

BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever is Spring Catarrh--Nothing Robs One of Strength Like Spring Catarrh.

Pe-ru-na is the Finest Tonic For a Weary Woman.

Miss B. Inez Silveira, 189 W. 136th street, New York City, Grand Recorder Daughters of American Independence, writes: "Nine years of work, without a vacation, wore out my nervous system. I lost my appetite and felt weak and exhausted nearly all the time. 'Peruna restored me to perfect health in five weeks. It is the finest tonic for a weary woman that I know of. I gladly endorse it.'--B. Inez Silveira.

Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

MISS ESTELLE CAMPBELL.

MISS B. INEZ SILVEIRA.

Miss Estelle Campbell, 140 N. High street, Nashville, Tenn., writes:

"Peruna helped me when almost everything else had failed. I was run down from overwork, as I had not been able to take a vacation for three years and naturally my nerves were all unstrung and I was greatly in need of rest and a tonic. I went away for two months, but did not seem to get my strength back, although I was taking a prescription which the doctor gave me before I went away.

At the request of my relatives, with whom I was staying, I began to use Peruna, and you cannot imagine how glad I was when within a week I found myself feeling so much better. Inside of a month I was feeling splendidly, ready and able to take up my work again."--Estelle Campbell.

A Spring Tonic.

Everybody needs a tonic in the spring. Something to brace the nerves, stimulate the brain, and cleanse the system. That Peruna will do this is beyond all question.

There are on file thousands of letters which testify to the curative and preventive value of Peruna in cases of nervous depression and run down condition of the system. We quote a few cases:

Frank Williams, 3935 34th street, New York City, member First Presbyterian Church and Captain Capitol Golf Club, writes: "I suffered with malaria

and a run down condition which seemed very difficult to overcome.

"I tried several different tonics but did not seem to get much better until I began using Peruna. My recovery was slow, but I was improving and I was glad to continue using it.

"At the end of two months my health was restored and I looked and felt much better than I had for years. Your remedy is well worthy of a recommendation and I am pleased to give it mine."--Frank Williams.

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature. All correspondence held strictly confidential.

BOOTH-KELLY MEN TAKE FRENCH LEAVE

The Guard yesterday told of the Booth-Kelly Lumber Co. importing over a hundred Scandinavians from Chicago to work in the sawmills in this county. It seems that all of them did not reach here. The following is from the Portland Telegram: East Portland's population was added to by the presence of 50 Scandinavians Saturday night, when that number escaped from an O. R. & N. train. A party of 120 were going from Chicago to Eugene to enter the employment of the Booth-Kelly Lumber Company, and on reaching the East Side depot of the line decided to leave the car. Instead of choosing the usual route, they went through the windows, and the last seen of them was as they disappeared in the darkness. The rest were transferred to the Southern Pacific immediately on reaching the Union Depot and taken to Eugene on a special.

Two weeks ago arrangements were made with the Danish and Swedish consuls at Chicago for a crew of men. It was stipulated that the Booth-Kelly Lumber Company was to provide transportation, and the money expended was to be repaid on installments from wages earned at the plants in the vicinity of Eugene. While en route to this city some of the laborers talked of taking French leave here, and it was evidently agreed between one-third of them that it would be a good move.

CLAIM THEY MISSED TRAIN.

Five of the crowd got off at Pendleton and said afterward they missed the train, but this story is not believed. It was the intention to ship men regularly in order to provide sufficient help to avoid closing down the mills, but experience with the first crowd spoils the plan.

OTHERS SKIP OUT.

It is reported here today that those who reached Springfield have about three, skipped out after eating off the company for a day or two and without doing a stroke of work. This is proving to be an expensive experiment for the company. It is said that in order to hold their men better the company will at once advance wages.

SUES SOUTHERN PACIFIC CO. FOR \$6325 DAMAGES

Archie R. Galbraith has begun suit in the circuit court for Lane county against the Southern Pacific Company for \$6325 damages, alleged to have been incurred by the injury to a station which was being shipped on the company's train.

