WHY WE SELL CHEAPEST

CLAIMS of supremacy are ineffectual unless they are backed by solid arguments that establish absolute facts. Exaggeration flows easily and smoothly from many retail sources. We could advertise wildly and frantically, but crediting the public with intelligence and powers of discrimination, we prefer to print our modest statements and calmly sustain them with most logical reasons. For instance:

NO RETAIL STORE IN THE STATE BUYS GOODS MORE ADVANTAGEOUSLY THAN THIS STORE

FREQUENTLY we may not secure staple articles for less money than some others pay, but we invariably SELL CHEAPER because we are satisfied with smaller profits; further, we buy all goods direct from factories thereby saving our customers the jobber's profits, and buying in large quantities as we do—for the two largest stores in the valley, "Eugene and Springfield"—we get a further discount from the factories, which enables us to sell cheaper.

FOOT OF SNOW AT THE BLUE RIVER MINES

W. S. Standish, of the Great Northern Development Co., arrived down from the Blue River mines on last night's stage. He informed a reporter this morning that a heavy snow fell at the mines Monday night and Tuesday, and when he left the Great Northern mine Tuesday it was a foot deep on the level. It was probably 14 or 15 inches deep on the summit. This is the first snow at the mines for several weeks, all the old snow having disappeared except in high altitudes where the sun seldom shines.

Mr. Standish says the Huntington quartz mill at the Great Northern is operating steadily night and day. They are now working in splendid ore and there is plenty of it. A raise from the upper to the lower tunnel, 120 feet deep, has recently been finished, affording a much better air circulation in both tunnels. Heretofore the ventilation has been bad and the air often became so foul that it was almost impossible for the miners to remain in the tunnels.

Mr. Standish reports the big plant at the Lucky Boy in steady operation. He says Wm. Robe, on the Everlasting Jack claim, has just completed a 300-foot crosscut tunnel and has cut the lead at a depth of 200 feet. A good body of ore has been found and a test run with a two stamp mill shows that it goes 89 a ton.

MRS. MCKINLEY AIDED IN PUTER'S CAPTURE

San Francisco, May 22.—Further details of the capture of S. A. D. Puter, the Oregon land swindler, are given out as follows: Puter was captured within two blocks of the city prison, and a woman proved his undoing. When arrested Puter was about to keep his appointment with Mrs. Fred Ware, sister-in-law of Mrs. Horace McKinley, in this city. Puter was not resigned to his fate when the officers clapped him on the shoulder and asked him to surrender. In a moment he had drawn his heavy Colt's revolver from his belt and was moving his captors. The officers were prepared, however, and allowed him no opportunity to use his gun.

Burns' men, by shadowing Mrs. E. L. Watson, residing at 1379 Fifth avenue, East Oakland, discovered where Puter lived and all about his movements.

He came here from New York three days ago and immediately took a room in a lodging house in this city.

Saturday night he visited his wife at 1517 Spruce street, Berkeley. He remained with her several hours and then returned to his lodgings in this city.

When captured and securely locked in a cell, Puter savagely informed the detectives that he had already engaged passage on a steamer to China and hoped to leave for that country in a few days.

He had taken the name of James William Barr and traveled under that alias since leaving New York. His room when visited after his arrest resembled an arsenal, with Winchester and revolvers ready for use.

It was learned Sunday from Mrs. Puter at 2 p. m., but Puter missed the car on which she came and started to walk to the corner where he expected the car to stop, and it was during this short walk that the officers captured the fugitive.

FAIRBANKS, ALASKA, IS DESTROYED

Seattle, May 23.—A special to the Post-Intelligencer tonight states that the entire business section of the town of Fairbanks, Alaska, was destroyed by a fire which started in the Fairbanks building, a three-story frame structure, at 4 o'clock yesterday afternoon.

Details of the disaster are very meagre, but it is feared that the food supply of the town has been destroyed and great suffering may result.

Nothing was left standing in the section lying between the water front and Third avenue and Stacy and Turner streets.

BANKS ARE OPENED IN SAN FRANCISCO

Vaults Are Filled With Gold and There Is Every Evidence That All Obligations Will Be Met Without Undue Strain Upon Resources—Savings Banks in Many Instances Opened Ahead of Formal Date Set for Them

San Francisco, May 23.—This morning at 9 o'clock the commercial banks opened their doors for the transaction of regular business, unhampered by clearing house restrictions. Gold in plenty filled the vaults, and there as much money in the banks today is ever in the history of San Francisco. The stability of the financial situation is such that there is not the slightest evidence of a money panic, and every bank in the city is now in a position to pay all obligations without undue strain.

