PETITION TO IMPROVE SIUSA W ROAD

Thursday's Daily Guard

Mr. Miller in presenting the petition explained to the court that it was planned some time in the future to put on a line of automobiles between Eugene and Hale, giving the people of the western end of the country rapid transit. This could not be done, however, unless a greater portion of the road is planked. As the court cannot see its way clear to expend the money for such improvement at present, the plans will probably not be consummated for several years to come.