The plaintiff alleges that on March 23, 1904, he delivered to the company at Portland a full-blooded English Shire stallion named Dunsmore 2d, No. 5508, weighing 1950 pounds and valued at \$3,000, to be carried to Albany and delivered to James H. Sheridan. It is alleged that while the freight train which was carrying the horse was at Salem the company's employes carelessly and negligently allowed another car to collide with the one which was carrying the stallion with such force as to knock the animal down, injuring him and making him sick and lame, rendering him unfit for use and of no greater value than the sum of \$10.

Thompson & Hardy, of Eugene, are counsel for Galbraith.

GILBERT AND McCRADY LATEST CANDIDATES

Who will oppose W. W. Calkins for councilman in the First ward at the city election on April 27? As yet no one seems willing to take up the fight against Mr. Calkins who is the nominee of the municipal ownership forces. The first ward is the stronghold of the municipal ownership and prohibition forces and it is almost useless to put up men against their candidate.

The latest candidates to file their nominating petitions are A. W. Gilbert and D. M. McCrady, from the Third and Fourth wards respectively. They are both ownership men. Gilbert, who will run against Frank Hampton, is ex-chief of police and a well-known logging contractor. McCrady is a well-known painter. He will be J. M. Howe's opponent.

R. B. Henderson, the ownership candidate in the Second ward, will have an opponent Geo. T. Hall Sr., whose petition will be filed soon.

The last day on which nominating petitions can be filed is Friday, March 25.

HOBOS STEAL LADIES' UNDER GARMENTS

A freight car at the Southern Pacific depot in this city was broken into last night and a quantity of merchandise consigned to Hampton Brothers was stolen.

The seal on the car door was broken and the robbers entered the car and broke open a big box of goods. The box was hauled to the store and upon examination of its contents it was found that eight dozen ladies' under-vests, valued at about \$33, had been taken. There is no clue to the robbers.

The robbery was first discovered this morning, when the freight agent went to open the car for the draymen to haul the goods away. Acting Chief of Police Farrington was at once notified and he immediately began work on the case. He has not yet been able to find any trace of the miscreants, although he has searched every hobo and suspicious character that he has seen today.

The officers up and down the line have been notified of the robbery and if any one attempts to dispose of any such goods to merchants or anybody else they will be arrested.

SOME OF THE GOODS FOUND.

Chief Farrington late this afternoon found eleven boxes of the goods under Moon & Tinley's warehouse on the depot grounds. There were 17 boxes stolen.

KILLS CATARRH GERMS

Breathe Hyomei a Few Times Daily and Be Cured--Goes Right to the Spot

In treating catarrhal troubles, the first thing necessary is to kill all catarrhal germs that may be present in the nose throat and lungs, thus freeing the system from the poison that they produce.

Stomach dosing cannot kill these germs. A direct local treatment is absolutely necessary, and for this purpose nothing equals Hyomei.

Its base is the famous eucalyptus oil. This is combined with other healing, aromatic gums and balsams, making a germ-killing, health-giving treatment for catarrh, entirely unlike anything else known. When using Hyomei the air you breathe is like that on the mountains, high above the sea level, where the pine forests fill the air with fragrant and healing balsams that give health and strength to those suffering from diseases of the respiratory organs.

Breathed through the neat pocket inhaler that comes with every outfit Hyomei reaches every tissue of nose, throat and lungs and gives immediate relief, effecting a permanent cure in the worst cases of catarrh.

The complete outfit, consisting of an inhaler, medicine dropper and one bottle of Hyomei costs only \$1. Extra bottles can be obtained for 50 cents. Hull's drug store gives a guarantee with every Hyomei outfit that the treatment will cost nothing unless it cures.

APPRAISERS FILE THEIR REPORTS

D. M. McCrady, R. H. Miller, Sr. and Frank Bowers, appraisers of the estate of David A. Gibbs, who recently died and willed all his property to the G. A. R., Ladies of the G. A. R. and W. R.
