

## DAN M. KELLY MAKES A NEW WORLD'S RECORD

Dan M. Kelly, University of Oregon's star athlete, broke the world's record in the 100-yard dash at the Northwestern Association's field meet at Spokane Saturday afternoon by running it in 9.35 seconds, and at the same time broke the American amateur record. He also equaled the American amateur record of 9.21 1/5 in the 220-yard dash, made by B. J. Wefers May 30, 1896.

### NO DOUBT OF RECORD.

As to the authenticity of Kelly's time in the sprints, President C. C. Hozell, the executive head of the N. W. P. A. A., under which auspices the meet was held, said:

"There cannot be the slightest question as to our right to claim the American record for Kelly, and we certainly intend to do so. The president of the American Amateur Union, Joseph R. McCabe, will be here in a week and we will present him with the required affidavits of the judges as to the time, and of the clerk of the course as to correct length of the distance actually run, which is all the steps necessary in establishing the record. The American Amateur Union cannot throw it out, as there was no wind back of the runners to assist them."

### OTHER RECORDS.

Northwestern Association records were broken as follows: Broad jump, 23 feet 9 1/2 inches, by Kelly; shotput, 42 feet 8 1/2 inches, by Hug, U. O.; Multnomah; pole vault, 11 feet 4 inches, by Gilbert, of Multnomah; discus throw, 117 feet 8 inches, by Hug. Official records are:

Multnomah—First, 11; seconds, 4; thirds, 2; total, 69.  
Seattle—First, 3; seconds, 6; thirds, 7; total, 40.  
Spokane—First, 0; seconds, 4; thirds, 5; total, 17.

**RECORD FOR 100-YARD DASH.**  
The record of 9.35 seconds made by Arthur Duffy at New York May 31, 1902, was expunged from the record book by the Amateur Athletes' Union November 20, 1905. On the latter date the following record for the 100 yards was adopted:

100-yard run, 9.45 seconds—J. J. Owen, Jr., October 11, 1890; B. J. Wefers, September 24, 1895, May 30, 1896, August 28, 1897; J. H. Rush, June 18, 1898; W. A. Shick, May 24, 1902; Clyde Blair, May 30, 1903; W. D. Eaton, July 4, 1904; Charles L. Parsons, August 5, 1905.

The professional record for the 100 yards at 9.45 second is held by H. Bethune and H. M. Johnson. Donahue, an English professional, is said to have gone in 9.35 seconds.

## BODY OF NORMAN DERECHE FOUND

The body of Norman Dereche, the logger who was drowned in the upper river above Lowell several weeks ago, was found last evening by Joe Blakeley near his place, which is five or six miles above Hyland's. The body was in a pretty bad state of decomposition.

## WALTER COMBS PASSES MENTAL EXAMINATION

A telegram was received by Mr. and Mrs. C. D. Combs from their son, Walter, Saturday evening announcing his success in the mental examination at the naval academy at Annapolis. His physical examination will occur on the 27th inst.

## ANOTHER FARMERS' LINE FROM JUNCTION

At a meeting held at the home of Joe Strome last Monday evening the Harmony Rural Telephone Co. was

organized. This line will be about seven miles in length and will connect the following people with the Pacific States Telephone Co.'s exchange in this city: Fred Tracer, C. W. Washburne, E. Hartley, M. S. Cleek, W. O. Orton, J. A. Ricks, Geo. W. Perry, Joe Strome, J. W. Campbell, David Strome, J. R. Shipley, B. F. Cleek. It is likely that J. W. Smith and W. T. Deiskill will also join the line.

The officers of the company are: Joe Strome, president; E. Hartley, secretary; W. C. Washburne, treasurer. Director—Ben Cleek, J. R. Shipley, O. T. Golden, Fred Tracer and J. A. Ricks. With the completion of this line there will be four new farmers' lines from different directions that have connected with Junction City within the past month. This big addition of farmer subscribers, coupled with the fifteen new phones which have been installed in this city the past four weeks, greatly increases the efficiency of the exchange and its value to subscribers. —Junction City Times.

