

**MRS. ADDIE HARDING.**  
Mrs. Addie Harding, 810 Court street, Syracuse, N. Y., writes: "I have been a user of Peruna for the last twelve years and can truthfully say that there is no better medicine on earth. With me it is a sure preventive for colds and many other ills. In my home can always be found a bottle of Peruna. Two or three times a year I am troubled with my throat. I always had to have the services of my physician two or three times in each case. Although a user of Peruna, I never thought of taking it for my throat until about two years ago. I tried Peruna to check it, and to my great delight I was not troubled with the smothered and choked feeling and never have since. I can check it every time with Peruna. I certainly would not be without Peruna one minute. The fight against consumption is becoming a national problem. Everywhere we hear of sanitariums established at the expense of the state for the treatment of the vast army of consumptives. The open air treatment, fresh air and sunlight, are recognized by the medical profession generally as being the greatest necessities in the treatment of consumption in all of its stages. Dr. Hartman has for many years advocated the fresh air treatment for consumption. At the same time he has recognized Peruna as a useful palliative for the many distressing symptoms which accompany the white plague.

**MRS. MARY MEYER.**  
Mrs. Mary Meyer, Thomson avenue, near Shell Road, Winfield, L. Y., N. Y., writes: "I have been annoyed with a cough for years. Often it was so bad that I could not sleep half the night. Many people thought I had consumption. A woman recommended Peruna to me two years ago. I began to take Peruna and now I am perfectly free from a cough. I am glad to say that Peruna cured me entirely. I take Peruna occasionally when I do not feel well and I also give it to my children. Peruna is the best medicine for coughs and colds. I have told many people how much Peruna has helped me. Peruna tends to lessen the cough, decreases the expectoration, strengthens the patient, increases the appetite and in many cases procures sound, refreshing sleep. But the value of Peruna in the treatment of a case of consumption is not so great as it is in the prevention of consumption. Since it is well known that consumption begins with a common cold or catarrh, any medicine that can be relied upon to relieve these must be regarded as a preventive of consumption. Thousands of cases of incipient consumption, or chronic coughs, or settled colds, have reported Peruna as being a safe and reliable remedy for these ailments.

**MRS. FRANCES WILSON.**  
Mrs. Frances Wilson, 82 Nelson street, Clinton, Mass., writes: "Had you seen me at the time of my illness and now, you would not wonder that I take delight in sounding the praises of Peruna. My ailment was a severe cold which attacked the bronchial tubes and lungs. I followed your special directions and after using six bottles of Peruna I was on my feet again. I think Peruna a wonderful medicine. The promptness with which Peruna relieves a fresh cold, and even removes chronic colds, that have become thoroughly established, is well-known throughout the entire country. This ranks Peruna as a reliable prophylactic against consumption. Mr. Wm. Swain, 4945 Stiles street, W. Philadelphia, Pa., writes: "Before I commenced taking Peruna I had used almost everything I could think of for catarrh. I felt so tired when getting up in the morning and my lungs felt dry and sore. No one who has not experienced it can imagine how I suffered. I tried nearly everything recommended, but nothing did me any permanent good. The first bottle of Peruna did me so much good that I continued taking it until completely cured. I cannot praise Peruna high enough. I wish every one could know of it. Those suffering from colds can do nothing better than to procure a bottle of Peruna and give it a fair trial."

**Portland Market Report.**

Portland, Or., Jan. 24.—Eggs are on the down grade, with 34 cents named in a majority of houses as the top of the market, and poultry tending to lower prices. Hens and large springs rule at 13 1/2 @ 14c. The milder weather started in supplies, known to have accumulated in the country, with a rush, and dealers say they expect larger receipts right along during favorable weather. Demand for live poultry is slow, but on lower prices there is said to be prospect of a great improvement in the demand for mnow on. Country butter is in very good demand, several important houses being unable to fill orders this morning because of depleted stocks. City creameries report good active trade, with supplies of cream keeping up fairly well. A Chicago trade circular has the following to say upon the position of hog products: "Hog receipts at Chicago have been light for a year. Only two months of 1906 showed any gain over 1905,

and the other ten months reported marked losses in receipts. The total Western pack for the year was a shade over 1905, but nowhere near large enough to keep pace with the demands of the country. Life at high tension requires pork products and the consumption is steadily increasing all over the world. "The technical position of lard is regarded as especially strong. Western stocks are practically exhausted. The pure food law has stopped the making of stearine and oleo compounds to be sold as pure leaf lard, and the demand for the real article is therefore larger, apart from any general increase in lard consumption."

**Livestock Market.**

Light receipts marked the two days at the local yards. One load of cattle and a few sheep were handled promptly this morning, but fat hogs have taken on a somewhat easier tone and the market is slow. One rather singular feature in hogs for the time being is that feeders are in better demand and bring better prices than fat stock. Light weights are also up 25 @ 35c.

**CONFIRMED PROOF. Residents of Eugene Cannot Doubt What Has Been Twice Proved.**

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Eugene, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Eugene kidney sufferers.