While the official date set for the formal opening of the savings banks is next Monday, many savings institutions opened this morning.

GRAND OFFICERS OF ODD FELLOWS

Portland, May 23.—The grand encampment of Odd Fellows elected officers as follows:

Grand patriarch—W. I. Vawter, of Medford.

Grand high priest—H. M. Beckwith, of Portland.

Grand senior warden—E. J. Seely, of Albany.

Grand scribe—E. E. Sharon, of Portland.

Grand treasurer—W. W. Francis, of Halsey.

Grand junior warden—Robert Robertson, of Roseburg.

Grand representative—Claude Gatch, of Salem.

Claude Gatch, the retiring grand patriarch, was elected grand representative, the highest honor the grand encampment can bestow.

Brevities

Mrs. Nina E. Lemon has filed a suit in the circuit court against James Lemon for divorce. They were married in Springfield in June, 1902, and have no children. Mrs. Lemon alleges cruel and inhuman treatment, and because of such she says she was compelled to leave her husband on July 12, 1904, since which time she has not lived with him. Kissinger & Hooker are the plaintiff's attorneys.

Eight o'clock stage to Springfield pulled out in four "sections" this morning, each vehicle carrying ten or more passengers. A good portion of them were bound for Marcola and Wendling to work in the sawmills. The stages which left later were also well filled.

Saturday's Portland Journal: In the circuit court late this afternoon Ernest Engle and Grant Test, through their attorney, Henry E. McGinn, started suit for \$2500 damages against Captain Patrick Brain and his bondsmen, the United States Fidelity and Guarantee Company. Test and Engle were arrested a few days ago charged with being pickpockets, and the charge against them was not proved.

The Woodmen of the World at Harrisburg are arranging a big picnic and log rolling to be held there on June 8. There will be two brass bands, a baseball game, races and other amusements. Governor Chamberlain, Professor W. C. Hawley and Colonel Harry L. Day are on the program for addresses.

G. M. Deane, an old and respected citizen of Jasper, was brought from Portland last night by his sons, J. F. and J. S., he having recently undergone an operation in a hospital there for appendicitis. He is still very weak but it is thought he will recover.

T. Gordon, who was stricken with heart trouble a few days ago, is improving.

Louis Zimmerman came down from the Lucky Boy mine last night, going on to Portland this morning.

The boiler and engine and machinery for the new Hadley sawmill were taken out to Hadleyville today.

Ira Hower has purchased a half interest in Duncan Scott's German coach and Percheron stallions.

The city authorities have posted notices about town declaring J. E. Smith a common drunkard and forbidding any one giving or selling him liquor.

COURT REFUSES TO INTERFERE WITH UNION

Decatur, May 23.—Judge Johns refused today to issue an injunction restraining the union of the Presbyterian churches applied for by the Cumberland branch. The court said: "The action is without precedent. No court ever enjoined an ecclesiastical body from considering what action it should take."

It is held that equity courts will not pass on doctrinal matters.

ASSEMBLY PROCEEDINGS.

Des Moines, May 23.—The Presbyterian assembly today condemned polygamy and declared in favor of a prohibitory amendment to the constitution.

The fight on Vandyke's prayer book was resumed at 5 o'clock this afternoon.

BUTTE-FRISCO RAILROAD IS BUILT AGAIN

Boise, May 23.—The San Francisco, Idaho & Montana Railway was reorganized today with Donald Grant, a railroad builder, of Chicago, as president. Eastern capitalists compose the directorate, the railroad is financed and the work of construction on the Boise-Winnemucca division will be commenced before July 1st. The road is projected from Butte to San Francisco, via Boise.

NORWAY'S GREAT AUTHOR IS DEAD

Christiania, May 23.—Henry Ibsen, the Norwegian poet, died this afternoon. He was Norway's greatest literary man and his plays and books are popular throughout the world.

Count Solsky Resigns

St. Petersburg, May 23.—Count Solsky, president of the council of empire, has resigned on account of ill health.

Mrs. Davis Is Worse

New York, May 23.—Mrs. Jefferson Davis' condition is grave today.

Governor Chamberlain's Meetings

COTTAGE GROVE, Tuesday afternoon, May 29, at 2 p. m.