## WILL INSTALL S. P. SAWMILL MACHINERY

Sewell Smith and Walter Ross went to Marcola this morning to begin work for Tatum & Bowen, installing the machinery in the Southern Pacific Company's sawmills along the Mohawk. The frame work of Mill No. 1 is already up and nearly ready for the machinery. They have orders to place machinery in two other mills to be put up this summer.

## APPLICATION FOR FRANCHISE IN SPRINGFIELD

Word comes from Springfield today that the Willamette Valley Co. has made application to the council of that city for a franchise for the construction and operation of an electric railway on Second street, leading from the northern limits of the city. A copy of the proposed ordinance granting the franchise is now in the hands of the members of the council and it will be taken up for consideration within a few days.

By this move it is evidently the intention of the company, in case no franchise can be secured in Eugene, to go around this city and make Springfield the southern terminus of the valley line.

## THOMAS BELL, AGED SOLDIER, EXPIRES

Thomas Bell, aged 87 years, 3 months and 17 days, died at the home of Henry Mathews at Goshen Sunday morning, June 24, 1906, at 3 o'clock, of old age. The deceased was born in the county of Downs, near Belfast, Ireland, March 7, 1818.

He came to America in 1844. During the civil war he served in the 16th United States Infantry and later enlisted in the 42d Illinois Volunteer Infantry. For the past two years he had been staying at the Soldiers' Home at Roseburg, but for many years had been staying at the Hawley and Mathews residences in Lane county. He had never married.

A. F. Hurd, of Florence, who was recently awarded the contract for carrying the mail between Eugene and Mapleton, has purchased the stage line from Barnard and West.

Garden seed of all kind in bulk at Chambers' Hardware.

Get your binder wine and machine oils at Quackenbush's hardware. wj29

**INVESTMENT CHANCE.**—A desirable piece of Eugene main street business property paying 10 per cent. monthly on an investment of \$4250 on a five-year lease, with lessee to keep up ordinary needed improvements, can be had if taken at once. Inquire at Guard office. j23 wt

## A NUMBER OF CANDIDATES FOR POSTMASTERSHIP

Postmaster J. L. Page's term of appointment as postmaster of Eugene expires next April and already there has been considerable talk as to his probable successor. It is said that Mr. Page will be a candidate for reappointment and there are two other avowed candidates for the position not to mention the several dark horses who would like the job and whose names may be sprung later.

Will G. Gilstrap, who, by the way, has again assumed the editorship of the Register, is said to be after the job, with the endorsement of the old Mitchell faction of the Republican party. He is known to have had his wires laid for some time past, ever since he concluded not to run for sheriff, realizing that he would have a hard time defeating Fred Fisk.

Another candidate mentioned is E. R. Mommy, chairman of the Republican county central committee, and who conducted the Republican campaign in the county this spring to the apparent satisfaction of his friends and the party in general. He will rely on this record and on his past work for the party as an endorsement for the position.

While these two men are working for the place, Jim Page is not going to let any grass grow under his feet. Everybody concedes that he has served the people well in the capacity of postmaster and has conducted the office in a business-like manner. It is said he has very strong support and his friends are confident of his reappointment.

The Eugene office now pays \$2500 a year, a raise of \$100 a year having recently been announced by the department at Washington.

## SILVERTON TEAM GIVEN A TROUNCING

A baseball game between the Springfield and Silverton teams was announced to have been played on the Springfield grounds Sunday afternoon but the exhibition pulled off resembled the "town ball" of our boyhood days more than anything else. Springfield had the "23" sign on the visitors good and hard. That many runs were made by the home team while the boys from Silverton, the birthplace of Homer Davenport, made only four. Homer certainly wouldn't have owned the boys had he seen 'em play yesterday.

Silverton claimed that a number of bad decisions by Umpire Snock were responsible for such a large score. Snock was certainly rank and handed it to the visitors in large gobs, but there were other reasons for this poor showing. No man can play ball the next day after being in a big booze. It is reliably reported that the Silvertonians were hilariously drunk all the way to Springfield on the train, and during the night before the game.

