

The Friendly Store News for Tomorrow's Shoppers

Women's Tailored Suits Reduced 20%

Tailored Suits are extremely popular—they are made from mannish tweeds and fancy worsteds, in checks, plaids, mixtures and plain colors, properly cut with style and grace in every line, splendidly tailored and conservatively trimmed. Coats 26 to 29 inches long, skirts properly and splendidly styled, sizes for all. On account of a rebate forced from a manufacturer, because he did not ship them as ordered, we are offering about 25 of these smart popular fall suits at just 20% less than they are worth, or than you will pay elsewhere for similar garments.

LETTER FROM HOP GROWER IN ENGLAND

Stephen Smeed, of this city, has just received a letter from his nephew, John Barnett, in northern Sussex county, England, who writes under date of September 16. The letter tells of hop conditions in England. The Guard is permitted to copy a portion of the letter as follows: "To be brief, we have just finished hop picking, and a very small crop indeed, have we gathered. I will state my own case, and when I state that it is fair sample of the rest of the country you will have an accurate idea of the hop crop here this year. I have now nearly eight acres in full pole. I set them when we began at 2 1/2 tons of 6 cwt. per acre. We have filled 23 pcks. weighing about 12 to the ton, so you see where I am. "There were for the year exceptionally fine pieces of hops at a very few farms which were set to produce a ton to the acre, but the harvest that I have heard of and they are nearly all picked, was a piece that averaged 14 cwt. per acre. Last year our pick- ing ran into five weeks, and in some cases as much as six, but this year it will be all over, with the exception of a few cases, in a fortnight. "Some of our experts in statistics relating to the hop crop put it at nearly the same as 1904, but the farmers know it to be considerably less than that, and are expecting to make from 18 to 20 per cent., and even at that price there will be a loss in a great many cases. I hope the American growers won't push matters and then there will be a chance to keep the market up, for the hops will all be wanted, yours as well as ours."

as heavy as expected earlier in the season but no real shortage exists there. A feature of the present situation in hops is the backsliding of some growers who sold their crops in advance around 10c a pound. It is claimed by the dealers who have written these cheap contracts that growers who have tied up their crops claim they did not produce near as many pounds as the contract calls for while all around them the production is about equal to that of a year ago. The dealers claim these growers are stealing their hops away from the yard and selling them to other dealers for higher figures than the contracts call for. There is some talk of legal difficulties on this account.

TALK OF HOP ORDERS. At this time the belief is general that the hop market is on a legitimate basis and that the low point in prices has about been reached. This is from the standpoint of dealers who are holding contracts. On every side there is talk of the market rising from 15 cents upward this season. Some dealers claim that the market will likely touch as high as 20c. This, however, is all a guess at this time. A few orders are reported in for strictly choice goods at 16c, with 15c as the basis for primes. Only nominal sales reported.

Eggs—29@30c.
Grain bags, 9@9c.
Creamery butter, 26@27c.

PORTLAND MARKET REPORT.

Portland, Oct. 4.—Dealers in country produce generally look for a break in poultry very quickly. Today's receipts were, up to noon, not particularly heavy, but nearly all dealers had more or less on hand. Prices today were barely held up to quotations, but as some of the coops contained extra fine hens, it was thought that for these last week's figures would be realized. Eggs continue very firm at 29@30c, with supplies holding out better than was expected. Butter is coming in from the country quite up to requirements of the local demand, but little shipping trade is in evidence, the sound taking occasional lots, and some nearby towns taking small lots. City creameries will send out new price list this afternoon, and, as stated yesterday, some of the big concerns will put the figures up to 32 1/2c. **SITUATION CHANGING IN HOPS.** A reaction is now due in the hop market. The season is getting quite advanced and samples are showing up quite well, especially those who have not contracted. There is a firmer tone noted on the continent on account of the threat of the growers there to dig up their yards. The improvement is especially noticeable in England, where the market has been at a standstill for some time. Germany continues firm with prices ruling about the same, but the tendency seems upward at this time. American markets continue of the quiet order, but while there is little business offered in New York, the tone is somewhat better than a week or two ago. The shortage in the European crop is the incentive toward strength at this time. All American centres have almost as heavy, if not quite as heavy, crops as a year ago. California claims somewhere in the neighborhood of 100,000 bales, while Oregon reportedly produced 114,000 bales. The crop in Washington is not quite

Goshen Items

Special Correspondence.
Goshen, Oct. 3.—For the past month the Goshen hotel has been crowded to its utmost capacity. James Hastings left Goshen last Thursday for Cedar Flat, where he expects to winter. Mr. and Mrs. Hampton and smaller children left Saturday for Baker City, where Mr. Hampton will engage in the hardware business. The Goshen school started Monday under the supervision of Professor Hewitt. Sam Black, of Springfield, has rented O. E. Thomson's ranch for one year. E. Bradley and family, who have been living in this vicinity for the past seven years, leave today for California, their former home.

