Havana, Oct. 3.—The disarming of rebels began today under the supervision of General Funston. There was no opposition and some were permitted to keep their guns, which were their personal property. THIRTEEN MILLIONS PROPERTY DAMAGE BY GREAT STORM

Atlanta, Ga., Sept. 28.—The loss by the storm in the gulf states, according to reports received today, will total \$13,000,000. The greatest damage was done to the cotton crop, while \$1,000,000 damage was done railroad property.

Jackson, Miss., reported three hundred thousand bales of cotton destroyed, the loss being \$12,000,000. Delayed trains from the devastated district bring the news that crops throughout the Mississippi valley suffered greatly. Vessels were warned of the storm and remained in port, so it is believed that shipping losses are not great.

Advices from New Orleans say that despite the general anxiety because of meagre advices, it is believed that no lives have been lost.

Passengers arriving from Macon stated that while the train was there a hotel collapsed and killed two persons.

DISASTER AND DAMAGE REPORTED WIDESPREAD

Monticello, Miss., Sept. 28.—Reports here are that the pine forests are greatly damaged and that shipping

at Vicksburg suffered. Reports of loss of life tell of only one death. The reported hotel collapse at Macon, killing several, is not confirmed. The tug Clark arrived from the lower river this morning and reports sighting the wrecks of three loggers, their occupants being unseen. The banks of the river are strewn with the household goods of fishermen who escaped to high ground.

MILITIAMEN TO CONTEST IN BATTALION SHOOT

Quite a good deal of interest is being taken in the coming battalion shoot by the members of the local militia companies. The First separate Battalion have a cup which must be won three successive times to become the property of a company. At present the Roseburg company has it, while Company A, of Eugene, had it a year ago. This year each company is to shoot on their respective target ranges. Friday, October 12, Company A will shoot, and Saturday, October 13, Company C will endeavor to win the trophy. There is also an individual battalion medal to be contested for at that time, now being worn by Sergeant R. E. Morris, of Company A.

Company C, of this city, has put up two company medals, one a \$10 medal for the best score made, and the other a \$5 medal for the best score made by a member who has not qualified as marksman.

Company A, which has a reputation of always looking for something to eat, has spurred the ambition of their members by dividing the company into two sides, with First Sergeant Copperrnoll leader of one side and Quartermaster Sergeant Huntley of the other, the losing side to banquet the winners, the contest ending with the target season, which closes this month.

The militiamen this year have all put forth great efforts at the range, as their ability to use the rifle there marks the effectiveness of a military organization and the desire of each organization to be considered the best creates a friendly rivalry among the companies.
