

THE WOMEN ARE ALL TALKING ABOUT PE-RU-NA

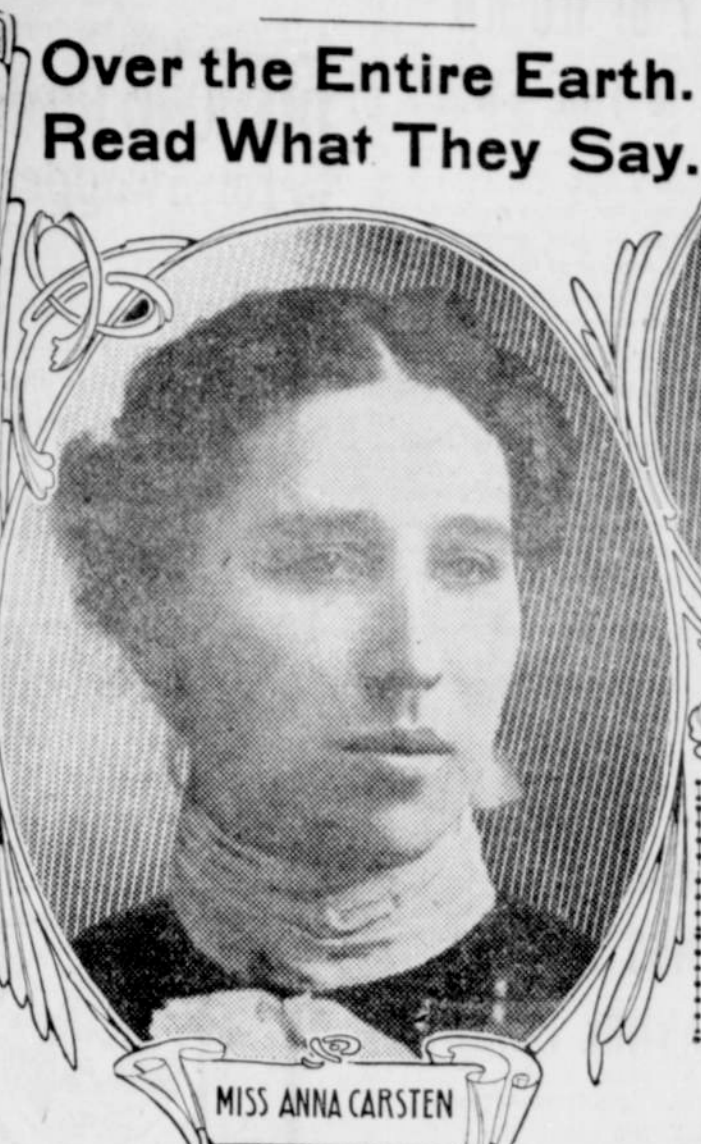

Over the Entire Earth.
Read What They Say.

MRS. M. M. MARSHALL

Catarth of Digestive Organs and Bowels.
MRS. MARY M. MARSHALL, Tip-ton, Mo., writes:
"I suffered three years with catarth of the digestive organs and bowels. I was unable to find relief, until as a last resort I was induced to try Peruna."
"I began the use of Peruna when I was confined to the bed and can say that I experienced benefit from the first dose."
"I have taken five bottles in all and believe that I am cured of my trouble. I am enjoying as good health as an old lady of my age could expect. My age is 77."
"I recommend your medicines to sufferers whenever I meet them, and some of my friends are using them with great success."
"I will always feel grateful to you for your grand medicine and kind advice and trust that many others may be as greatly benefited as I have been."

Per-na For Bowel Trouble.
Mrs. L. S. Tinker, 832 Second street, Macon, Ga., writes:
"Two years ago my grandson suffered with hemorrhages of the bowels and he was treated by different doctors, but without cure."
"We quit all other treatment, and began the use of Peruna, and after the use of three bottles he seemed to be quite well. He is able now to walk six miles to school every day."
"Peruna has certainly worked wonders for him, and I shall not hesitate to recommend it."