Notice to Whom It May Concern

I hereby notify any and every party, who heretofore has had anything to do with selling my farm near the Bailey schoolhouse, 5 1/2 miles from Eugene, either verbally or by writing, to quit. And I further notify said party or parties that my farm is absolutely off the market at this date, and forbid any further action regarding the sale of the same. Dated October 2, 1905. I t d 2 w ALBERT KNAB.

Blood Poisoning

results from chronic constipation, which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor, cure sour stomach, nausea, headache, dizziness and colic, with griping or discomfort. 25c. Guaranteed by W. L. DeLano druggists.

The 1905 washing machine saves half the labor of washing. See the new 1905 gravity machine. We give 30 days trial. Chambers' Hardware Co.

FRANK MITCHELL MAKES ESCAPE FROM JAIL

Frank Mitchell, the notorious criminal who was captured on the passenger train at Eugene last spring by Sheriff Fred Fisk and Chief of Police Ed Farrington and afterward taken to Lewiston, Idaho, escaped from the jail there Sunday night. A press dispatch tells of the escape as follows: "Lewiston, Ida., Oct. 1.—Frank Mitchell, charged with murder, with E. C. Roby and Frank McIntire, federal prisoners, escaped from the county jail last night at 8 o'clock. After covering Jailor Ferris with a gun and locking him in a cell with an insane man, the officer was bound and gagged. Mitchell held the gun, which was evidently passed to him in the courtroom during his hearing last Wednesday on the charge of murdering Antonio Broncheau, a half-breed Indian, at Cul de Sac during a dance last year.

"Mitchell was later captured in Oregon, where he was living with his wife under an assumed name. Besides murder, there are a number of charges of robbery against him and he is sought by the Northern Pacific railroad. Harry Draper's famous train-roads arrived here today from Spokane and have taken up the trail. It is believed that confederates are aiding in the escape. Mitchell was the leader and compelled McIntire to accompany him. The latter returned to jail last night of his own accord."

O. N. G. READY FOR CAMPAIGN DOWN IN CUBA

Portland, Oct. 2.—The Oregon National Guard has volunteered its services, through Governor Chamberlain, to the president for the Cuban campaign.

RAN AWAY WITH 14-YEAR-OLD GIRL

(From Tuesday's Guard.) Last evening Justice of the Peace R. S. Bryson issued a warrant for the arrest of one Dubois, aged about 25 years, for the abduction of Mabel Conrad, aged 14 years, step-daughter of Homer Kelly, of Marcola. Dubois is alleged to have enticed the girl away from home, coming to Eugene Sunday and leaving on the night train for the south. Sheriff Fisk has charge of the case and is keeping the wires hot out south in hopes of apprehending the couple.

SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—lowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each. "I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Lacombe, Iowa, Oct. 1, 1905." Complete External and Internal Treatment for Every Eruption of the Skin. From Eruptions to Acne, Pimples, Itching, Bores, Eczema, Scald Head, Ringworm, and all other eruptions. The Cuticura Remedies are sold by Druggists, Grocers, and Retail Dealers. Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent are sold in all parts of the world. Do not be misled by cheap imitations. Get the genuine Cuticura Remedies. "How to Cure for Skin, Scaly, and Itchy."

OF VITAL INTEREST TO EVERY CITIZEN.

MR. HERMAN ROESE. A Man of Prominence in School Circles and Overseer of the Poor Says Pe-r-u-na Has Proven a Most Efficacious Remedy.

Herman Roese, 18 New Butterfield St., Syracuse, N. Y., is President of the Board of Trustees of Webster graded schools, Dist. 8, in the town of Salina. He is also Overseer of the Poor, which position has afforded him ample opportunity for noting the causes of disease, as well as the best means of preventing and curing the same. He expresses his approval of the use of Peru-na as a very effective means of solving a problem of such vital interest to the community, as follows: "Exposure seems to affect the lungs and kidneys of the poor and I have seen hundreds of these who were broken down in health from this cause. I am pleased to tell you that Peru-na has proven a most efficacious remedy in a number of cases where no other medicine was used. I consider it a specific for any disorders of the respiratory organs."

METHODIST MINISTERS ASSIGNED

At the Methodist conference in Portland last night the ministerial assignments were announced. Rev. D. H. Trimble, of Fresno, Cal., is the new pastor for Eugene, Rev. L. E. Rockwell, who has served the church during the past year, going to Fresno. Rev. B. F. Rowland was reappointed presiding elder for the East Portland district and W. B. Hollingshead of the West Portland district. Eugene district—M. C. Wire, presiding elder, residence and address, Eugene. Coburg and Crawfordville—J. H. Skidmore. Cottage Grove—J. L. Beatty. Creswell—J. L. Stratford. Junction City—F. S. Clemons. Lorane, to be supplied. Springfield—W. M. Erskine. Harrisburg and Halsey—Geo. Clark. Weedling—To be supplied. Roseburg—A. B. Boyd. Medford—W. C. Reuter.