The score by innings was as follows:  
Springfield . . . 0 7 0 1 10 0 2 3 x—23  
Hits . . . . . 0 2 1 1 8 0 3 2 x—17  
Silverton . . . . . 0 3 0 1 0 0 0 0—4  
Hits . . . . . 1 2 1 1 0 0 1 0—6

## ANOTHER ARC LIGHT WANTED

While several new arc lights are being installed wouldn't it be a good idea to put one up at Sixth and Willamette streets? Then there would be one at the intersection of every cross street with Willamette from the depot to Eleventh street. By the way, the lights at Fifth and Willamette and Fifth and Pearl streets have not been burning for several nights past. This should be looked after by the authorities.

## Junction Items

Fred Nielson has accepted a clerkship in Chambers' hardware store, Eugene, and expects to remove to that city.

Rev. D. C. Kellems and family, who have been east for some time past, returned home Monday. Elder Kellems is attending the annual convention at Turner.

At the school election Monday T. W. Thom and Soren Jensen were elected directors and Frank Moorhead re-elected clerk. The school tax of \$75 mills was carried unanimously. —Times

## Crow Items

Crow, June 21.—Mrs. M. J. Varney has disposed of her store and buildings to a Mr. Allen.

C. B. Hadley and Alex. Holmstead, north, accompanied by Wm. Sprey,

have just returned from Calexico, Cal., where they went with a shipment of Oregon and Idaho stock.

Little Violet Emerson, who ran against an axe in the hands of her ten-year-old brother, receiving a severe cut on her cheek, is rapidly improving.

Another wire has been placed on the Crow telephone line.

## LEAVES FOR GRAND ENCAMPMENT TRIP

E. F. Chapman, delegate from Oregon to the grand encampment, G. A. R., will leave Eugene on the early train Wednesday morning. He has quite an itinerary before him, will spend a considerable part of the three months he will be absent in travel. He will stop at LaGrande, then attend a G. A. R. reunion at Elgin July 2-3, and a pioneer meeting July 5. Then to Baker City to visit a niece and to Idaho to visit a brother. August 6 he will leave Boise with the Idaho delegation for Minneapolis. After the encampment he will go to Des Moines, then to Missouri to attend a reunion of the 26th Missouri Infantry, then to Walnut, Kansas, to visit his old orderly sergeant, to Nebraska to visit comrades, to Salt Lake City, Colorado, San Diego, California, Santa Ana, Los Angeles, Merced, Modesto, San Francisco, San Jose, Sacramento, Woodland, Red Bluff and Red Bank, thence to Eugene.

## DAN KELLY THE GREATEST ATHLETE LIVING

"Big Bill Hayward—the greatest trainer in the country, and the developer of the greatest athletes the Pacific coast has ever known."

This toast, given at the banquet tendered Saturday night by the members of the Spokane Athletic Club in honor of the visiting athletes at the great track meet held there that day, brought a hundred men to their feet, cheering enthusiastically, says the Portland Telegram. Perhaps there never was such an ovation given to a trainer. Certainly there never has been in the Northwest.

The team of stars that Hayward took with him to Spokane as representatives of the Multnomah Athletic Club was not only the greatest collection of athletes that ever ran a track in the Northwest, but it numbered men who that day equalled and broke records as though they were nothing. Hug, Kelly, McKinney are all the product of Hayward's training.

It was a great meet, according to the members of the team, who reached Portland this morning, tired but happy. Best of all every member of the team was glad, not because he had made such a splendid showing, but because he had done it for the honor of the Multnomah Club. It was the old club spirit that won the meet.

## KELLY GREATEST LIVING ATHLETE.

"As for Dan Kelly—he's the greatest athlete living today," said Hayward. "No living athlete equalled his performance that day. Think of doing the 100 yards in 9.35, then making three broad jumps, none under 23 feet, and the highest at 23 feet 9 inches, and running the 220 in 21 1/5, tying the world's amateur record. The track began with a turn, the most trying situation one could imagine. The record was made on a straight-away. Kelly, had he been pressed, could have made it in 21 1/5 have not the slightest doubt."

## Obituary

R. W. Baker died at his home at Turner, Or., June 4th, 1906, at 5:30 p. m. Although a sufferer for many months past the end came suddenly and somewhat unexpected.

The deceased was born in Illinois July 12, 1832, and was 73 years, 10 months and 28 days old at the time of his death. He went to Arkansas with his parents when a small child and in 1836 moved to Missouri; in 1837 to Iowa; in 1862 the deceased moved to Idaho and in 1867 he came to Turner, Or., where he had since resided.

