## ELECTION RESULTS WERE BADLY MIXED

### LATEST RETURNS INCREASE LEAD OVER HEARST

Democrats Gain Governors in Kansas and Rhode Island--Many Results Are Still in Doubt Owing to Slow Counting But Certain That Neither Party Has Made Large Gains

New York, Nov. 7.—Almost complete returns from Greater New York for the state officers show that aside from governor, the democratic state ticket carried the greater city by pluralities of from 135,000 to 145,000. This would indicate that unless the Republican candidates for state offices below that of governor, ran ahead of Hughes above the Bronx, the full democratic state ticket, except governor may have been elected. Returns from the up state counties are too incomplete to warrant anything in the line of accurate forecast on these offices.

**OVER FIFTY THOUSAND.**  
Complete returns from Greater New York for governorship make Hearst's plurality 70,595. Incomplete estimated returns outside of the Greater city indicate that Hughes has a plurality of 129,690 or plurality in the state of 52,674.

### OLD MISSOURI RETURNS TO DEMOCRATIC FOLD.

St. Louis.—The election in Missouri resulted in heavy democratic gains over the vote of 1904, and while all the returns are not in yet, the indications are that the state has marched back to the democratic ranks. The legislature is democratic in both branches beyond a doubt. Democrats not only re-elected their five congressmen but made a gain of seven more.

### SUN FLOWER STATE GOES DEMOCRATIC.

Kansas City, Mo.—With complete official returns in 105 counties, W. A. Harris, democratic, according to the Star, has a plurality for governor over Hoch republican. Returns from the remaining counties can hardly change the final result.

### CALIFORNIA GOES SOLIDLY REPUBLICAN

San Francisco.—Returns from the interior of the state are yet incomplete, the count progressing unusually slow due to great amount of scratching. The most reliable estimates of pluralities indicate that Gillette, republican, is elected governor by 10,000 over Bell, democratic, his nearest competitor. His plurality in this city is 1,210. It is believed that a solid republican delegation has been elected to congress and the republicans will have a majority in both branches of the legislature.

### NEVADA ELECTS FULL DEMOCRATIC TICKET

Nevada.—Almost complete reports from the larger precincts of the state show a democratic victory. Bartlett, democrat, for congress will defeat Smith, fusion republican, by 3,000. Sparks, the present incumbent will be elected governor by about the same majority. The legislature will be close but majority of the holdover senators will be republican.

### IDAHO RESULT IS STILL MOST DOUBTFUL

Boise.—Democrats claim the state for Stocklager for governor by about one thousand. Republicans claim it for Gooding by two thousand. The legislature is believed to be republican, but returns are coming in so slowly that it is almost impossible to hazard a definite forecast of the result.

### ELECTION BRIEFS

Joseph Howell, republican, is elected to congress over Judge A. W. Powers, democrat, by 10,000. Many Mormon democrats voted the republican ticket in order to insure the defeat of the Anti-Mormon party in Utah.

Joint statehood carried in New Mexico but was overwhelmingly defeated in Arizona. The latter territory went democratic by a large ma-

### HUGHES BEATS HEARST, OTHER DEMOCRATS WIN IN NEW YORK STATE

Democrats Elect Governors in Kansas, Nevada and Rhode Island--Republicans Make Gains in Ohio, Pennsylvania and Massachusetts--House of Representatives Remains Strongly Republican--Colorado, Montana and Idaho Are Close--California Is Republican

New York state has elected Hughes, republican, governor over Hearst, democrat, by 60,000 majority. The latter carried Greater New York by approximately 80,000, but Hughes ran strong up state outside of the cities. Tammany hall showed up strong in spite of the defection of Mayor McClellan, Pat McCarren and former leader Richard Croker, electing its judicial ticket over the non-partisan candidates. Except governor the entire democratic state ticket is elected.

Throughout the country at large there were few surprises and little to indicate a change of political sentiment. Congress will stand republicans, 216; democrats, 163; still doubtful, 7.

