

THREE-STORY BUILDING FOR SPRINGFIELD

At a meeting of the Springfield I. O. O. F. lodge last Saturday evening it was finally decided to purchase the Gossler lot and erect a fine building. The trustees, who are J. P. Fry, E. S. Collins and Geo. Burdick, were instructed to purchase the lot at once, and they did so Wednesday of this week. A building committee was also appointed, consisting of E. C. Martin, J. J. Bryan, E. Kester, Mr. Flegal and C. W. Rychard.

From the committee we learn that the building will be either brick or concrete. The lot purchased is 66x120, and the building will cover the lot in width, but will not extend more than 100 feet back, although it may be decided to build the full length of the lot. Plans will be drawn at once and estimates given on the probable cost of the entire building. It will also be ascertained the difference in the cost of a two and three-story building and if not too great the committee informs us that it may decide on a three-story building. In either case the lower floor will have two large storerooms, which will be occupied by Messrs. Flegal & Rychard. The second floor will be used for office rooms, and the third floor entirely for lodge purposes.

Will Move Hardware Store.
J. A. Stansbie, proprietor of the Springfield Hardware Company, informs us that as soon as the Browning & McKinney building is completed that his stock of hardware and furniture will be moved from its present location on Mill street to this building. Messrs. Stansbie & Walker have dissolved partnership, Mr. Stansbie taking over the entire stock. It is understood that Mr. McKinney is now interested in the firm, which will continue under the old name of the Springfield Hardware Company.

Slot Machine Robbed.
Some one entered the Hill pool hall last Friday night from a rear window, and with a knife or some other sharp instrument cut a hole in the back of the slot machine and with a pry of some kind succeeded in getting the back off of the machine. The machine was one of the 25-cent kind, and as Mr. Hill did not know how much the sack contained, it is not known how much money was taken.—News.

STANFORD TRACK TEAM HERE MAY 3

Manager McCarty, of the varsity track team, late today received news from Stanford University that they would accept a proposition to meet the Oregon track team here May 3. Oregon will pay the expenses of a team of Stanford men, which will be in the neighborhood of \$500, providing that the merchants in Eugene will close. Since Stanford will accept an offer of Oregon it is not likely that a meet will be arranged between California and Oregon. If this is done Oregon will be taken south.

CHANGE IN UNITED STATES POSTAGE STAMPS

Government Will Print Name of Post Office Where Sold on Them.
The proposed change in the United States postage stamp which has lately been decided on is one of the best moves that has been made by the postoffice department for a long time. The change, as it is proposed, is to print on the stamps the name of the postoffice where they are sold.

This will be done for protection against robbery, and it can very readily be seen that it will prove very effective. Although it is nearly always possible for the Government to locate postoffice robbers there has been some instances when criminals have escaped. Several years ago the postoffice at Chicago was robbed of something like 100,000 stamps and the robbers were never apprehended. It was the general supposition that the stamps were distributed throughout the country and disposed of in small quantities, which is the general manner of getting rid of the plunder. Had the name of the postoffice been printed on the stamps it would never have been possible to dispose of them without the robbers being found out.

It is not known just how soon the new plan will be inaugurated, but it is thought that it will be done before long as it has been under consideration for some time.

How to Remain Young.
To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease, and assist in my husband's store. Guaranteed at W. L. DeLano's Drug Store. Price 50c."

FULTON SAYS VOLUNTEERS MAY GET TRAVEL PAY

United States Senator Fulton is in Portland today on his way to Salem, where a reception and banquet are to be held in his honor. He will leave for the capital in the morning, says yesterday's Telegram.

Senator Fulton absolutely refuses to discuss the case of United States Attorney Bristol, other than to affirm the report that an agreement had been reached that he may hold office until the next meeting of congress.

Senator Fulton says he believes some relief will be granted by the next congress to Western volunteer soldiers in the way of affording traveling pay from the Philippines to San Francisco, where they were mustered out.

A bill was introduced in the late congress authorizing them to proceed against the government in the court of claims, under the old law, which allowed 20 cents a day, at the rate of 20 miles for a day's travel. This bill was referred to the committee on claims, of which Senator Fulton is chairman.

NEWS OF COTTAGE GROVE AND VICINITY

C. F. Walker Hurt at Divide—B. G. Hengen, of Oregon Securities Co., Arrives—Like Jones for Mayor.

C. F. Walker, of the late firm of Campbell & Walker, was brought home on a stretcher Tuesday evening. He had been assisting his men at Divide, who were loading a car with round lumber. While standing on the car he was knocked off by a swinging timber and fell for a distance of fifteen feet, striking on his hip. The hurt is quite painful and Mr. Walker will be laid up for several days.

Hengen Arrives.

B. G. Hengen, of the Oregon Securities Company, came in on the afternoon train yesterday and went out on the O. & S. E. this morning for a visit to the Champion mine in Bohemia. G. M. Averill, of Cedar Rapids, Iowa, came with Mr. Hengen. Mr. Averill is interested in mining and is enjoying his first trip west of Colorado. The gentlemen plan to remain ten days or more.

