

TWO SISTERS HAVE ECZEMA OF HEAD

Two Illinois Girls Suffer from Scalp Trouble—Another Sister Needs a Tonic—Friend Suggests Cuticura—They Use It and Now Give.

MUCH PRAISE TO ALL CUTICURA REMEDIES

"I must give much praise to all the Cuticura Remedies. I used but one cake of Cuticura Soap and one box of Cuticura Ointment, as that was all that was required to cure my disease. I was very much troubled with eczema of the head, and a friend of mine told me to use the Cuticura Remedies, which I did, and am glad to say that they cured my eczema entirely. Since then we have always kept the soap on hand at all times. My sister was also cured of eczema of the head by using the Cuticura Remedies. Another sister has used Cuticura Resolvent and Pills and thinks they are a splendid tonic. I cannot say exactly how long I suffered, but I think about six months. Miss Edith Haunmer, R. F. D. No. 6, Morrison, Ill., Oct. 3, 1906."

EVERY CHILD Afflicted with Torturing Disfiguring Humors

Becomes an object of the tenderest solicitude, not only because of its suffering, but because of the dreadful fear that the disfigurement is to be lifelong, and mar its future happiness, and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the purest and most effective treatment available, viz: warm baths with Cuticura Soap, and gentle anointments with Cuticura Ointment, the great Skin Cure. Cures made in infancy and childhood are usually speedy and permanent.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (2c) to Cleanse the Skin, Cuticura Ointment (50c) to Heal the Skin, and Cuticura Resolvent Pills (50c) to Purify the Blood. Sold throughout the world. Puter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, On Humors of Skin and Scalp.

STEAMER SUNK IN COLLISION WITH LINER

Dover, England, Jan. 19.—The Red Star liner *Vaderland*, bound from New York for Antwerp, collided with and sank a Dundee steamer, the *Naworth* castle, four miles east of the South Goodwin lightship during the night. So far as known only three members of the *Naworth* castle's crew are missing. A dense fog prevailed. The *Vaderland* was damaged but is in no danger of sinking, as her bulkheads remained intact.

THE JOY of living is to have good health. Use *Herbine* and you will have burials of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of *Herbine*, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used *Herbine* for over a year, and find it a fine regulator. I gladly recommend it as a fine medium for dyspepsia." Sold by Linn Drug Co.

PRUNE CULTURE IS VERY BADLY NEGLECTED

Salem, Jan. 18.—That the State Horticultural Society has lost sight of all other fruits in its admiration and enthusiasm for the apple is the opinion of a number of fruitgrowers who attended the annual meeting last week. And some of the growers are angry about it.

Alex LaFollette, the well-known grower of peaches and loganberries is one of these. H. S. Giles, the prune man and manager of the Willamette Valley Prune Association, is another. Mr. LaFollette came home from the meeting in disgust before it was over. He wanted to hear something besides apples. Giles stayed the meeting out, but is up in arms against what he considers an attempt to limit the term "horticulture" to apple culture. With fire in his eye he thus addressed a newspaper reporter Saturday:

"I should like to ask of you, sir, what is the meaning of the term 'horticulture'? It appears that the officers of the State Society of Horticulture have narrowed the term down until it takes in and absolutely excludes everything else but apples, chiefly Hood River apples.

"A large number of members of auxiliary societies attended this meeting with the hope of learning something of the value of learning of berries of various sorts, peaches, pears, prunes and other fruits. Apples by no means constitute the only, nor do they constitute the chief fruit product of this state. Take the Oregon prune for instance; to my mind it is by far the most valuable commercial fruit product of the state of Oregon today, and can be grown more successfully over a greater area of the state than can any other fruit, and yet the prune is practically barred from the discussions, crowded out, or at least is unrecognized by the so-called 'Horticultural Society.' Yes, I have repeatedly tried to bring the prune into notice and into favor with the officers of this society, but with indifferent success.

