## EARTHQUAKE CAUSES WRECK OF S. P. TRAIN

San Francisco, May 9.—The first section of the Coast Limited, No. 3, was wrecked at Edenvale, two miles south of San Jose, at 7:25 this morning. The first two cars, containing Chinamen to be deported, were completely demolished and all the Chinamen are reported killed. Many occupants of the third car, a tourist, were injured by flying glass.

Later particulars state that the wreck occurred at 4 o'clock this morning, the fireman and three Chinese passengers being killed by the derailing of the train. An earthquake shock at 5 o'clock last evening caused the track, which was on made land, to sink and the first train passing the spot met with disaster, the engine and first three cars being overturned.

The sleepers, mail car and day coaches were not damaged and the engineer escaped serious injury.

A wrecking crew was sent from San Jose and found many of the Chinese seriously injured.

The Chinese were recently smuggled across the Mexican border, and were booked to sail on the first steamer out of San Francisco.

## REPUBLICANS AGREE UPON RATE BILL

Washington, May 9.—Conferences in the senate which resulted in a positive agreement on six propositions to be incorporated in the Allison amendment to the railroad rate bill were ratified yesterday by additional conferences of senate leaders, representing all Republican factions. That there could be no further misunderstanding, this data for the basis of the agreement was prepared and exchanged.

The Allison amendment is to comprise six propositions:

First—The words "fairly remunerative" in section 4 of the bill to be stricken out.

Second—The words "in its judgment" in the same section are to be retained.

Third—Jurisdiction is vested in the United States circuit courts to hear and determine suits against the commission.

Fourth—No preliminary injunction or interlocutory order is to be granted without a hearing and notices.

Fifth—The application for preliminary injunction of interlocutory decree is to be heard by three judges.

Sixth—A direct appeal from the interlocutory order or decree to lie only to the supreme court of the United States.

## EARTHQUAKE SHOCKS OCCURRED LAST NIGHT

Tremblor Was Quite Severe at Livermore, California—Those Who Are Looting Supply Camps Will Be Punished if Detected—Fifty Cases of Insanity Daily in San Francisco—After Liquor Smugglers.

San Francisco, May 9.—Two light earthquake shocks were felt at 11:15 last night. No damage was done and no alarm felt. Livermore reports the shock as quite severe.

The police today began to raid houses where people are gathering relief supplies in excess of the regular rations. It is also alleged that many grafters are drawing salaries from corporations and confiscation and punishment will follow where loot is uncovered.

Patrolmen stationed on the waterfront gather in all drunks from Oakland and all liquor found on suspected persons is confiscated.

Owing to the great need for restaurants the steamer Spokane has been fitted up as a mess ship to feed the employees of the Pacific Coast Company and public that is willing to pay.

On an average fifty insanity cases are examined daily, mostly due to cutting off of stimulants from habit-

ual drinkers. Others are due to the shocks and nervous strain.

**LOOTING STILL CONTINUES.**

Looting still continues, despite the watchfulness of the soldiers. Eight men were accosted this morning while making off with several hundred dollars' worth of loot from the ruins of the Washington brewery, in the North Beach section. Blue jackets from the cruiser Boston last night captured four members of a gang engaged in stealing lumber. Chinatown still swarms with relic hunters, who are practically unmo-

**AMPLE STEEL SUPPLY.**

Special Agent Backus, of the United States Steel Corporation, told the general committee on rehabilitation this morning that San Francisco can have all the steel it wants within the next year, and that the corporation would attend to the transportation of the same. Orders have been given that flags be placed high in the air to prevent the revolutionists from using them as bunting in the demonstrations.

The czar arrived at the Peterhof today, ready to enter the city Thursday. He will visit his father's tomb and then proceed to the winter palace for the opening of the douma.
