COUNTESS CASTELLANE WINS DIVORCE CASE IN FRENCH COURT

Paris, Nov. 14.—The tribunal of the First Instance of the Seine, Judge Ditté presiding, at noon today granted a divorce to the Countess de Castellane, formerly Anna Gould, of New York, and gave her the custody of her children, which, however, are not to be taken from France without the consent of the father, Count Boul de Castellane.

The end of the case came suddenly the court brushing aside the request of the count's lawyers for an exam-

ination of witnesses, as the public prosecutor did not even ask to be heard, and the verdict is a sweeping victory for the countess. The court is granted permission to see the children at stated periods at the home of their grandmother, and to keep them a month annually during the holidays. The count's demand for an alimentary allowance of \$50,000 annually was rejected. Judgment is also given, with costs, against the count.
