BANDITS RAID AMERICAN POST WITH SUCCESS

Kill, Wound and Capture Entire Constabulary Force, Except Lieutenant in Command.—Raiders Escape, Carrying Wounded Comrades.

Manila, June 20.—The Pulajanes, under the bandit leader Pascoor, attacked the town of Varanen early this morning, killed five of the constabulary, wounded five and captured all the remainder except the lieutenant in command. They also burned the municipal records, and fled, carrying their dead and wounded with them.

The constabulary was taken wholly unawares and surrounded by the enemy, fought valiantly until overwhelmed by numbers. The loss of the Pulajanes is said to have been heavy, Pascoor being among the dead. As the outlaws left the village Lieutenant Johnson, with a force from a neighboring post, appeared and started in pursuit.

MILLIONAIRE'S WIFE HELD FOR MURDER

Sioux Falls, S. D., June 20.—The examining magistrate today held Mrs. Emma Kaufman, wife of the millionaire brewer, without bail to answer the charge of murdering her servant, Agnes Polreis.

When she left the courtroom crowds of spectators cried "lynch her." Agnes Polreis was sixteen years old and it is alleged was treated cruelly and finally beaten to death by her mistress.

CZAR FEARS TO DISSOLVE PARLIAMENT

St. Petersburg, June 20.—It is understood that the government has desisted from its determination to dissolve the duma on account of the attitude of the soldiers on guard, particularly the regiments at the czar's palace. It is said the soldiers have declared their unwillingness to fight against their own people in the event of disorders arising from a dissolution of the parliament.

TROOPS NOT DISQUIETED.
 St. Petersburg, June 20.—The agrarian disorders are now concentrated in the Orël district and the officials deny unrest among the troops.

Not less than Forty-Six Votes Pledged in Its Favor.—Morgan will Celebrate Eighty-Second Birthday by Making Long Speech for Sea Level Plan.—Senate Hurries to Adjourn.—President Gets Traveling Expenses.

Washington, June 20.—The advocates of a lock canal have won in the senate. A poll shows 46 and possibly more votes against the sea level plan when it comes up tomorrow. The lock canal bill has already passed the house. Tomorrow Senator Morgan, on his eighty-second birthday, will speak for several hours in favor of a sea level canal.

SENATE WANTS TO ADJOURN.
 The determination of the senators to adjourn by the last of next week was manifested today when Hale requested a night session to consider the sundry civil appropriation bill, which, as amended after passing the house, provides nearly eight million more than the house bill and includes \$1,500,000 for government participation in the Jamestown exposition.

CHARLEY ROBERTS BACK TO EUGENE

Charley Roberts, for many years a resident of Eugene and for several years city marshal, is back from California after an absence of eighteen years. He was a resident of San Jose at the time of the earthquake calamity wrecked the town, and his coming was somewhat hastened by that dire event.

He wants no more earthquakes, says it shook so hard people were thrown off their feet. Then with the lighter recurring shocks he says a most peculiar feeling would creep up the spine, and it took courage to refrain from bolting for the street. The numerous light shocks made sprinters of the people getting into open places of safety. They ran on the least warning, so apprehensive were they.

The new \$300,000 courthouse, accepted but three days, was ruined, also the government postoffice building. Business buildings are more or less wrecked, and the streets are so filled with debris and props as to be hardly passable, while but few frame buildings and residences escaped a severe wrenching, hundreds being practically ruined. He says the widespread destruction cannot be appreciated from the mere description.

CORONATION OF NEW KING NEAR AT HAND

Embassies from European Courts at Trondhjem Received with Honors.—Major Gibson, American Representative, Has Arrived From St. Petersburg.

Trondhjem, June 20.—The French cruiser carrying a special embassy to the coronation arrived this morning and her guns saluted and were answered by the Norwegian men-of-war. The British royal yacht, bearing the Prince and Princess of Wales, conveyed by two cruisers, is outside the harbor and is expected to enter late today if the fog disperses.

The French embassy landed and was received by Haakon at his palace. Major Gibson, the American attaché at St. Petersburg, detailed to attend the coronation, arrived today. The Norwegian cabinet will leave today for this city.

PREPARE FOR THE CHINESE TROUBLES

Washington, June 20.—The United States government is likely to increase its legation guard at Peking by two hundred marines. Disquieting information received regarding the activity of boxers and the anti-foreign element caused an anxious conference between Root, Taft and Bonaparte during the last few days.

Brevities

A cylinder head on the engine at the Coburg mill blew out Saturday and smashed things up pretty generally. The parts are being repaired at the Frazer iron works in this city.

The A. W. Ream brick yard near the cannery presents a busy appearance. The new 50 horsepower electric motor works like a charm and the brick machine is turning out from 12,000 to 15,000 brick every day.

Judge Chrisman yesterday afternoon appointed Ada Wilcox Isaacson administratrix of the estate of Lester Wilcox, who died at Coburg February 6, 1905. The property consists of real estate at Coburg valued at \$300.
