Pillows that Please

We carry a larger and better stock of Pillows than all the balance of Eugene's stores put together. We have them in price as low as \$1.50 a pair, and from that up to the fine silk ticking at \$10.00 a pair.

Our pillows are bought direct from Tennessee, which is recognized as the best production of feathers in the United States. Hitherfore you could not buy a high-grade feathered pillow in Eugene, but the big housefurnishing store now gives you both quality and quantity for less money than inferior grades sell for.