"I have come to believe, sir, that a new word will have to be coined to cover the various fruit interests of Oregon, as 'horticulture' evidently applies to apples at this date. There are men in the Willamette valley who are making more money today per acre on loganberries than is produced in the best orchards in the state on apples. There are men I am convinced who are making an equal success on well located orchards of Oregon prunes, and there are thousands of acres of hillsides, or rolling lands throughout the state that should today be planted to prunes, Oregon prunes, to meet the demand which will certainly come within the next ten years for a greater supply of this product than can be produced on the sure-bearing orchards which are now in existence and yet this most valuable of all our fruit products is compelled to stay under cover at the meetings of the so-called 'Horticultural Society.'"

MUCH MONEY FOR OREGON WATERWAYS

Washington, Jan. 16.—The subcommittee that has had under consideration the Oregon and Columbia river items in the river and harbor bill has completed its report and is ready to lay its recommendations before the full committee. The subcommittee originally intended appropriating \$1,000,000 cash for the mouth of the Columbia, but the assistant chief of engineers was heard by the committee, and stated that \$750,000 was all that would be required to carry on the construction during the coming year, so the subcommittee will recommend a cash appropriation of only that amount, but will recommend that authority be given to expend an additional \$1,700,000, which will be ample to complete the south jetty. This authorization is as good as cash and will permit the engineers to let contracts for the entire work, the \$1,700,000 to be appropriated in the sundry civil bill of next session.

For Oregon Coast Harbors.
In addition to these items the subcommittee will recommend \$60,000 for the Coquille river, \$30,000 for Coos river, \$10,000 for Tillamook harbor, \$10,000 for the upper Columbia and Snake under the old project, \$100,000 for the canal at the Cascades, \$60,000 for the upper Willamette, and \$100,000 for the construction of a dredge for the harbors on the Oregon coast.

It is quite possible that the full committee will cut the appropriation for the Coquille to \$40,000, as that

is the estimate of the war department, and in view of the large appropriation for the mouth of the Columbia, the items for the Cascade locks and upper Willamette will be slightly reduced. The report of the subcommittee will be considered by the full committee within a day or two, but its action will not be announced until the bill is reported Friday or Saturday. In the main it is believed that the committee will accept the recommendation of the subcommittee.

PARTY RULE DAYS OVER. Ex-Governor Pardee Makes Sensational Speech in Bay City.

San Francisco, Jan. 17.—"I am a good Republican," declared Ex-Governor Pardee in a speech before the Men's League of the Congregational church yesterday. "But if the Republican party puts up a yellow dog I am not going to vote for him. The time for voting for principles is past. You must vote for men now, for it is men that count.

"Parties have their uses," continued the speaker, "but the evil of parties lies in the prostitution of National and state party organizations for selfish purposes. The boss evil comes within this category. Greece and Rome fell as the result of unchecked bossism. If the bosses are not checked in this country we shall share the fate of Greece and Rome.

"Take San Francisco for example. The cancer of graft has been growing at her vitals, and you see the effect it now has in her time of trouble. Ruffianism must be stamped out, or the consequences will be fatal.

"The remedy for bossism is suggested by the evil itself. If the boss system is effective for the grafters it ought to be effective for the anti-grafters, who should organize and choose leaders or bosses, and follow them steadfastly."

TO ENJOY A GOOD DINNER How to Avoid Distress and Indigestion After Eating.

Let us tell you how you can enjoy a good dinner, so that the heartiest meal will set well on your stomach and cause no unpleasant and disagreeable after effects.

We will show you how to regain the appetite of your childhood and the enjoyment of food, so that it will taste as well as when mother cooked the dinner.

There is no hard work necessary to do this; no need of a rigid and self-denying diet list; no call for nasty and disagreeable medicines. Simply take a Mi-o-na stomach tablet before each meal and before going to bed, and it will so strengthen the stomach that before long a hearty meal will give you gratification and comfort, without the least fear of distress and suffering.

The strongest proof we can offer of our faith in this advice is the fact that Hull's drug store gives an absolute, unqualified guarantee (applying to two 50c boxes of Mi-o-na) that your money will be refunded unless Mi-o-na cures. A guarantee like this gives you confidence in Mi-o-na. Mr. Hull takes the whole risk, and the remedy will not cost you a penny unless it cures.

