COTTAGE GROVE WILL VOTE ON PROHIBITION

The Cottage Grove city council met in regular monthly session last Monday evening. The mayor, recorder and all the councilmen were present except Councilman Johnson. An initiative petition for an amendment to the city charter giving the city a right to vote on local option was presented. The election is set for Saturday, October 20, 1906.

The work of grading the extension of the O. & S. E. railroad to Diston is nearing the finish, there remaining only between five hundred and eight hundred feet. The job is somewhat tedious, however, as it has to be done by hand with a shovel. The work is a shallow cut and there is so much gravel and boulders that a scraper cannot be used. The company is anxious to complete the grading before there is much rain. It was difficult enough to get men during dry weather, and after the rains set in it will be almost impossible to hold them.

A goat herder on the hills about the source of the Siuslaw states that he lost seventeen goats one night last week, which he lays to the marauding bear. More than likely he is mistaken as to bear. Cougars will kill more than they eat—seem to kill goats and sheep for amusement, and the destruction should be laid at the door of the great mountain cat.

Mr. and Mrs. T. W. Jenkins left on this morning's train for Omaha. Tom is a delegate to the supreme lodge of the Modern Brotherhood of America, which convenes in that city next week. While gone they will visit Denver, Salt Lake City and other cities. They expect to be gone about a month.

The property owners of the Coast Fork road are circulating petitions calling meetings in the several districts for October 12, to consider the matter of levying a tax, and if thought advisable, to vote the same to raise money to rock the wagon road between Black Butte and Cottage Grove, Western Oregon.

DISORDER IS REPORTED AT MANY POINTS

Havana, Oct. 5.—General Funston sent a detachment of marines to Guines to enforce order and compel disarmament. Turbulent insurgents there objected to surrendering their arms and while the most trouble is at Guines there is trouble this morning at several points.

Robbers last night attempted to sack a plantation house at Guanabacoa and the firing caused a panic in the village. The attackers were driven off.

Raiders are making trouble near Cienfuegos.

WATCHING EX-OFFICIALS Secret service men have been ordered to watch all outgoing steamers. While the reason is unknown it is thought to be to watch ex-government officials until the finances of the republic are straightened out.

General Guerrero called upon Secretary Taft today in regard to disarmament and Taft is pleased with Guerrero's efforts for peace. Some of the other rebel chieftains have secretly used their influence to cause trouble.

LETTERS PUBLISHED.

Washington, Oct. 5.—Secretary Root made public late yesterday the correspondence leading up to the intervention in Cuba. The correspondence took place between Consul General Steinhart at Havana and Acting Secretary Bacon, of the state department. An important feature developed in the dispatch was that intervention was asked by the Cuban government as early as September 8, and that as long ago as September 14 President Palma had determined to resign as president of the republic and that the vice president and cabinet ministers had also determined to

HEARST GOES AFTER M'CARREN AND ALL BOSSES

Chatham, N. Y., Oct. 5.—Wm. R. Hearst today threw down the gauntlet to State Senator McCarren. He said in his speech:

"McCarren classes himself as a Democrat, but that don't make him a Democrat. The McCarren ticket cannot command the support of honest Democrats nor honest independents."

Hearst's defiance of McCarren was like a bombshell in the Tammany camp this afternoon and is taken to mean that the whole Hearst canvass faces a grave crisis. Politicians are wondering if Hearst will follow his defiance of McCarren with a like defiance of Murphy.

Hearst's followers urge him to "get all bosses against him," and he seems to be following their advice.

McCarren has called a special meeting of the county committee for consideration of Hearst's attitude. It is reported that he has decided to advocate the support of Hughes, Rep., upon the ground that no regular Democrat is in the field for governor.

CURTIS GOULD IS AGAIN NOMINATED

Boston, Oct. 5.—The Republicans by acclamation today nominated Curtis Gould for governor, Eben Draper for lieutenant governor, Wm. Ohm for secretary of state, Henry Turner for auditor, Arthur Chapin for treasurer and Dana Malone for attorney general.

The platform endorses Roosevelt's policies.

MORAN DOMINATES BAY STATE DEMOCRATS

Boston, Oct. 5.—John B. Moran, district attorney of Boston, elected as an independent, and already nominated for governor by the Independence League, dominated the Democratic convention of Massachusetts yesterday. Moran was nominated for governor and E. G. Brown for lieutenant governor. Bryan was also strongly endorsed.

MORE VICTIMS OF MINE EXPLOSION

Bluefield, W. Va., Oct. 5.—Seven more bodies were taken from the Pocahontas mine today and about ten more bodies are in sight, but the debris is retarding the rescuers. This makes twenty-five known to be killed and it is estimated that between sixty and seventy are dead.

SIR THOMAS AFTER AMERICAN BRIDE

Chicago, Oct. 4.—Sir Thomas Lipton called upon Mayor Duane at the city hall today and attended a luncheon at the stock yards. He did not deny he might seek an American bride, as well as arrange for an international yacht race. When asked about the girl he said:

"Now, that's a happy thought!"

BIG COUGAR DISPATCHED WITH STONES

(From Thursday's Guard.)