MISS ANNA CARSTEN

Miss Anna Carsten, Clayton, Ill., writes:
"Your medicine, Peruna, did me so much good. I believe I should have been dead by this time if I had not used it."
"I am feeling so well now and have no trouble with my stomach. I have not taken any medicine for four or five months."
"If I am ever troubled with anything of the kind again, I shall take nothing but Peruna. I can cheerfully recommend it to my friends."

A Severe Cough.
Mrs. Emma Martin, Odessa, Mo., writes:
"I cannot thank you enough for curing me. For two years I doctored my cough which cost me many dollars, but still I seemed to get worse. My cough was so bad I could not sleep."
"Finally I purchased a bottle of Peruna. I took it according to directions, and in a short while I felt better, and after I had taken a second bottle I felt entirely well."
"After the use of six bottles I feel that I am cured, and therefore recommend this grand medicine to all who suffer with a cough as I did."

A Household Remedy.
Mrs. Cella Eibling, R. R. No. 3, Payne, Ohio, writes:
"I have better health now than I have had for years, and am fleshier than I have ever been. I am so thankful to you for what you have done for me."
"I cannot praise Peruna enough. I keep it in the house. You have my sincere thanks for your advice."
"My husband is taking Peruna, now. He had such a cough he thought he had consumption, but he is getting better."
"He has taken it only one week and it has done him good."

MISS EVA SCHELLE

Miss Eva Schelle, 127 N. Quincy St., Topeka, Kas., writes:
"I unhesitatingly recommend Peruna as a splendid specific for catarrhal affections. I was a sufferer with this trouble off and on for a number of years and each fresh cold added to the difficulty."
"Finally I began taking Peruna for a cold and was glad to note that it was ridding me of the catarrh also."
"I continued to use it faithfully and the result was a complete cure in a very few months."

MRS. CHRISTINA CLOW

Mrs. Christina Clow, 411 E. Platte Ave., Colorado Springs, Col., writes:
"I have taken Peruna off and on for six years and have found it very beneficial in a great many ways."
"I took it for a cough and a cold, also for catarrh of the head, and it cured me. I took it for a tonic and it gave me strength. I have every reason to speak well of your medicine."

FAITH THAT CANNOT BE SHAKEN.

Despite everything that sensational magazines may say, the women of the United States continue to have faith in Peruna.

These women know a great deal more about Peruna than the editors who have, for selfish purposes, written against it. These women have tried Peruna in their families. They have taken it themselves. They know it will help them.

They have suffered from various ailments, and Peruna has come to their relief, even when the doctors failed to cure them.

Such women cannot be convinced by any editorial spasm that their favorite household remedy is a humbug.

Peruna goes right on in its conquest over disease. Its fame is spreading all over the earth.

Especially among American women is Peruna a beloved household remedy. It is entirely useless for anyone to try to dissuade them from the results of their own experience.

Peruna is a remedy for the mucous membranes. It therefore has a bene-

ficial effect upon the internal organs of the body that are lined by mucous membranes.

For various chronic climatic diseases Peruna is a reliable remedy.

The testimonials concerning Peruna are given in the language of the people. We do not change or add to anything they may say concerning it.

The evidence is overwhelming that Peruna is a safe, reliable, invaluable remedy for the household.

Headache and Backache.

Mrs. Franziska Gaengel, Dominion, I. Old Bridgeport Mines, C. B., Canada, writes:
"I thank you for the benefit which I derived from Peruna. There may be many who are suffering from the same disease that I had, for which they have not yet been able to find the correct remedy."

"For the benefit of such persons I wish to say that I suffered with headache and backache and had a severe cough. I was in bed several weeks and could not do my work. I tried many remedies in vain."

"Then I consulted Dr. Hartman, who advised me to take Peruna and gave me further instructions, which I carefully observed."

"I felt better after taking the first bottle. I have taken several bottles now and am feeling so well that I can do all my work."