Mi-o-na is not a mere digestive, giving only a temporary relief, but a specific for all diseases of the stomach, strengthening the digestive organs and making a permanent cure. j 7-17-28

WILL GET POWER FROM DESCHUTES

Walla Walla, Wash., Jan. 18.—The Northwestern Gas and Electric Light Company, owned by Philadelphia capitalists, which recently came into possession of plants at Walla Walla, Spokane, Baker City, Pendleton, Milton, Weston, The Dalles, Salem, Eugene, and other places in Oregon and Washington, finds that it has reached the limit of its capacity, and is now looking for another source of power. It is stated on good authority that the company has about decided upon making use of falls in the Deschutes River in Oregon to generate power for plants in both Western Oregon and Eastern Oregon and Washington. Engineers who have examined the Deschutes Falls have given an opinion that power for several times the present requirements of the plant can be generated there.

The company's plant on the South Fork of the Walla Walla river in Umatilla county has been put out of business three times since May, 1906, by disastrous floods. The engineer who located the plant made a serious mistake, it is said, by placing it in the bed of the river instead of excavating a place for it in the rocky wall of the canyon. To build a new plant would cost a fortune. This plant furnishes electric light and power for Walla Walla, Pendleton, Athena, Milton and Weston. Since the Walla Walla street car system has been in operation the plant has been more heavily taxed than ever, and completion of the inter-urban line from Walla Walla to Milton will about exhaust its capacity.

EARTHQUAKE NEWS IS SLOW FROM JAMAICA

New York, Jan. 19.—News from Kingston is coming slowly, but the worst is now apparently known. The town itself is wrecked, and food and medical supplies continue scarce, but as relief ships are hurrying to the stricken city from all quarters there will soon be alleviation in this respect.

The death list will probably be about 700, and the seriously injured will number in the neighborhood of 500. American marines are still on guard duty, a courtesy greatly appreciated by the British government and stricken people.

Relief Not Wanted.
Norfolk, Va., Jan. 19.—A wireless message picked up at the Cape Henry station from Admiral Evans gives the information that the governor of Jamaica has practically declined every form of relief offered by Evans, although it is believed to be greatly needed.

ASK CONGRESS TO GIVE MORE POWER

A late Washington dispatch says: Congress will be asked by President Roosevelt to give the Interstate Commerce Commission increased powers to enable that body to deal with such emergencies as that now existing with regard to the car shortage question. The Commission already has submitted to the President a preliminary report of the investigations made by some of its members in the Northwest into this matter, and it will submit recommendations very soon. When these are ready the President will prepare a special message to congress urging necessary legislation.

The President made this announcement at a special conference with Messrs. Knapp, Clements, Harlan and Clarke, of the Interstate Commerce Commission, and four members of the executive committee of the National Reciprocal Demurrage Convention recently held at Chicago. They included the following: J. VonHoese, Birmingham, Ala., representing the Southern Wholesale Grocers' Association; Geo. E. Emerson, Hoquiam, Wash., representing the Pacific Coast; Donald A. Savage, Chicago, representing the coal shippers; and J. E. Deffenbaugh, secretary of the convention.

The President took a deep interest in the appeal presented to him by the demurrage representatives, asking that he recommend Federal legislation giving the Interstate Commerce Commission power to deal with the question of car shortage when such an emergency arose, and setting out the serious condition of affairs resulting from the present situation.

The President's idea, as expressed by one of those present, was that, whatever amendments to the interstate commerce act on this subject be enacted, they should not become operative until July 1, when the railroads would have had ample time to prepare for the change.

A Well-Known Remedy.

One of the oldest, safest and most favorably known remedies in the world today is Brandreth's Pills—a blood purifier and laxative. Being purely vegetable they can be used by old and young with perfect safety and while other remedies require increased doses and finally cease acting altogether, with Brandreth's Pills the same dose always has the same effect, no matter how long they are taken. One or two pills taken each night for a while is the best thing known for any one troubled with constipation, indigestion, dyspepsia, or any trouble arising from an impure state of the blood.

Brandreth's Pills have been in use for over a century and are sold in every drug or medicine store, either plain or sugar-coated.

RAY ELLIS DEMANDS AN EXAMINATION

Young Man Arrested at Grant's Pass, Charged with a serious Crime, will Appear Before Judge Bryson Jan. 28.

