**STOLEN CASH REGISTER
FOUND LAST NIGHT**

The cash register which was stolen from the City Meat Market Monday night was found last evening about 6 o'clock in an outbuilding in the rear of the Underwood House. It had been covered over with an old mattress and some sacks. A lodger in the house found the register and notified the police officers, who stationed a man to watch during the night to catch the thief should he attempt to carry it away, but he didn't show up and the machine was taken to the Chambers-Bristow bank this morning.

The police have a pretty good idea who took the register, but as they can obtain no direct evidence against the suspect he has not been arrested.
