to furnish ballast for the proposed new line from Natron across the mountains into Eastern Oregon. There is plenty of gravel of good quality here and if the spur to the bars is built it means the employment of a large number of men and the consequent expenditure of large sums of money in Eugene.

MANY LOADS OF LUMBER

Albany Herald, Sunday: The Southern Pacific yards were filled with loaded cars of lumber yesterday, a long string of them coming in from the Mohawk valley and Springfield mills occupying the switch at the extreme end of the yards. The cars requiring repairs were put in good shape and will be sent out this morning. The Lebanon branch crew having received orders last evening to make two trips between this city and Junction City today to relieve the pressure on the yards there.

GOLD FROM THE BOHEMIA

The incoming O & S. E. train Saturday noon brought to Cottage Grove Superintendent T. C. Acher, who delivered to the manager of the Oregon Securities Company, A. B. Wood, the cleanup for the month of October, amounting to 69 pounds troy of bullion, moulded into bricks and valued at over \$12,000. This was the result of a ten-stamp run on Champion ore for 22 days in the month of October.

The number of stamps in operation varied, but the foregoing is the result, equivalent to a ten-stamp run for 22 days, or, in other words, 5275 hours for one stamp.—Western Oregon.

CENSUS OF DOUGLAS COUNTY

The Douglas county assessor has completed his census and reports that the county contains 15,875 people in 1900 it contained 14,565 and in 1870 11,894.

Roseburg has a population of 3080 compared with 1690 in 1900 and 1472 in 1880. Drain has 384, Yoncalla 218, Gardiner 325, Oakland 419, Glendale 302, Riddle 144, Canyonville 126, Myrtle Creek 184, and Soldiers' Home 174.

Married

James Blighton and Miss Millie McKinney, both of Eugene, were married Saturday, November 11, 1905, by Rev. J. S. McCallum.

Robert E. Veltum and Miss Ina Kirkpatrick, both of Eugene, were married at the parsonage of the First Christian church Saturday evening, Nov. 11, 1905, Rev. J. S. McCallum officiating.

Card of Thanks

We wish to thank the friends for the kindness and sympathy shown us during the sickness and death of our beloved husband and father, also for the beautiful floral offerings.

MRS. SARAH SKINNER and Family.

Born

In Eugene, Sunday, Nov. 12, 1905, to Henry Hohl and wife, a daughter.

CONSUL BOAK'S ADDRESS

The Christian church building was filled with Women, Women of Woodcraft and citizens in general last night, the occasion being the public reception to Head Consul I. I. Boak, of the Woodmen of the World, chief officer of the strongest fraternal organization of the West.

P. E. Snodgrass, of this city, head banker of the Woodmen, presided at the meeting. After the usual musical numbers Hon. E. O. Potter delivered a fitting address of welcome and Head Consul Boak was introduced. He spoke for an hour on the work of the order, showing the great progress made by the Woodmen in the 15 years since they were organized, and the strength of the organization. He also spoke at length on the old-line companies and touched on the rec of scandals unearthed in New York. He held the close attention of the audience and when he closed he was rewarded with a burst of applause.

Following the meeting at the church the Woodmen and Women of Woodcraft went to their hall, where all met the head consul and where an informal reception was tendered him. Here a pleasant hour was spent while Mr. Boak detailed his plan for organization work. The result will be an active membership campaign among the local Woodmen, and they will do their share toward realizing the ambition of the head consul to bring the number of members up to 100,000 before the end of the present year.

Wolf Hunt

A wolf hunt will be held on Spruce creek on Thanksgiving day. All are invited. Bring your hounds and guns and leave your shepherd dogs at home. Meet at the Baptist church south of Bailey hill.

ANDREW WOOD,
WM. MATHES,
H. L. CHEZEM,
JOS. ALBERG,
Committee.

Married

Percy C. Francisco and Miss Loreta M. White were married at the courthouse this afternoon by Judge G. R. Chrisman.

MRS. WILLIAMS WANTS DIVORCE

Mrs. Pearl Williams has begun a suit in the circuit court against her husband, W. S., on the ground of gross immorality and adultery.

The couple were married at Danville, Cal., November 12, 1897, and have one minor child, Clyde, aged 12 years.

Mrs. Williams says that on October 15, 22, 29, November 5, 1905, and at other times her husband has been guilty of adultery with one ... Jones in the vicinity of Eugene, and that his wrongdoings were open and notorious. She says that on November 12 she left her and that he is now somewhere in the East.

Mrs. Williams asks for the custody of the child and asks to be decreed a third owner of certain property possessed by Williams in Eugene. L. R. Edmondson is her attorney.