"I will never be without Peruna again, and recommend it to all."

Catarth of the Stomach.

Mrs. Mary Allen, Route 6, Franklin, Tenn., writes:
"I am glad to be able to tell you that I am well of catarth of the stomach, and am sincerely thankful to you for your advice."

"If it had not been for Peruna I could never have been well. I had three physicians. One of them told my husband that he could not cure me."

"I had been sick about nine months when a friend asked me to try Peruna to gratify her; so I commenced taking it. I can eat and walk and work."

"Everybody says I look as well as I ever did. Oh, you don't know how thankful I do feel to you! I have got several other people to take Peruna. I praise it to everybody."

TRYING TO SECURE LAND FOR SIDETRACKS

That the Southern Pacific Company is endeavoring to secure more land in Eugene for trackage purposes if nothing else is evidenced by the fact that an agent of the company recently approached several property owners between the main track and East Eighth street, in the vicinity of the water plant and gas works. It is said the agent wanted to buy a strip fifty or sixty feet wide, but the owners of the property did not want to sell. This land was undoubtedly wanted for additional sidetrack room, as the lack of it in the yards here is woefully apparent. If the company buys the land at Fairmount, as rumor has it and as mentioned in last night's Guard, it ought to then have plenty of room for tracks, even if the shops and terminal facilities are not put in.

PROSECUTOR ADKINS SCORED HERMANN

Washington, April 22.—Binger Hermann's conduct as commissioner of the general land office in connection with Oregon land frauds was dissected today unsparingly by Assistant United States District Attorney Adkins in closing his argument, which has occupied ten hours in all. He touched upon the alleged frauds in connection with the Blue Mountain forest reserve, brought out by the testimony of Sorenson, Puter and others, and made many sarcastic references to the statements made on the stand by the defendant.

"Is there any doubt of the character of a man who would hold up a claim like the Catcatch claim, so that money due an individual from the government might be held exclusively to pay a debt to Binger Hermann's son?" asked Mr. Adkins.

"What about a man who would hold up a youthful session clerk in congress and take more than half of each month's pay? There is no doubt, I say, that a man of such character knew all about the frauds incident to the creation of the Blue Mountain forest reserve. Witnesses were put on the stand to prove the character of the defendant, but I ask you where does he stand in the face of the admission made by himself on the stand?"

Mr. Adkins reviewed the evidence brought into the case concerning the alleged Hyde-Benson-Schneider-Diamond land frauds and said Hermann took no action as commissioner to follow up those transactions. It was also argued that Hermann took no active steps to ascertain the identity

of the clerk in the land office who, it was alleged in a letter to J. A. Zabriskie, was engaged in giving out advance information to the coterie in California.

Great Cost of Trial.
The trial today entered upon its eleventh week. In addition to marking the beginning of the eleventh week, today is the 43d day devoted to the Hermann hearing. During its progress 109 witnesses were heard, some being recalled two or three times, and a few as many as eight and nine times. The fees and mileage paid by the government have been estimated at between \$10,000 and \$12,000, and the cost of the jury has been nearly \$1500. Included in court costs, counsel fees, a stenographic record of the proceedings and witness and jury fees, the total cost of the trial since its beginning on February 12 has been estimated variously between \$25,000 and \$30,000.

DIED.

At his home in Eugene this morning at 4:30 o'clock, William S. Ross, after a week's illness of heart trouble, at the age of 72 years and 6 months. The deceased came to Oregon from Kansas in 1891 and had resided in Eugene and vicinity ever since. He was a member of the Methodist church and was a good and upright citizen. He leaves four sons, Frank, Charles, Bert and Fred, and two step-children, Wm. S. Moon and Mrs. F. W. Bloomfield, all of whom were at his bedside when he died.

The funeral will be held at the late residence of the deceased Wednesday afternoon, with interment in the L. O. F. cemetery. Rev. D. H. Trimble, pastor of the Humphrey Memorial M. E. church will conduct the services.