Democrats have re-elected Governor Johnson in Minnesota by a large majority; elected J. K. Higgins governor of Rhode Island; re-elected John Sparks governor of Nevada and Bartlett for congress; elected Harris governor of Kansas; carried a large majority of the Oklahoma constitutional convention; elected delegate to congress from Arizona, which votes against joint statehood with New Mexico. The South is also solidly democratic as usual.

The republicans elect Stuart governor of Pennsylvania by 100,000 majority; Guild in Massachusetts by an reduced majority; Gooding in Idaho by a greatly reduced majority; carry entire state tickets in Iowa, Nebraska, California and Washington; republicans also make gains in Ohio, Michigan and Illinois. Nicholas Longworth is re-elected to congress from Ohio. Colorado and Montana results seem still in doubt with returns coming in slowly, the former probably going republican.

Wadsworth of New York and Babcock of Wisconsin, prominent republicans, were defeated for congress.

### SAILORS MUTINY AT PORTSMOUTH NAVY YARD

Portsmouth, Nov. 5.—A mutinous outbreak of five hundred sailors last night necessitated the immediate mobilization of the entire force of the naval barracks to prevent a more serious mutiny. The men had assembled in the gymnasium when a senior officer, a man of short stature, wishing to administer a reprimand for a breach of discipline ordered the front ranks to kneel so that he could see the men in the rear. The order was resented and the men ran amuck, wrecked the canteen and started to break out of the barracks with the intention of wrecking the quarters of the obnoxious officer. This they were prevented from doing by fixed bayonets of an overwhelming force. A number of men were arrested.

### Brevities

A force of men is busy raising the side tracks at the depot yards.  
Rev. I. G. Knotta, of Albany, today shipped to that city a dozen hens and two roosters of the Rhode Island Red breed which he had purchased from Dr. J. C. Gray, of this city.  
Jas. Hayes, representing E. Clemens Horst Co., today purchased 40 bales of hops from J. R. Liles and 85 from Hughes Bros., paying from 9 to 11 cents a pound.  
Mrs. A. J. Delay telephones the Guard in regard to her husband in a Portland hospital, that he is getting along nicely with every prospect of ultimate recover.

### ROBBERS MAKE HAUL AND ESCAPE CAPTURE

Ottawa, Ill., Nov. 6.—Two robbers who secured \$7000 from the Farmers & Miners Bank at Ladd last night made their escape after an exciting chase of forty miles, and numerous battles with the farmers who attempted to intercept them. The robbers abandoned their horses at Sheridan and caught a train for Chicago.

### Will Increase Wages

Reading, Pa., Nov. 6.—The Reading Iron Co., will soon increase the wages of its three thousand employes.

### CAR SHORTAGE GREATLY INJURING LUMBER BUSINESS

Booth-Kelly Company Needed 1500 Cars Last Month but Got Only 150--No Night Shifts at Mills and Wending Plant Not Running at All

R. A. Booth, of Eugene, manager of the Booth-Kelly Lumber Company, who is in Portland, says shortage of cars is working havoc with the lumbering industry up the valley, and that business cannot be transacted at a profit, says yesterday's Telegram.

We needed 1500 cars to ship lumber outside the state last month, and we got only 150," he said today. "There is no telling when we can get cars enough to operate our mills. We have four sawmills, employing several hundred men, that would be running night and day if we could get the cars. We are not running a night, and our mill at Wending has shut down."

It is said that fully 1500 men are dependent on the Booth-Kelly mills for employment. Loggers, teamsters, mill hands, timekeepers, clerks and many of other occupations are already out of work as a result of the car shortage, and must leave for distant points to get jobs. Many of these men have families and homes of their own near the mills, and thus the effect of shutting down of the mills will be quite far-reaching.

### EUGENE TEAM GIVEN A RECEPTION

The Salem Journal speaking of the Eugene-Salem High school football game Saturday says: "Manager Will Mott, of the Salem team by courtesy of Mr. and Mrs. Mott, threw open their beautiful home Saturday evening and gave a reception to the visitors and the Salem High school team and their friends from 8 to 10 o'clock. About sixty bright young people of the two cities were entertained with delightful refreshments. A giant bouquet of still more gigantic mums was presented to the Eugene High school team, and they were borne home in triumph as a gift from Mayor Waters and will decorate the Eugene High school assembly Monday morning.