The deceased was married to Eliza Etheridge, who with three children, Mary E. Wheeler, of Lents, Or., J. W. Baker and Ids Lyons, of Turner, Or., five grandchildren and one great grandchild, survive him.

Twenty-two years ago the deceased united with the Southern Methodist church and was esteemed by all who knew him as an honorable Christian man.

Replace your old matting with new, bought at Chambers' Hardware.

## JOE WILLIAMS, PAINTER, KILLED NEAR PORTLAND

Word was received in Eugene last evening that Joe Williams, a painter, well known here, having worked for some time until recently for L. A. Overton, had been accidentally killed between Portland and St. Johns.

No particulars of the accident can be obtained. Mark Hadsall, of Fairmount, left on this morning's early train to look after the body and take it to Roseburg for burial.

Williams went from here to St. Johns, where he had been working at his trade. He has a wife and children who are living on his ranch on the north fork of the Umpqua river in Douglas county.

## CIRCUIT COURT CASES DISPOSED OF TUESDAY

Harry A. Whiteman vs. Mary E. Whiteman; divorce. Decree of divorce.

C. W. Miller vs. Oregon Blue River Mining Company; to recover money. Judgment for \$407.63, sale of attached property.

Glen O. Powers vs. Oregon Blue River Mining Company; to recover money. Judgment for \$80.35, sale of attached property.

Frederick R. Welch vs. Lucy May Welch; report of referee. Allowed.

\$43. Witness fees to be paid 20 days.

State of Oregon vs. Howard and Homer Farlow; giving bond a minor. Arraigned. Thursday a. m. set for plea.

Nellie E. Gosser vs. Fred Farlow; divorce. Taken under advisement. Lucinda Farlow vs. Homer Farlow; divorce. Decree of divorce maiden name restored.

The Rock Island Plow Company vs. A. L. Peter, surviving partner of firm of Loughmiller & Peter; to recover money. Judgment for interest at 6 per cent.

Lewis Gleason vs. the Consolidated Mining Company; F. Wyatt, O. H. Willard, Norman, John H. Blatter, Daniel and Daniel E. Snapp, trustees; closure of lien. Demurrer to motion to dismiss without costs allowed.

W. W. Neely vs. J. Felton; injunction. Set for trial July 10.

Marshall Wells Hardware Company vs. Alvin A. Muck and Muck; foreclosure. Decree.

Catherine T. Stockton vs. Council of Royal Arcanum; to recover money. Continued for trial.

## Born

At Elmira June 21, 1906, to Mr. Deming and wife, recently Shaniko, Or., a daughter.

At the annual school meeting at Florence last Monday Mrs. A. E. Pickle was elected president. E. W. Colib was elected vice president. Wm. Kyle whose term expired.

**D**ENTISTRY today is progressing beyond all expectations both operative and prosthetic; so, by the late appliances it is possible to do dental work without much pain. We believe that a farmer who would be guilty of plowing with a crooked stick, as they once did, would be prosecuted; so, if we progress, we must adapt ourselves to modern methods. With this mind, let us have your ear just a moment. We have located your county seat permanently, and to be able to do this we must be up to the times, both in methods and appliances. In our office you will find everything known to the dental profession to ease pain and make you comfortable. Our power and heat is by electricity. Electrical Dental Engine gives a steady, even pressure. Electrical Sterilizer—before each use of the instruments they are sterilized; Electric Fan keeps you cool by a constant stream of air; Electric Hot Air Syringe gives a warm blast of air into the teeth, relieving the shock which cold air produces. Compressed air feeds the atomizer which is filled with antiseptic solution used after each and every operation, taking away every chance of blood poisoning. Imperial Columbia Chair can in a moment be changed to suit the little ones. Fountain cuspidor throughout passes a stream of water, leaving a cleanly appearance and sanitary condition. Saliva Ejector takes care of spittle as fast as it accumulates, relieving the patient of all discomfort caused by especially when rubber dam is applied. By this method we treat and save abscessed teeth, old roots, make them good and save by our crown work. Gold fillings are placed in your teeth by hand pressure, doing away with all soreness and the agonizing having it hammered in.

Eugene, Oregon. S. D. READ, Dentist