Jones for Mayor.
At a nominating convention Thursday night, J. I. Jones was nominated for mayor. B. R. Job was his only competitor, he receiving 38 votes and Jones 78. A. H. King was named for recorder, Herbert Eakin for treasurer, and W. L. Hubbel, Oliver Veatch and George Comer for councilmen.—Western Oregon.

C. E. Officers Elected.
The Christian Endeavor Society of the Christian church held its semi-annual business meeting in the church last Friday evening and elected the following officers: President, Sophia Osberg; vice president, Mabel Coffman; treasurer, Bessie Hutchinson; secretary, Lester Turpin; corresponding secretary, Jessie Baughman.—Leader.

PROSECUTION'S EXPERTS HANE ONE ANSWER

New York, March 15.—At the opening of the Thaw trial today on request of Delmas the cross-examination of Dr. Flint was deferred, and Dr. William Hirsch, of Cornell Medical School, took the stand. Hirsch answered the hypothetical question by saying that the person referred to was not suffering from such mental derangement as prevented him from knowing his act was wrong. Hirsch next stated that there was no such thing as a "brain storm" among scientific men.

Dr. William Pritchard followed Dr. Hirsch. He gave the identical responses that Hirsch did. When he concluded Delmas waved him aside when he was turned over by the district attorney for cross-examination, announcing that the defense would not cross-examine the state's experts.

In quick succession Drs. Albert W. Ferris, A. R. Diefendorf and Dr. Mabon were called. All were of the same mind as Hirsch and Pritchard. When Dr. Mabon's direct examination was concluded Hartridge, of counsel for the defense, attempted to question Mabon regarding forms of insanity, but an objection was sustained on the ground that the New York statutes specify only one form of insanity which forms an excuse for crime.

Hartridge did not pursue his cross-examination further.
At the afternoon session Mrs. Thaw was recalled and testified that she called at Hummel's office in a profes-

sional capacity when she went there with White.

Yesterday Afternoon.
Yesterday afternoon, answering the same hypothetical question, in response to which the alienist declared Thaw suffered from unsound mind and did not know the nature or quality of his act when he shot Stanford White, Dr. Austin Flint, the first expert called by District Attorney Jerome in rebuttal, declared it to be his opinion that Thaw did know the nature and quality of his act, and knew that the act was wrong. When the court adjourned Attorney Delmas had not begun his cross-examination of Flint, who was the first of the six alienists to be called by Jerome.

After receiving Flint's answer to the Delmas hypothetical question, Jerome had read to the witness the prosecution's hypothetical question, which contained some 15,000 words and which required one hour and eighteen minutes in its reading. This question contained the history of the case and the events leading up to the night of the tragedy, including Thaw's courtship of Evelyn Nesbit; her account of her treatment by White; the trip of Thaw and Evelyn to Europe before they were married, when they traveled as man and wife; the testimony of James C. Smith as to Thaw's conduct on the night of the killing before Thaw shot White, and of conversations between Thaw and the alienists at the Tombs prison.

When the question was finished Jerome again asked Flint if Thaw knew the nature and quality of his act, and if he knew the act to be wrong, and Dr. Flint again said, without any qualifications, that Thaw knew his act was wrong and is therefore liable for murder in the first degree under the statutes of the state of New York.

Delmas indicated that he would cross-examine each witness separately. Jerome's sanguine prophecy that the taking of testimony would be concluded tomorrow night has been abandoned and those concerned in the case again look forward to April 1 as the earliest moment for the closing of the trial.

CONVENTION OF KNIGHTS OF PYTHIAS

In all probability there will be a district convention of the Knights of Pythias in this city about the 25th of April. District Deputy B. W. Strong, of Roseburg, has written to Helmet lodge stating that Eugene is entitled to the convention this year, and suggests that the local lodge take the matter up. At a recent meeting the question was discussed, and preliminary arrangements made for holding the convention. This district includes the lodges at Roseburg, Drain, Cottage Grove, Eugene, Junction City and one or two others. A large number of delegates from these lodges will be in attendance in case the convention is held here, and a very interesting and instructive meeting is expected.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Rupee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him. when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." J. C. McElroy, of Monroe, has his fine young stallion, Prince J. C., in the city, and it has been an object of admiration on the streets during the past two days. The animal is a full cousin to Lou Dillon, and was sired by Memo. It is three years old and was raised by Dr. McElroy on his farm near Monroe. It will be trained on the track this spring.

After Ten Years.

"Mr. G. L. Stephenson, of Peterborough, Ont., says: "For over ten years I suffered constantly with piles, first itching, then bleeding; pain almost unbearable; life a burden. Tried everything in vain till I used Dr. Leonard's Hem-Roid.
"I had taken but a few doses when I noticed an improvement. I decided to keep on, and now, after using three boxes, I am glad to say I am completely cured. My general health has also greatly improved. It gives me great pleasure to recommend Hem-Roid to all sufferers with piles, and I feel convinced that what it has done for me it will surely do for them."

The public school basketball team of this place went to Creswell last Friday and bumped up against a pretty hard proposition. The Creswell boys played a rough game and virtually knocked out three of the visiting players. The score was 34 to 26 in favor of Creswell. The return game will be played at some future date.—Junction City Times.