Ray Ellis, the young man who was arrested at Grant's Pass Thursday, charged with the crime of incest, alleged to have been committed against his niece, Miss Loretta Brown, of Mabel, was brought back by Deputy Sheriff H. W. Graman on the late train last night. He was placed in the county jail over night and was taken before Judge Bryson of the justice court this forenoon. He demanded an examination, and it was set for Jan. 28. The prisoner failed to give bonds, and in the meantime he will remain in jail.

Society Events

(From Saturday's Guard.)
What with coasting and skating, the week has rapidly flown by, so that no one has felt any dearth of social events. There have been many informal coasting parties and many have tried their luck at skating on al'ito thin ice.

The students have been looking forward to the Freshman glee for the past week and all interest is centered in the thought that the Freshmen always give the best party. The class members have put no end of work on their dance and it will certainly be pretty and most enjoyable. The hall is decorated in green and white, fir boughs being used, and inviting cozy corners are artistically arranged. The patronesses are Miss Carson, Mrs. McArthur (Portland), Mrs. Pinkham (Portland), Mrs. Hendricks, Mrs. Zeiber, and Miss Bigelow.

The Delta Alphas will open their house to their girl friends with an informal supper this evening after the dance. Mrs. Pinkham (Portland) and Mrs. Church are their patronesses.

On Friday evening the Kappa Sigma entertained at Davies' hall with an informal dance. Mrs. Nelson (Albany) and Mrs. Clark (Portland) were the patronesses. Following the dance the guests were taken to the Kappa Sigma house, where supper was served. The rooms were beautifully brightened with chrysanthemums and Oregon grape, the fraternity colors of green, white and red being used.

On Saturday afternoon of last week the Kioshe Tillamook girls opened their house on Twelfth street for a reception given by the Y. W. C. A. to new members. The rooms were prettily decorated with ferns and Oregon grape. The time was spent enjoyably in games and a spelling match, following which refreshments were served in the dining room by Miss Aurelia Burch, Miss Antoinette Burdick and Miss Helen McKinney.

The engagement of Elwin McCornack and Miss Bernice Adams, of Portland, has been announced. The wedding will take place the first of February.

The fraternities have opened their houses to their friends who are here for the Freshman glee. Seth Kerron and C. N. McArthur are visiting with the Sigma Nus. Mr. Corbett and Mr. Chamberlain, of Portland, are with the Kappa Sigmas. Miss Florence Tongue, of Hillsboro, Miss Eme Johnson and Miss Helen Holbrook, of Portland, are at the Tau Pi house. The Beta Epsilon girls are entertaining Mrs. Pinkham, of Portland, Miss Milola Wood, from Stanford, and Miss Mildred Nabrath, of Portland. Miss Lilith Moore, of Portland, is visiting with the Kioshe Tillamook girls.

Following the dance tonight the Sigma Nu will entertain their friends with a supper at the Smeede.