Charles Beadle, of 333 West Eighth street, Eugene, Oregon, says: "I am fully as ready to recommend Doan's Kidney Pills today as I was in 1903, just after using the remedy. As I said in my testimony at that time, I had suffered from kidney complaint nearly always since the war. I never knew when to expect an attack. A cold would bring it on or any over-exertion. On several occasions I was helpless. The last severe attack I had was about six months ago, when something like lumbago set in and brought on a heavy bearing down pain as if there was a weight over each kidney. I was bent over and could not straighten up to save me. There was such a weakness in the action of the kidneys that I could not control the secretions and it caused me much annoyance. Having used several remedies with little if any benefit, I finally began taking Doan's Kidney Pills. From the start almost I could feel the benefit. The action of the kidneys and bladder was soon corrected and then the pains and aches disappeared. I was benefitted in every way and what I told in my former testimony about the relief I obtained is true in every respect. Three years have now elapsed since I testified in favor of Doan's Kidney Pills and I have been continually free from kidney complaint. I consider them a wonderful remedy, and have recommended them again and again."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other. O. W. Miller, of Fall Creek, was fined \$20 by Police Judge Dorris this morning for being drunk and disorderly. The amount was paid and he was given his liberty.

**JOANTHAN BOURNE JR. ELECTED SENATOR TODAY**

Salem, January 22.—The houses of the legislature in separate session today elected United States senator for the short term Fred W. Mulkey, of Portland, and for the long term Jonathan Bourne, Jr., of Portland. The houses meet in joint session tomorrow to ratify the election. The election was on the first ballot and was practically unanimous, there being but a half a dozen members dissenting. The election is novel in that it illustrates for the first time the new law providing for an expression of choice by the electorate of the state for United States senator.

The vote was as follows: For the short term: Senate—Mulkey, 27, other members being absent. In the house—Mulkey, 60.

For the long term: Senate—Bourne, 23; Bean (Rep.), 4; absent, 3. In the house—Bourne, 57; Moore (Rep.), 2; Mulkey (Rep.), 1. All the Democratic members voted for Bourne as representing the popular choice.

**Proceedings Today.**

The house worked so rapidly this morning that by 11:30 everything was cleared up on the clerk's desk. An important joint memorial, introduced by Northup, asks congress to prepare an amendment to the constitution providing for the election of United States senators by direct vote of the people.

All perpetual franchises granted by the state to be investigated, if house resolution No. 25, by Freeman, goes through. It was introduced this morning and provides that the speaker appoint three members to investigate all such franchises, what the state received for them, and the conditions under which they were granted.

**In the Senate.**

Congress will be asked to compel the Southern Pacific to sell its land in compliance with the conditions of the land grant given the Oregon & California Railroad Company. Multt, in accordance with a promise made to the shippers at Eugene, introduced a memorial urging congress to force the railroad to dispose of the land to settlers.

A bill was introduced this morning for a uniform fire insurance policy.

**Committees Appointed.**

Salem, Or., Jan. 21.—The standing committees of the house and senate were announced today.

Among the house members who received choice assignments are Dobbie, of Walowa, chairman on irrigation; Newell, of Washington, on assessment and taxation; McCalon, of Polk, on banking; Washburn, of Lane, on counties; Huntley, of Clackamas, on engrossed bills; McCue, of Clatsop, on fisheries; Barrett, of Washington, on judiciary; Moore, of Baker, on mining; Dye, of Clackamas, on revision of laws. All of these men were supporters of Davey.

Vawter was recognized, being put at the head of the insurance committee, and his supporters got leading places as follows: Northup, on claims; Chapin, on claims; Farrell, on federal relations; Rackliff, of Coos, on Indian affairs; Merryman, of Klamath, on salaries and mileage; Jones, of Clackamas, on statistics and immigration.

These men fared better than a number of Davey's supporters, who got no chairmanships and only minor places on various committees.

In the senate Booth, of Lane, heads the committees on industries and claims; Loughary, on horticulture; Whealdon on elections and privileges; and Johnson, of Benton, on agriculture, these men having been opponents of Haines. Coke, who was claimed by the Hodson men for president, but did not arrive in time for the organization, receives a good chairmanship, that on banking.

Democrats were rewarded for their aid to Haines' election by receiving places on the committees on assessment and taxation, banking, ways and means, revision of laws and roads and highways, but do not receive conspicuous places, except for the recognition given C. J. Smith, of Lane county, and also of medicine and pharmacy, and has a place on ways and means. Smith was a leader of the four Democrats who voted for Haines. The best treated of their camp is Siebel.

The committees in the two houses are as follows:

House committee on ways and means—Driscoll, Eaton, Carter, Rodgers, Barrett, of Umatilla. Senate committee on ways and means—J. N. Smith, Bingham, C. J. Smith, Nottingham and McDonald. Lane county delegates are appointed on the following committees: Edwards, chairman of committee