J. B. Young, of Fall Creek, while in town today told a Guard reporter of an interesting and exciting experience he and the three McClain brothers, of Hazel Dell, had with a big cougar on Heistow prairie, in the vicinity of Pine Openings, a few days ago. They were up on the prairie on a hunting trip and one day while quite a distance from camp without their guns their dogs ran across a cougar and soon had him treed. He was not very high up and the men began to throw rocks at him to bring him down. They pelted him good and hard for a long time and finally Mr. Young struck him square in the eye. That brought him out of the tree and he made for a rocky bluff not far distant, where he shielded himself behind a projecting rock.

The dogs couldn't get at the brute, neither could the men hit him with rocks, but finally Mr. Young concluded to get a big rock and climb above the cougar and drop it on his back, in hopes of killing him that way. The rock was secured and dropped, but it grazed the cougar's side without injuring him. The big cat then jumped down the precipice, a distance of about 50 feet, and the men expected to find his lifeless body at the bottom of the canyon, but in stead saw him making for another tree. This time he climbed further up and the men noticed that he was very weak from the pelting he had received and from his long jump. Rocks were again brought into use and soon the cougar descended again, and for the first time showed fight, knocking the dogs right and left with his big paws and narrowly missing one or two of the men. In his weakened condition, however, he did not last long, and was soon dispatched.

Two hours and a half elapsed from the time the cougar was first seen till he was finally killed and every minute of that time there was "something doing," enough excitement for the most fastidious. The animal measured six feet seven and a half inches from tip to tip.

SOUTHERN PACIFIC COMPANY ASKS \$10,000 DAMAGES

(From Thursday's Guard.)

The Southern Pacific Company today instituted suit in the circuit court against Ernest E. Ira D. and Wilbur H. Hyland, doing business under the firm name of Hyland Lumber Co., to recover \$10,000 damages for the alleged non-performance of a contract to deliver to the plaintiff 50,000 first-class red or yellow fir sawed cross ties.

The railroad company alleges that on or about January 4, 1905, the plaintiff and defendants entered into an agreement in writing for the purchase of the ties; that on or about September 13, 1905, the defendants delivered to the plaintiff 27,753 of the ties, but have refused to comply with and carry out the terms and conditions of the contract. The railroad company alleges that it has been damaged in the sum of \$10,000, and asks for a decree against the defendants for that sum, together with costs and disbursements.

W. D. Fenton, R. A. Leiter and J. M. Pipes are the railroad company's attorneys.

The Hyland Lumber Company until recently conducted a sawmill at the Mohawk, selling out to a Mr. Yergor, of Los Angeles.

PRESIDENT ROOSEVELT SPEAKS AT HARRISBURG

Washington, Oct. 4.—President Roosevelt left for Harrisburg, Pa., at 7:50 this morning, where he will speak at the dedication of the state capitol. He was accompanied by Senators Knox and Penrose, Dr. Rixey and others.

Harrisburg, Oct. 4.—At the dedication exercises President Roosevelt was the centre of attraction, his address being the feature of the program. The great crowd welcomed the executive of the nation warmly. The president spoke in the rain with little rivulets of water running down his face onto his shirt bosom.

THE PRESIDENT'S SPEECH

After referring to the position Pennsylvania has occupied in the life of the nation, President Roosevelt spoke in part as follows: "Through our legislature you have abolished passes; you have placed the offices of the secretary of the commonwealth and the insurance commissioner upon an honorable and honest basis of salary only by abolishing the fee system; you have passed a law compelling the officers and employees of great cities to attend to the duties for which they are paid by all the taxpayers, and to refrain from using the power conferred by their offices to influence political campaigns; you have prohibited the solicitation or receiving of political assessments by city employees; you have by law protected the state treasury from depredation and conserved the public moneys for use only in the public interest; you have by a law for the protection of the elective franchise made tampering with the ballot boxes and the casting of illegal votes so difficult as in all probability to be unprofitable; you have provided a primary election law which guarantees to the voters free expression in the selection of candidates for office; you have by law regulated and improved the civil service systems of your greatest cities; and, finally, you have passed a law containing a provision which I most earnestly hope will in substance be embodied likewise in a law by the congress at the coming session—a provision prohibiting the officers of any corporation from making a contribution of the money of that corporation to any candidate or any political committee for the payment of any election expenses whatever."

LUMBER COMPANY IS INCORPORATED

The Curtin Spur Lumber Co., of Cottage Grove, filed articles of incorporation with the county clerk today. The incorporators are H. F. McCormick, Philip Hohl and J. C. Johnson. The capital stock is \$25,000, divided into 250 shares of \$100 each. The objects of the corporation are to do a general lumbering and logging business, to build, equip, maintain and operate water powers, electric light plants and to conduct a general merchandise business.

The company now operates a small sawmill several miles south of Cottage Grove.

Died

(From Thursday's Guard.) Mrs. John Blanton died at Chesire's hospital last night, aged 39 years. She was aged 39 years, a native of Ohio, and leaves a husband, father and mother and three brothers, Rev. F. M. Horn, of Eugene, being a brother. She was the daughter of J. M. Horn, of Elmira. Funeral will leave residence at 10 a. m. and services will be held at Mulkey cemetery at 12 o'clock tomorrow.

The infant daughter of Mr. and Mrs. Smith, of Fairmount, died October 2, 1906, of cholera infantum.
