SAYS BRIDGE WILL BE FINISHED IN 15 DAYS

John P. Jones, traveling passenger agent of the Southern Pacific Company, was in the city today, investigating the merits of the scheme of the Eugene Merchants' Protective Association to operate several passenger trains daily between Eugene and Wendling and Natron after the Springfield bridge is completed.

To a Guard reporter Mr. Jones expressed himself as being of the opinion that the request of the association is rather extravagant in that the business would be very small for as many trains as asked for. He intimated, however, that a good liberal service may be established, one which the business of the territory justifies.

Mr. Jones visited Springfield this morning to confer with the people there in regard to additional train service and to ascertain their needs. He stated to the reporter that judging from the present indications the new bridge will be ready for trains within 15 days. Work on the steel frame was begun at four o'clock yesterday afternoon and has made wonderful progress since then.

COTTAGE GROVE NEWS OF GENERAL INTEREST

The Veatch hunting party reached town on Friday evening last. The members have to their credit as many deer as they could handle and ten bear. The pelts of a few of these were taken but midsummer is not the time to find fur on the back of bruin. Bears were very numerous on the grounds tramped over by the party, though deer are not as plentiful as on former visits. Henry Veatch killed one deer that shows a freak never before seen or heard of by any of the local hunters. This animal had one well developed three-point horn, but its mate is only a little knot not larger than a small marble. The antlers are yet in the velvet.

Several cars of steel girders for the S. P. Company new bridges over the Coast Fork near town, are in the local yards and ready for placing. A freight train bumped into one of the cars this week and sent the load over the end of a switch, resulting in half the car resting on mother earth. The mechanics will soon have the car back on the rails.

The Winchester outing party, which included Cornie Coffman and family, W. S. Bennett and family, J. C. Wheeler and family, G. B. Hawkins and family, Amos Stewart and wife, Misses Eva Bohlman and F. D. Fritz and Mrs. Cole, returned home last Thursday after having had a 15 days' outing on the bay.

The Brown Lumber Company has completed the siding of one-fourth mile in length, leaving the main line of the O. & S. E. railroad just beyond the two-mile post.—Western Oregon.

AX BILLY CO. BUYS MARCOLA STORE

C. Cole, the veteran merchant of Marcola, has sold his general store at that place to J. D. Fields, Robert Gano and Frank Trueman, proprietors of the Ax Billy department store in this city. They will take charge on October first, and one of the three members of the firm will conduct the store.

Mr. Cole has been in the mercantile business on the Mohawk for the past 30 years. He will hereafter devote his entire attention to the sale of lots in the townsite of Marcola which he owns. With the advent of the Southern Pacific company's new sawmills in that vicintiy quite a town is expected to spring up there.

Peters Cartridges

ESTABLISHED THE WORLD'S RECORD

2481 out of a possible 2500 made by W. A. Tewes. 80 per cent of the contestants used Peters Cartridges, the semi.smokeless kind.

First honors at Zettler Rifle Club Open Tournament, New York, March 10-17, 1906, 100 shot match won by Arthur Tubarle, score 2468.

Seven of the first ten prize winners used Peters .22 short cartridges.

Zimmerman Trophy won by L. P. Ittel. Best buliseye made by W. Rosenbaum. L. C. Buss and L. P. Ittel made the possible 2 25 on the Ring Target.

If there ever was the slightest doubt in any mind as to the superiority of Peters Cartridges of all calibres, that doubt has been dispelled for all time by the results of the Sea Girt, Grand Rapids and New York tournaments. The various winnings and high scores were not the result of accident, but may be credited to good holding and ABSOLUTELY PERFECT AMMUNITION. The inevitable conclusion is that if Peters Cartridges, whether large or small calibre, are equal to these most crucial tests, they are the best to use in any kind of shooting, either target practice, hunting, police or military purposes.