BIG TIMBER DEAL IN DOUGLAS COUNTY

One of the biggest deals in Douglas county timber lands ever consummated is shown in a deed filed with the county clerk today, conveying to Justin and Geo. K. Wentworth, of Chicago, 20,911 1/2 acres in townships 23 and 24, ranges 2 and 3, and township 25 S. The grantor is the Oregon & California Railroad Company, and the consideration \$188,203, representing an average price of about \$9 an acre. The tract is to be bought from Messrs. Wentworth by the Roach-Musser Lumber Company, of Muscatine, Iowa, whose vice president and purchasing agent, R. M. Fox, has been in Roseburg for several days past. The land adjoins a large tract owned by the Roach-Musser Lumber Company in the Rock Creek and Calapooia districts. These deals are the forerunner of an immense sawmill project, the details of which will be published later.—Roseburg Review.

BROWNELL MAKES DRAMATIC SPEECH IN OWN DEFENSE

Oregon City, April 22.—In a masterly speech before a jury this morning ex-Senator George C. Brownell, laid bare some of the secrets of his life in order to thwart Mrs. Lizzie Roppell, of this city, who has sued him for \$4000 on accounting. The well-known oratorical powers of the ex-senator were brought into play in an effective manner, and Brownell told the jury he never owed the plaintiff a dollar in his life, and did not owe her money now.

Mrs. Roppell did not go into details of her complaint. She is represented by Attorney James Finch, of Portland, and simply alleges that February 22, 1906, she and defendant had an accounting, and that they agreed that he owed her \$5000. Two days later he paid her \$1000, and she wants the balance, she says. Mr. Finch made a brief statement to the jury, but Mr. Brownell went behind the scenes.

"This woman," said he, "either desires to ruin or blackmail me or she is insane. She paid me \$600 for my services when her husband was killed in a fight over a road at Aurora, and when Mr. Geer, who killed her husband, was discharged because of the showing of self-defense, she wanted me to return the money, and although it was legally mine, I gave it back to her."

"Mrs. Roppell has written scandalous letters to me and to members of my family, charging me with all sorts of high crimes and misdemeanors. She would have these dirty letters thrown in the yard of my house and I was subjected to great annoyance. Later she visited clairvoyants in Portland and her mind was under the control of one Grant Chesterfield. She wrote to these men and I have the letters. In one of them she asked if he should go to San Francisco to marry a wealthy man there. Her mind became diseased and she told a reputable woman, whom we will place upon the stand, that she was going to Washington to take a position of prominence under a cabinet officer. She said she was going East to marry the president of the United States, and was to meet him at Chicago, and they would know each other by the president picking up a handkerchief she would drop."

"Last February she secured the services of Attorney Gilbert L. Hedger and tried to extort money from me, claiming she had been damaged by certain relations she alleged we sustained. I was a candidate for the state senate, and both newspapers were against me. I realized that many people would believe the story of the woman about me, and I did what Alexander Hamilton did—I

SECRETARY WILSON IS HIGHLY INDIGNANT

The pure food law has not endowed with foresight that portion of the American people heretofore not gifted with that quality, to the amazement and indignation of Secretary Wilson, whose faith in this bit of legislation as a panacea was most proper. The federal label placed on a package to denote the time of its manufacture is being foisted on careless buyers as a federal guarantee of the contents of the package, which it is far from being. The public, being accustomed to scan labels, accepts the cheat with a smile and goes upon its way with joy and indignation. Mr. Wilson is going to expose the scoundrels, he says, but to what effect it is hard to surmise. Shoppers and cooks who do not read la-

JAMES WILSON.

Secretary of agriculture in the cabinets of William McKinley and Theodore Roosevelt. Called "Tama Jim."

bel will not read Mr. Wilson's screeds, probably. He is just beginning to see that to make a law is one thing, to enforce it is another, and to awaken the people to their own interests is something still different.