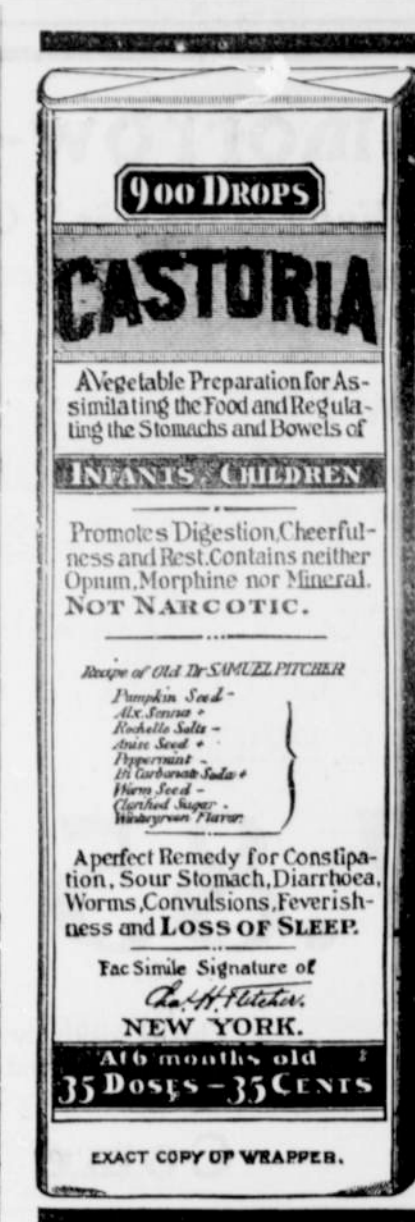

The wedding of Julius Schwarzschild and Miss Virginia Liesch, the charming and accomplished daughter of Mrs. Rose Liesch, of Reno, Nevada, took place on January 16 at high noon at the Colonial Hotel, Sacramento, California, Rabbi Cohen officiating. The wedding was a quiet one, only the immediate relatives and a few friends from San Francisco and Reno being present, also Morris Schwarzschild, of Eugene. Following the ceremony Mr. and Mrs. Schwarzschild left for Portland, the sound cities and British Columbia. On their return they will visit the groom's parents, Mr. and Mrs. E. Schwarzschild, of Eugene. They will be at home to their friends after February 1st at Reno, Nevada.

Mrs. Minnie Washburne entertained a few friends in a delightful informal manner Friday afternoon. Luncheon was served at one o'clock, after which the afternoon was spent playing cards.

On Thursday afternoon Mrs. George H. Smith entertained the Thimble Club at her rooms, 43 West Eighth street. The afternoon was spent with needle work, after which refreshments were served. Mrs. Smith was assisted in serving by Miss Hazel Huff.

The Women's Home Missionary Society met at the home of Mrs. W. W. Calkins, 296 East Eleventh street, on Tuesday afternoon.

Miss Clara Ansonage, a national organizer, gave a very interesting talk on temperance. Following this the afternoon was spent in a social manner and refreshments were served.

900 DROPS
CASTORIA
Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of INFANTS CHILDREN
Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.
Range of Old Dr. J. C. PITCHER

THE CENTAUR COMPANY, NEW YORK CITY.

PERSONALS.

(From Saturday's Guard.)
Mrs. R. F. Baker came up from Junction City this afternoon.

Dr. J. O. Watts returned last night from a business trip to Portland.

Mrs. J. M. Woodruff returned this afternoon from a visit at Portland.

Mr. and Mrs. Geo. T. Hall, Jr., returned this afternoon from Portland. E. C. La... returned this afternoon from a visit to his farm near Harrisburg.

Attorney W. L. Kissing returned last night on his trip to Nampa, Idaho.

Geo. O. Knowles and family have gone to the lower Stuslaw country on a visit.

Professor L. R. Traver, a prominent educator of Portland, is in the city.

Miss Flora Dunham came up from Portland last night to visit Miss Hazel Graham.

Mrs. L. H. Potter and Miss Harriet Paterson returned last night from a visit in Portland.

G. N. McArthur is up from Portland to attend the Freshman dancing party tonight.

George A. Barger, an employe at the S. P. depot, is off duty for a few days on a timber hunting trip.

Seth Keron, class of '06, came up from Portland last night to attend the Freshman party tonight.

Miss Pearl LaPorte goes to Albany on this evening's train to spend Sunday with relatives and friends.

Mrs. W. H. Johnson came up from Woodburn this afternoon to visit her sister, Mrs. H. A. Schwerling.

Deputy Sheriff C. C. Hammond returned from Portland last night. He reports his wife as improving some.

Misses Eugenia Hembree, Eleanor Jensen and Mabel Johnson went to Portland yesterday to accept positions.

W. W. Chessman and W. M. Green returned last night from Portland, where they attended the grocers' convention.

Cal M. Young returned last night from Portland, where he attended the funeral of his brother-in-law, Captain T. B. Howes.

C. W. Rychard, of Springfield, returned on the local last night from Portland, where he attended the grocers' convention and took part in the proceedings.

Evangelist McConnell arrived here this afternoon from Moscow, Idaho, and will begin his revival meeting at the Christian church tonight. Professor Easton came in from Cottage Grove on the late train. He will lead the singing.

Rev. J. A. Pettit, a friend of Pastor O. C. Wright, graduating from the same college and theological school, will conduct meetings at the Baptist church beginning Sunday, January 27. Rev. Pettit is a strong preacher, a real leader among men, and brings to his work a splendid character, noble equipments. The church feels fortunate in securing his services.
