

GOVERNOR TURNED DOWN BY LEGISLATORS

Guard Special Service.
Salem, Or., Feb. 19.—The University of Oregon won a decided victory over Governor Chamberlain today when both houses overrode the executive's veto of the \$125,000 appropriation bill.

In the house Representative Eaton and his colleagues won an easy victory, the vote in favor of the university standing at 45 to 15. In the senate, however, the fight was close and there was not a vote to spare when the roll was called, the vote standing 27 to 7 for the school and against the governor. Senators Bingham and Booth had made a hard fight, Bingham making the only speech when the question was called. The senator spoke for 20 minutes, and his telling points no doubt had much to do with influencing the result.

Senator M. A. Miller, of Linn, a regent of the school, was one of the seven who voted to sustain the veto.

Colored Jeff Cut Out.
Salem, Feb. 19.—The house pruned the house special appropriation bill favored by the ways and means committee, of one item, and only one. That one was the one giving to Jefferson Myers \$2500 for services as president of the Lewis and Clark commission.

Fighting for University.
Late this afternoon the governor's veto of the appropriation bill giving \$125,000 to the state university at Eugene will come up. Eaton and other university members in the house asserted at noon that there was enough backing behind them to carry the bill through the house over the governor's veto, though a dozen or so of the members were non-committal and are seeking to whip the university forces into line for other bills before promising to help ride over the governor's veto.

Senators Bingham and Booth and the rest of the educational forces believe they have strength enough to carry the measure through the senate, especially if the house buries the veto by a good majority.

Another step along legislation on educational lines is contained in S. C. R. 21, introduced by Senator Smith, of Umatilla. The purpose of this bill is to prevent the state university and Oregon Agricultural College from competing in the same field of studies, having the state make liberal appropriations to maintain two rival courses of study. To bring this about the resolution calls for a committee of three holdover senators who shall visit and examine the studies of each institution and make a report to the next legislative session.

Money for Corvallis.
The only bill enacted by the senate this forenoon was the appropriation measure. Johnson called up H. B. 142, providing for the betterment of the O. A. C., making an appropriation of \$60,000 for 1907, and \$65,000 for 1908. The bill came from the house making an appropriation \$70,000 each year. With this amendment the bill was enacted.

This sum is in addition to \$25,000 fixed by law for its maintenance.

Printer on Flat Salary.
The bill to put the state printer on a flat salary was considered by the house in committee of the whole yesterday, amended and passed. The salary was increased to \$4000 a year, the law not to go into effect until 1910, the end of the present printer's term. State Printer Dunway was very active on the floor of the house and his friends protected his interests at every point in the consideration of the bill.

Killed Reapportionment.
Yesterday afternoon the house killed Davey's joint house resolution No. 15, which provided for the reapportionment of the state and for the increasing of members in the house from 60 to 72, and the increase in the senate from 20 to 36.

MEMBERS OF RAILROAD COMMISSION ARE CHOSEN

Salem, Feb. 18.—Oregon's three railroad commissioners will be Oswald West, of Salem, now state land agent; Clyde B. Atchison, of Portland, now attorney for the Title Guarantee & Trust Company, and Thomas K. Campbell, of Cottage Grove, a lumberman of the firm of Campbell & Alexander.

These selections were decided upon today by the state board, which is given the appointment under the Chapin law.

West is a Democrat, and the choice of Governor Chamberlain. He will hold office until after the election in 1910. Atchison is a Republican and is the choice of Treasurer Steele.

Campbell is a Republican and is the choice of Secretary of State Benson. Atchison represents the second congressional district and Campbell represents the first congressional district. The present tenure of each will last until after the state election of 1908.

The commission law will go into effect Thursday, unless sooner approved by the governor. That day is the fifth, excepting Sunday, since it was presented to him. Within 20 days thereafter the law is to become operative.

West will be succeeded as state land agent by Charles V. Galloway, of McMinnville, a young Democrat who was a member of the house of representatives in 1906, and was the Democratic nominee for congress last year.

DEATH OF NELSON CIGERO HINKSON

Well Known and Highly Respected
Citizen of Alma, Lane County, Has Passed to Great Beyond.

Nelson Cigero Hinkson died at Alma, Lane county, on February 10th, 1907, aged 67 years, 1 month and 14 days.

Mr. Hinkson was born near Potosi, Washington county, Missouri, December 27, 1839; in 1849 he went with his parents to Drytown, Amador county, California, where he grew up. He was engaged in mining and later, with a partner, in the livery business. In May, 1882, he went to Stanislaw county, near Modesto, where for five years he was engaged in grain raising. In 1887, with several old Amador neighbors, he came to the Siuslaw river and located on the land on which, a few years later, was established the Alma postoffice, he being the first acting postmaster. In 1888 he brought his family to the Siuslaw, where except for a short time they have since resided.

While living in California soon after reaching his majority, he was made a Mason at Drytown, Amador county; on removing to Modesto he transferred his membership to Stanislaw lodge, Modesto, and on leaving California for Oregon he took out a demit, which he held at the time of his demise.

On May 1st, 1872, at Plymouth, the home of his bride's father, he was married to Laura E. Wheeler, who survives him, as also two daughters, Ethel, now Mrs. W. H. Sallee, of Alma, and Laura Ellen (Neil), now Mrs. Walter J. Holland, of Crow, this county, and two sons, Andrew Henry and Nelson Clair, both residing at Alma.

During his early manhood he united with the M. E. church, but during the confusion resulting from the political strife prior to the Civil war he became disassociated with that church, remaining outside of religious connection until during the ministry of Morton L. Rose, of Eugene, Oregon, at his first meeting held at the old brick church in December, 1896. Mr. Hinkson was baptized by Bro. Rose, and had since been a consistent member of the Christian church.

He lived conspicuously a life of peace. Thrown at a tender age into the midst of the turbulent life of a California pioneer mining camp, at a time when the political atmosphere was charged with the dark clouds presaging the storm which soon burst over the land in the fury of fratricidal law, surrounded by the din and the tumult his gentle nature held aloof from the strife and the calm of his spirit influenced the circle in which he lived so that his neighbors, too, were instinctively moved to ways of peace. It was not necessary in his case to wait for the tardy call of death to move his acquaintances to say a kind word about him, for

None knew him but to love him,
None named him but to praise.
Sleep on, gentle soul, until the
general awakening on the resurrection morn. A. C. B.

WOMEN'S WOES

Eugene Women are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity, they must "keep up," they must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. W. D. Wood, of 385 West 8th street, Eugene, Oregon, says: "I have used Doan's Kidney Pills with fine results, and have also treated one of my children who was afflicted with a weakness of the kidneys for a number of years. From the great benefit already derived I do not hesitate to recommend them. Backache, lameness and that tired and restless, draggy feeling made life a burden to me and I was unable to get rest day or night. Doan's Kidney Pills did great service in relieving this condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

HOMESTEAD CONTESTS IN MOHAWK SECTION

A Mohawk correspondent informs the Guard that homesteaders there occupying claims on which there is any considerable amount of timber are excited over reports that there is danger of them being filed on as timber lands, the rights of the homesteader to be contested. There are several claims in that section bearing valuable timber with at the same time rich strips of land along

the mountain streams that cut across them.