Architect John Hunzicker is drawing plans for N. L. Fitzhugh's club house at Deer-Horn-on-the-McKenzie. The structure will be two stories high, with a two-story porch on two sides, and will contain 13 rooms.

FOURTH OF JULY COMMITTEES ARE NAMED

A meeting of the general committee recently appointed by the Merchants' Protective Association to arrange for a Fourth of July celebration in Eugene met at Cockerline & Wetherbee's store last evening and appointed the following sub-committees:

- On privileges—F. R. Wetherbee.
- On fireworks—G. D. Linn and H. W. Graham.
- On music and speaking—W. H. Kay.
- On parade—W. J. Hill and O. E. Roberts.
- On advertising—W. L. Souders and W. J. Hill.
- On sports—H. W. Graham and G. D. Linn.

W. H. Kay was elected secretary and treasurer of the general committee.

It was decided that the sum of \$1100 is necessary to be raised to insure a successful celebration, and the committee will commence the work of soliciting some time this week. It seems that the amount ought to be easily raised, although the saloons, which have heretofore been large contributors to celebration funds are not here this year. However, the business men should see that the money is raised, for we cannot afford to let the celebration matter drop as all the smaller towns in the county are expecting Eugene to celebrate this year.

GOOD WEATHER IN WESTERN OREGON

Weather Bureau Sends Out Bulletin On Oregon Climatic Conditions. Sunshine and Light Showers.

The following is from the regular bulletin of the weather bureau, covering a period of a week ending Monday, April 22:

General Summary.
The weather during the week was very pleasant, with an abundance of bright sunshine. Light showers occurred nearly everywhere on Wednesday and Thursday, and the rain held over in the northwestern counties during the greater part of Friday. The temperature averaged about 8 degrees above normal in all the counties west of the Cascade mountains, and about three degrees below normal in the counties east of this range of mountains. In the latter district frequent frosts were reported, but they did no damage of consequence. In the western counties a few light

Land cruisers' estimate books for sale at the Guard office.

frosts occurred on Saturday and Sunday morning, but they were too light to cause any harm worth mentioning. The winds were generally light, but with a sufficient movement to cause a rapid drying of the top soil and by the end of the week the roads were dusty, although there was ample moisture in the ground below the surface.

COAST DISTRICT.

Bay City, Tillamook county.—Generally warm and showery weather prevailed during the fore part of the week, but the latter part was clear.

Port Orford, Curry county.—The weather was mild, with light showers on three days.

Fairview, Coos county.—Cloudy weather during the entire week, except last two days. Northwest winds prevailed.

Willamette Valley.—The cool, showery weather of the fore part of the week was succeeded by clear and warm weather on Friday, which continued during the remainder of the week. On Sunday afternoon abnormally high temperatures prevailed.

McMinnville, Yamhill county.—The first of the week was clear, after which there was a short spell of cloudy weather, with light showers. The week closed with clear skies.

Salem, Marion county.—Cloudy weather, with light rain during the fore part of the week, was followed by clear and warmer during the latter part.

Corvallis, Benton county.—The first two days of the week were warm and clear, but during the remainder of the week the weather was showery with warm days and nights. There were no frosts or high winds.

Southern Oregon.

Grants Pass, Josephine county.—The week was generally clear. No rain occurred. High afternoon winds prevailed during the latter part of the week.

FEDERATION ASKS TEDDY TO EXPLAIN

Montgomery, Ala., April 23.—The state Federation of Labor in session here today has asked President Roosevelt for an explanation of his alleged assertion that Haywood and Moyer, the Idaho miners' officials, are not desirable citizens.

Albany's new sawmill is now positively assured and articles of incorporation were filed yesterday in the office of the county clerk of Linn county. The name of the sawmill company will be the Albany Lumber Company, and the incorporators are Nels H. Wheeler, J. N. Brandeberry, and Henry Lyons. The capital stock of the company is placed at \$15,000. The stock is divided into shares of \$100 each.—Herald.

