TAFT ARRIVED IN HAVANA CITY EARLY TODAY

After Receiving Secretary of State He Visited President Palmar--Best Informed Persons Certain That United States Troops Must Come In the End

Havana, Sept. 19.—Taft and party arrived at 7:30 o'clock this morning and received Secretary of State O'Farrell on board the Des Moines. At 10 o'clock he called upon President Palma.

The American commissioner, accompanied by a delegation of liberals, headed by Zayas, representing the insurgents, and a party of government supporters, left at 11:40 for Minister Morgan's house at Mariano to begin the discussion of the situation.

Six hundred marines from the Dixie and Marietta have landed at Cienfuegos. It is supposed that American merchants appealed for protection.

Those well informed say that the American troops are certain to come. It may be weeks and possibly months, but it is inevitable. Both sides talk peace but declare they will make no concessions. Ninety per cent of the property is owned by foreigners, and they are practically solid for annexation to the United States.

READY TO FORCE PEACE.

Washington, Sept. 19.—If Secretary Taft fails to make peace in Cuba this government is ready to step in without delay and force quietude. The war department is going ahead with preparations to embark five thousand men from Tampa, and it is generally admitted that armed intervention will follow the failure of the emissaries to conclude peace.

LUMBERMEN FILE CHARGES AGAINST ROADS

Chicago, Sept. 19.—Charges of extortionate methods in the collection of freight rates for shipments of lumber were filed with the commerce commission today by the Pacific Coast Lumbermen's Association. It is alleged that the roads have forced dealers to furnish braces weighing from 500 to 1000 pounds on each car and pay freight on the braces. The dealers claim they should not be forced to furnish equipment for roads and then pay freight on the same equipment. They also claim they are forced to pay \$10,000,000 yearly to Western roads to supply their deficiency in equipment.

NORCROSS, OF MICHIGAN, TO COACH O. A. C.

Cornwall, Or., Sept. 18.—F. H. Norcross of Michigan will coach the Oregon Agricultural college football team. The deal was closed last night. Norcross will arrive tomorrow or Thursday. He has been four years on the University of Michigan team and served as captain and halfback. At a meeting of the student body tomorrow the graduate athletic manager will be elected. Practice begins immediately. Some good material has arrived, also several old players.

SENATOR BAILEY MAY BE OPPOSED

Fort Worth, Texas, Sept. 19.—Pierce's testimony at the St. Louis hearing, showing Senator Bailey's connection as an attorney for the Waters-Pierce Oil Company, has caused a fight to be made on the senator in some counties, although the Democrats voted his endorsement at the late primaries. It is possible that the legislature may refuse to ratify the verdict at the polls.

J. M. Hamilton, who lived here 20 years ago, residing in Eastern Oregon since, has returned to Eugene to spend his remaining days here. He and his family will reside at 66 West Sixth street.

ONLY THREE ARE MISSING IN TRAIN WRECK

Lawton, Okla., Sept. 19.—It is estimated that the dead list of the wreck is low this morning. Railroad officials declare that only nine persons rode in the smoker at the time the train plunged into the river, and they are all accounted for except three. It is still possible, however, that the subsiding waters may reveal more bodies.

The survivors tell harrowing tales of narrow escapes from death.

The engine, mail and baggage cars, and one day passenger coach went into the river, and the smoker is partially submerged.

ONLY THREE MISSING.

Chicago, Sept. 19.—The headquarters of the Rock Island railroad have issued an official bulletin saying that only three are missing in the wreck in Oklahoma and they hope to find these alive.

IMMENSE RUN OF SALMON IN SIUSLAW RIVER

Wm. Brynd, one of the prominent citizens of Florence, arrived in Eugene on last night's stage having come out to look after his hop yard near Junction. He informs the Guard that the present run of Chinook salmon in the Siuslaw river is an unusually good one, more coming in and being caught than for several seasons past. The fish on the average are also much larger than usual, a number of immense ones having been caught since the season opened.

