

GUIDE TO ALL ELECTIONS

Prepared by the Oregon Secretary of State

Complicated System is Brought Into Action by the Adoption of the Direct Primary Law

The adoption of the direct primary law has given Oregon such a complicated system of elections that not even the accomplished politician can carry in his mind all the details of the proceedings leading to the general election in the state, district and county officers. One of the most difficult things to ascertain and remember is the dates upon which the various steps in the nomination and election of officers must be taken. In fact, the ordinary citizen cannot figure out the dates if he has the statute before him, for the language varies and different methods of computing time must be adopted.

Secretary of State Unubar and Attorney General Crawford have examined the election laws and computed the time within which the petitions must be filed, notices given and other business conducted in preparation for the election.

The following list contains all the dates of interest to the voter and candidate for office:

SHIPPING EXPERTS STIRRED UP

Washington, December 18.—Shipping experts in the East as well as in the West are all stirred up over the new coastwise navigation laws applying to commerce with the Philippines which will go into effect next July.

"It is about as foolish a piece of legislation as could be devised," declared Henry W. Peabody, the noted Boston merchant. "It will prohibit all ships save those that fly the United States flag from trading between Philippine and American ports, and will result in the levy of widely exorbitant carrying rates. No such monopoly should be tolerated, and probably the law will be abrogated."

"What ought to be done to encourage our commerce, not only with the Philippines, but with all the world, is the payment of subsidies outright. This is the only way we can build up a merchant marine of any proportions, the only means by which we can compete with the cheap ships and cheap seamen of Europe."

AMERICANS TO BE PROTECTED

Washington, Dec. 19.—In response to appeals from Consul General Rodgers at Shanghai, the U.S. cruiser Baltimore, commanded by Captain Nathan Sargent, former aide to Admiral Dewey, has arrived at Wooning, the port of Shanghai, to protect Americans and other foreigners. It is believed the marines have been landed before now.

Tokio, Dec. 19.—Two Japanese warships were today sent to Shanghai to protect the mikado's subjects there.

MALHEUR PROJECT ABANDONED

Washington, Dec. 18.—Secretary Hitchcock has come to the conclusion that the allotment of funds for the Malheur project should be withdrawn and the enterprise abandoned on account of legal obstacles in the way. Terms cannot be made with the wagon grant's owner. The director of the geological survey asks that a definite act of abandonment be deferred for the present.

MORE RIOTS IN CHINA

Washington, Dec. 18.—The state department was informed this morning by a cable from the American consul at Shanghai of riots resulting in the death of several foreigners. Two Chinese were killed and a number of buildings burned. No Americans are reported killed.

TELEGRAPH [BREVETIES

Tunis, Dec. 18.—The Norwegian steamer Abula was lost off Kolobita today and only one person saved.

Chicago, Dec. 18.—Mrs. Grace Taggart and sons arrived here Sunday and are visiting Mrs. Taggart's sister, Mrs. Shiell.

New York, Dec. 18.—The local bankers do not anticipate any trouble here as the result of the Wash. case failures. The failures had a bad effect in speculative circles. Stocks opened weak, lower than the average, with losses ranging from one to two per cent. Amalgam and Copper had a bad time for a few minutes, and dropped to 97, when 10,000 shares were dumped, presumably by Lawson, and dropped to 93 1/2. The market was demoralized, then copper rallied, gaining five per cent.

Chippewa Falls, Wis., Dec. 16.—During the pandemonium among the passengers on a Wisconsin Central passenger train when it was struck by a cattle train west of this city, Mrs. L. R. Christian, of Tecoms, Washington, enroute to West Virginia, gave birth to a child. She was brought to the hospital here. None were fatally hurt in the wreck.

St. Petersburg, Dec. 18.—It is reported that a military train carrying troops to Oret was dynamited and 20 Cossacks killed and many injured. The troops at Riga have joined the rebels and the town is being bombarded and is afire in many places. Hundreds are fleeing to Germany. A awful reign of bloodshed is on in the Saratoff district, where Maximilian is trying to suppress a revolt following the assassination of Sakharoff.

St. Petersburg, Dec. 18.—A train bearing 120,000,000 rubles, due here Saturday night, has not arrived. It was strongly guarded by soldiers, but it is feared it is lost. The casualties reported at Riga are 700 killed and 1500 wounded; at Mitau, 200 killed and 500 wounded; at Dorpat, 150 killed and 400 wounded; at Wolmar, 200 killed and 100 wounded; at other places, 90 killed and hundreds wounded.

Coquille, Or., Dec. 18.—The efforts of this county are preparing for the Jane campaign. The leaders have called a meeting for January 2, to take action on the primary election, and to make other arrangements for this county. The number of adherents is hard to guess at, and it will be a strong factor this spring. Politicians are anxious to learn more concerning their strength, but the Socialists are keeping quiet in regard to their strength. One precinct they will almost certainly, from the present outlook.

Madison, Wis., Dec. 19.—Lafollette resigned as governor today, the resignation to take effect January 1st. He is completing a five years' service. He will take his seat as a U.S. senator after the Christmas holidays.

New York, Dec. 19.—Three workmen were killed and at least ten injured this morning by the premature explosion of dynamite in an excavation at Thirty-fourth street and Fifth avenue. The scene was directly opposite the Waldorf-Astoria, the dining room of which was full at the time. One victim was blown to the roof of a neighboring building and others were badly mangled.

Washington, Dec. 18.—The exodus of senators was apparent by the empty seats in the senate today. The house interstate commerce committee decided to hear no more rate testimony until after the holidays. The trial of the case against Representative Blagden, of Oregon, in the district of Columbia courts, in which Hermann is charged with destroying government letter books, has been postponed until February on request of Hermann on account of his lawyer's illness.