KELLY'S SYSTEM OF FOREST FIRE PROTECTION

George H. Kelly, of Eugene, who has been president and general manager of the Booth-Kelly Lumber Company since the retirement from active business of Senator R. A. Booth, is in town, says the Portland Telegram. He is working on a scheme which, if put in general practice by the owners of timber lands, will reduce to an inconsequential minimum the danger from forest fires during the dry summer months. The scheme is such a simple one that it would, from all appearances, appeal to any one, no matter whether he owned a single quarter section or a dozen townships, as many of the larger corporations do.

Mr. Kelly has been working out the scheme for the past three years, and has reduced it to a fine working basis in Lane county, with the result that there have been no timber fires of any consequence for the past two seasons. Outlining the plan to a Telegram man this morning Mr. Kelly said:

"I don't take any particular credit to myself for devising the scheme, but I have been surprised that no system has been attempted with a view to preventing widespread forest fires heretofore. I started out with the full knowledge, based on absolute statistics, that fires destroyed more timber in Oregon than had ever been cut down, and I believe the same will hold true for years to come unless the matter is given more serious attention."

"I first made a proposition to the Southern Pacific, the Weyerhaeuser interests and to our company to handle the whole matter of fire protection. Arrangements were made under my personal direction whereby I advanced all the money necessary for the appointment of fire wardens, for the clerical work needed, for the fighting of fires whenever they broke out, for the education of the people residing in the heavily timbered districts, for the posting of warnings against the building of fires, and we have saved thousands of dollars' worth of valuable timber. The whole work has been done at a cost of about four-fifths of a cent per acre or about \$1.30 a quarter section."

"I haven't copyrighted this system at all, but I believe it is the best plan yet devised for protecting valuable property. The expense was prorated per acre for all those who went into the scheme, and they have been thoroughly satisfied with the results."

"The matter is timely just now and worthy of the consideration of timber-owners. The time has come when we must do something, for Oregon's greatest wealth lies in her timber, and it is increasing in value every year."

CASE OF HERMANN MAY END THURSDAY

Washington, April 22.—Assistant United States Attorney Adkins concluded his argument today in the trial of Binger Hermann for destroying public records.

A. S. Worthington then began a two-days' argument for the defense. United States Attorney Baker will make the concluding argument for the government. It is now expected the case will go to the jury Thursday. The Hyde-Benson-Diamond land fraud case, which was to begin today before Justice Stafford, has been postponed to await the conclusion of the Hermann trial.

PLEASANT HILL GRANGE OPPOSES REFERENDUM

The Pleasant Hill grange at a meeting on April 20, passed the following resolution:

Resolved, That Pleasant Hill grange No. 284 is heartily opposed to the proposed referendum on the University of Oregon appropriation.

ITEMS FROM COTTAGE GROVE

The revival meetings that have been going on in the M. E. church since last Thursday are increasing in interest. On Sunday night the church was filled to its capacity. The service was an impressive one, conducted by Evangelist Van Marter and a magnificent choir rendered hymns suitable for the occasion. Miss Gilbert, who accompanied the revivalist here, rendered the solo, "What Shall We Do With Jesus?" which was taken as the text for an able sermon delivered by Evangelist Van Marter. The services will continue all this week.

On Saturday evening, April 20, Mrs. F. D. Wheeler entertained her Sunday school class of young ladies and gentlemen. The evening was enjoyably spent in playing various games. The instrumental, vocal and cornet solos, given by the different members of the class, were very much appreciated by all. Dainty refreshments were served. The class, secretly and conscientiously, pledged themselves to merit their teacher's kindness and hospitality by striving to attend their class every Sunday morning henceforth.—Nugget.

Scott & Hower and Kincaid & Rickett are moving their stallions from the Kincaid barn out on "Chanelton street to Barnard & West's stables, in accordance with the recent ruling of the city council that stallions for breeding purposes should be kept only at certain stables down town.