The two canneries, O. W. Hurd's at Acme and Kyle & Sons' at Florence, are both very busy an expect to have a larger pack this year than for some time past. There are a large number of fishermen employed on the river, and they are all making good money, each bringing in a big boat load every morning. Silversides are just beginning to come in and they, too, promise to be very plentiful.

Kyle & Sons' new cold storage plant at Florence is now in operation and a large number of salmon are being preserved in ice for the out-of-season use. A cold storage plant has long been needed at Florence and now that it has been established it is thoroughly appreciated by the citizens of that place. Ice is manufactured for custom trade and a big business is done.

FINED FOR CARRYING CONCEALED WEAPONS

Justice of the Peace R. S. Bryson last evening at seven o'clock fined Joe Neal \$25 and costs for carrying concealed weapons. He resides at Creswell. The arrest was the result of a neighborhood row in which Neal displayed a pistol.

Married

At the Catholic rectory September 18, 1906, Arthur Donoghue and Josephine Crow, Rev. Father O'Farrell officiating. They will reside at the Lucky Boy mine.

B. E. Williams, of Dexter and Miss Nola Keever, of Bend, were married at the latter place Sept. 2, 1906. They have just arrived here and will make their home at Dexter. Mr. Williams is the son of Chas. L. Williams, the well-known logging contractor.

W. H. Wood and Mrs. Eula B. Lonsberry, both of this city, were married in Albany Sunday evening at 7:30 o'clock by the Rev. S. A. Douglas, pastor of the Baptist church. The ceremony was performed at the Baptist parsonage in the presence of a few relatives and friends of the contracting parties. Mr. and Mrs. Wood arrived in Eugene this afternoon and will leave here Saturday for Klamath Falls, where they will reside. Mr. Wood is a well-known farmer and his bride is a stenographer, a sister of Attorney G. F. Skipworth. They have many friends who tender them congratulations.

EMMA WATSON IS RELEASED AT PORTLAND

Convicted Land Frauder Turned Out of Jail Upon Order of Federal Authorities--Was Convicted Nearly Two Years Ago But Never Sentenced

Portland, Sept. 19.—Emma Watson, companion and co-defendant of S. A. D. Puter, under conviction for complicity in Oregon land frauds, was released on her own recognizance from the county jail today, where she has been held a prisoner since July, when she was surrendered by her bondsmen. Sentence was never passed upon her, though convicted in December, 1904.

Mrs. Watson was released at the instance of the federal authorities, presumably in return for the evidence furnished by the woman and Puter.

SURVEY JUDKINS' POINT ROUTE TO SPRINGFIELD

A. Welch, general manager of the Willamette Valley Co., was in Eugene today, having stopped off on his way back to Portland after having been at Roseburg looking after the electric plant there which his company recently purchased.

While here this forenoon Mr. Welch, accompanied by Local Manager Hodgson and Councilman L. O. Beckwith, took a drive through the country between Eugene and Springfield on both sides of the river for the purpose of further viewing out a route for the proposed trolley line between the two places. He informed a reporter that engineers will begin the work of making surveys for the line through the city and on to Springfield by way of Judkins' Point within a few days. He has left the matter to Local Manager Hodgson, who will at first employ local engineers and later the company will send a corps up from Portland. Mr. Hodgson stated that he had not yet chosen his surveyors, but expects to within the next day or so.

After the Judkins' Point line is surveyed a line on the other side of the river, starting from a point across the river from the end of Washington street, will be run and the route deemed the most feasible will be selected.

INCREASE LIGHT SERVICE
Manager Hodgson, in talking to the reporter, stated that the company will at once put in an additional 6000-volt line between the big electric plant at Springfield and Eugene, which will double the capacity of the lighting service here. The work will begin within a few days.

MASONS END WORK WITH BIG BANQUET

(From Saturday's Guard.)

