Grant's Pass, Or., Jan. 13.—Jasper Jennings, aged 12, and James, 11, the young sons of the Jennings family, were the principal witnesses in the trial of Jasper Jennings for the murder of his father this morning. They told a straight story, with testimony identical. They told of merriment in the house the night of the crime, the visit of a violinist, and of seeing at ten o'clock. They heard their father dead the morning and both sisters also. They notified nearby neighbors, who called and saw a light in the house. Coroner Finnagan stated a bullet was found in the bed, indicating it was fired by some one standing by the sleeping man. A cousin asleep in a nearby cabin was awakened by the shot, but thought nothing of it and went to sleep again.
