

HOPE FOR THE SICK.

A VICTIM OF LA GRIPE.

Mrs. Henrietta A. S. Marsh, 769 W. 11th St., Los Angeles, Cal., President Woman's Benevolent Ass'n, writes: "I suffered with la gripe for seven weeks, and nothing I could do or take helped me until I tried Peruna. I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial. I will never be without it again."

In a letter dated August 31, 1904, Mrs. Marsh says: "I have never yet heard of the efficacy of Peruna questioned. We will use it. I traveled through Kentucky and Tennessee three years ago, where I found Peruna doing its good work. Much of it is being used here."

—Henrietta A. S. Marsh.

Address: Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

WILLAMETTE VALLEY CO. INCORPORATE

The Willamette Valley Traction Company and Willamette Valley Coal Company have been incorporated with a combined capital of \$2,000,000. The plan is to build a railway and the power to control and operate water and light plants in different cities of the state.

James A. Pershing, a prominent Eugene capitalist; I. W. Anderson, eastern representative of Rhoads, Walker & Baker, Philadelphia bank; A. Welch, of Salem, manager of the Citizens' Light and Traction Company; E. W. Hall, manager of Lane County Electric Company, Eugene; T. E. Sheridan, a Roseburg banker; F. W. Waters, mayor of Salem; and John H. McNary, of Salem, are the incorporators of the first named company.

A. Welch, C. O. Rhodes, representing a Philadelphia banking firm, and H. McNary are the incorporators of the second.

TWO CASES OF SMALLPOX

George Severn and his wife, residing on Jefferson street, between West Seventh and West Eighth, are both afflicted with smallpox, and today the residence was quarantined by Chief of Police Stiles. It is not known where the disease was contracted, as there are no other cases in the city as far as known.

Born

To the wife of J. C. L. Woolley, in Eugene, November 11, 1905, a daughter, weight 11 pounds.

Henry Kissinger has been re-engaged as carrier of the U. S. mails from the postoffice to the train at an advanced salary. It will be remembered that some time ago he resigned his position.

The Century Cement Stone Co., which has its factory on the river bank at the foot of High street, is now ready for active operations and has several orders which are now being worked on. The long-delayed machinery has all arrived and been placed in position and the plant is now complete.

Yesterday's Albany Democrat: J. P. Helly, the S. P. detective, of Portland, this forenoon arrested Roy Jones, son of the S. P.'s section foreman of Tangent, on the charge of putting stones on the track and shooting at trains as they passed, recently some two or three times. He will undoubtedly be sent to the reform school, being only twelve or thirteen years of age. The boy was placed in the county jail.

NEW MILL FOR COTTAGE GROVE

Cottage Grove correspondence: A secret movement has been under way here for some time, the object of which only became apparent recently by a man putting ten teams and scrapers at work removing the soil from a six-acre tract to make a pond. The force will be increased with ten more teams.

A large sawmill is to be erected at the edge of this pond, and the pond will be used for storing the logs, of which it will hold over 1,000,000 feet. Logs will be brought in over the Oregon & Southeastern from the large timber section up the Kow river. The men behind this movement are well-to-do business men, and the establishment of this plant will not be retarded for lack of funds.

As soon as the large foundation timbers can be furnished, the erection of the mill will commence. The mill will be on the J. I. Jones farm, adjoining the city limits.

CIRCUIT COURT STILL IN SESSION

The jury in the case of the State vs. Neil Cummins, the Cottage Grove salmon keeper, charged with seduction, this afternoon returned a verdict of guilty as charged. No time for sentence has yet been set.

EDDY TRIAL POSTPONED. Jesse Eddy this morning pleaded not guilty to the charge of robbery and his trial was postponed until the next regular term of court. In the meantime he will remain out on bail.

CASES ACTED UPON. Pope Manufacturing Co., a corporation, vs. J. D. Mottick; to recover money. Evidence taken in open court. Submitted.

Alex. E. McGowan and Emma B. McGowan et al, vs. E. K. Austin and Walter, his wife, et al; report of referee. Confirmed.

Announcement

HULLS' DRUG STORE.

Fifty-three years ago Friday D. E. Lakin, the well-known cooper who resides on East Eighth street, arriving in Eugene, having come across the plains from Illinois. He has not resided outside of Lane county since then.

A point which was not noted at the time the recent teachers' institute was held here is that out of a possible 770 hours of attendance the teachers in the Eugene public schools attended 735 hours. By law they were required to attend only 500 hours. This is a remarkable record. A certificate of attendance was given each teacher, and the certificates were in the hands of the district clerk the same evening the institute closed.