Tonight's meeting of the Masonic fraternity ends the continuous encampment which has been held in this city all week. After the work is completed a grand banquet will be served. It promises to be the finest and most elaborate ever given by any order in this city. The committee, consisting of Dr. Geo. Wall, W. M. Preston, and Dr. C. W. Lowe, have spared neither pains nor expense to secure the best obtainable, sending to Portland for some of the things that could not be secured in Eugene. Quite a number of visitors from other cities, besides those from Coos Bay who have been taking the degrees, have arrived and will be in attendance at the banquet. One Mason came all the way from Dunsmuir, Cal., for the express purpose of enjoying the affair.

Among the visitors are: John A. Shaw, of Mill City; H. B. Thielson, of Salem; Wm. Warner, of Salem; P. J. Gilbert, L. C. Marshall, J. W. Cusick, H. Bryant, T. J. Butler, C. G. Rawlins, D. P. Mason, R. E. Mason, W. R. Blyen, F. J. Miller, W. E. Baker, all of Albany; D. E. Vernon, of Oakland; I. W. Sommersville, of Harrisburg; Dr. C. L. Williams, of Junction, and Jerry J. Wilson, of Dunsmuir.

WORST TYPHOON IN HISTORY OF HONG KONG

Hongkong, Sept. 18.—One thousand were drowned in a typhoon which struck this city yesterday morning at 3 o'clock, and immense damage was done to shipping. The storm lasted two hours, and while it was in progress business was suspended.

Among the vessels wrecked are the Canadian Pacific steamer Mountain Eagle, the German steamer Johanne and the British steamers San Cheung and Satsan. Of the latter three all the crews were drowned.

The disaster is one of the worst in the history of this city. Scores of vessels were swamped and beaten to pieces. The American sailing vessel, S. P. Hitchcock was among the vessels which went ashore, and it is understood that six steamers foundered in the harbor. Nearly every vessel lost went down with all on board.

The harbor was filled with native junks and the native crews were drowned like rats.

Later reports say that the dead will number thousands.

Hong Kong, Sept. 19.—This city is filled with dead today, the waves washing the bodies of the typhoon victims ashore. The loss of life is indefinite, but is probably near a thousand.

Reports of new disasters from the typhoon are being made hourly. Only a few Europeans are missing, and the Chinese are calm, giving little manifestation of grief. Among the missing are the bishop of Victoria, Dr. J. C. Hoare, who was en route to visit neighboring islands. His launch was found bottom up.

Latest reports are that the dead number thousands. One craft alone carried one hundred and thirty Chinese to the bottom.

The foreign colony is apprehensive of a native uprising.

CATHOLIC CHURCH CONTRACT LET TO SALEM MEN

The building committee of the Catholic church opened the bids on the new church building last night.

Welch & Maurer, of Salem, who are erecting the new library building at the university, were the lowest bidders and were awarded the contract. The bids were as follows:

W. H. Alexander, Eugene..... \$6196.00
W. O. Heckart, Eugene..... 5812.00
M. J. Buley, Eugene..... 5312.26
H. Williams, Eugene..... 5250.00
Welch & Maurer, Salem..... 4914.00

Separate bids on the heating plant were asked for. Welch & Maurer's was \$243, making a total bid of \$5157.

ODELL BADLY BEATEN; MURPHY PULLS THROUGH

New York, Sept. 19.—In a bitter clash of opposing factions in yesterday's primary elections in New York county, Congressman Herbert Parsons, chairman of the county committee, won a sweeping victory for the control of the Republican party, while Charles F. Murphy, leader of Tammany Hall, retained his position at the head of the organization by a narrow margin.

The Parsons victory in the Republican party was a complete rout for the faction led by State Chairman R. B. Odell, Jr., and Lemuel E. Quigg. Mr. Parsons had the backing of President Roosevelt and Governor Higgins. He telephoned to the president at Oyster Bay tonight, telling him of the victory and received Mr. Roosevelt's warmest congratulations.

NEW SPRINGFIELD PASTOR ARRIVES

Rev. W. C. Sale, the new pastor of the Baptist church at Springfield, arrived today from Ione, Or., accompanied by his wife. There will be preaching at the church Sunday at 1 a. m. and 7:30 p. m.

Misses Neva Perkins and Lulu Currie, of Cottage Grove, are among those attending the teachers institute.
