Austin, Texas, June 1.—The jury today rendered a verdict for the state of $1,623,000 in penalties in the ouster suit of the state of Texas against the Waters-Pierce Oil Company, and granted the prayer of the state that the company's permit to do business in Texas should be cancelled. An appeal will be taken by the defense.

EDMUNSON FOR DEPUTY DISTRICT ATTORNEY

W. S. McFadden, the new district attorney for this district, was here from Corvallis today looking over the field for a suitable candidate for deputy district attorney for Lane county. The county democratic central committee has recommended L. R. Edmunson, of this city, for the position and it is probable that he will be the appointee. The office carries a salary of $600 a year. Mr. Edmunson is one of Eugene's brightest young lawyers, and if appointed will fill the office with credit. He is a graduate of the Ann Arbor law school and enjoys a good practice here.

NEW TARIFF TREATY WITH GERMANY

Washington, June 1.—President Roosevelt today issued a proclamation announcing the conclusion of the commercial treaty between the United States and Germany under the third section of the Dingley act. The proclamation is brief, simply announcing the list of articles upon which the United State s grants reduced duties to Germany, and the undertaking of the German government to make reciprocity concessions.

MAY CONTEST RIGHTS OF HOMESTEADERS

There may be nothing in it, but it is told, however, as a fact. They say there is trouble ahead for homesteaders who took timber lands under the timber act and have inadequately conformed with the law. The sky prices to which timber has soared has set cupidity at work, and timber men, it is said, will contest these lands under the law and destroy the homesteader's title. That the homesteaders were not, in fact, actual homesteaders, will be the ground upon which the contest will be based.—Corvallis Times.

County School Superintendent W. B. Dillard has for some time past been working on a plan to get the Western division of the State Teachers' Association to meet in Eugene next year. The city teachers unanimously favor the plan, and with the instructors in the university behind the plan the invitation will be made cordial and urgent for the next teachers' meeting here. The meeting this year at Salem, July 2 and 3, will be well attended by Lane county pedagogues.

STRIKE OF SEAMEN WILL CRIPPLE FRANCE

Paris, June 1.—The strike of officers, seamen and longshoremen at the ports of France is now complete every where in France, Algeria and Tunis. The strike does not affect foreign vescsels, which are being unloaded without difficulty. Unless immediate settlement of the dispute, which had its origin in the protest against the unsatisfactory pensions for seamen, takes place, many industries will be compelled to shut down.

The government finds it impossible with the means at hand to increase the pensions to the extent demanded by the laborers. The cabinet meets today to discuss the situation.

RESERVE STRIP ALONG MEXICAN BORDER

Washington, May 30.—President Roosevelt has issued a proclamation reserving a zone sixty feet in width along the northern border of Mexico, including California, Arizona and New Mexico, for the purpose of suppressing smuggling.

GENERAL NEWS IN BREVITY FORM

After more than 94 years of useful life Samuel Wilson passed peacefully away at about 11 o'clock last night at the home of his daughter, Mrs. Philo Holbrook, Sr., 211 Fourteenth street. The deceased was the oldest member of the Indian War eVterans Association. Mr. Wilson came West by ox team from Indiana and located on a claim southeast of Olympia, in 1851. For a number of years he was the leader of the settlement on Chambers' Prairie. When the Yakima war broke out in 1855 Mr. Wilson was one of the first to enlist with the forces raised to put down the outbreak. He served throughout the war in the company commanded by Captain Isaac Hayes.—Portland Telegram.

The Chicago Chronicle, John J. Walsh's gold Democratic newspaper, has suspended, after twelve years of money losing. Hearst and Pulitzer are both said to be fighting for its news franchise.

PREPARING TO BUILD DRAIN-MARSHFIELD ROAD

Many carloads of bridge material, made especially for the Drain-Coos Bay road, are arriving here daily and being piled in South Drain, where about 50 men are employed laying side tracks and switches and building concrete piers for the other new bridge over Elk Creek at the "Y" in South Drain. The company's enormous cement shed at this place is being enlarged, in which to store a lot more cement which is now on the way, and everything points to the early resumption of work on the new road. The S. P. Co. has a large office force of experienced railroad men—about 30 in number—here looking after the business, and all are confident that something will be done within a few days. Then watch the fur fly—off the mule's backs.—Nonpareil.

Mrs. Mary Cook today began suit in the circuit court against J. M. Cook for divorce, alleging desertion. They were married in Lane county on or abut July 27, 1897, and have no children. The plaintiff alleges that her husband deserted her November 1, 1904. She also asks for a decree declaring her the sole owner of lots 3, 4 and 5, block 5, Junction City. J. M. and G. A. Pipes are her attorneys.

COLONEL LEE SAYS SOUTH WAS AGAINST SLAVERY

Richmond, Va., June 1.—In a speech at last night's session of the Confederate Union Colonel Robert E. Lee, Jr., declared that the great men of the South had always declared against slavery; that Virginia in 1778 and Georgia in 1798 passed acts prohibiting the importation of slaves; that secession was not preached the first time in the South, but was in the north threatened four times before South Carolina seceded.

First, by Timothey Pickering, of Massachusetts in oposing the acquistion of Louisiana; second, by Josiah Quincy, of Massachusetts, over the proposed admission of Louisiana as a state; third, by the Hartford convention over the dissatisfaction occasioned by the war with Great Britain; fourth, by the legislature of Massochusetts because it was proposed to annex Texas to the federal union.

THE WEEK'S NEWS OF JUNCTION CITY

Gold Medal Contest Won by Miss Palmer, of Cottage Grove—Residence Burns—New Sawmill.

The gold medal contest at the Christian church Friday evening, which closed the W. C. T. U. convention, proved very interesting. There were four contestants, Mrs. Conner and Miss Palmer, of Cottage Grove, Wm. Gresham, of Eugene, and the fourth a lady from Lebanon, whose name we could not learn from any of the members interviewed. Professor Lent, Rev. Cardner and S. L. Moorhead were the judges. The efforts of each deserve special mention, and the first findings of the judges resulted in a tie. After revision the award was made to Miss Palmer of Cottage Grove.

Junction Teachers.

The school board met Monday evening and completed the corps of teachers for our public schools. Miss Corbin has refused to accept her election and will go elsewhere, much to the regret of all. The other teachers employed are Miss Bessie Frogley, Miss Hattie E. Hawley and Miss Maude Hays. Miss Hays is one of our own girls and a most excellent lady. Miss Frogley taught here during the last term and is a most excellent teacher and her return will be welcomed by many friends. Miss Hawley comes from Creswell.

New Sawmill.

Walter Blachley and Hermann Drugg have bought a new sawmill which they will have set up in the neighborhood of Triangle lake, the exact location having not yet been determined. Both gentlemen own lots of timber and it doesn't matter where the mill is first set. They will also have a planer and will turn out lumber ready for the carpenter. The things hum out there.

House Burned.

A call of the fire alarm Sunday night about 11:15 brought out the usual crowd. A small dwelling in the northewest part of town owned by W. C. Washburne was burned to the ground. It was unoccupied and the fire was undoubtedly the work of an incendiary. The dwelling was built several years ago by Dave Beatty.

The Junction band has received propositions from three different places to play for the Fourt hof July, calla. No contract has been made.—Times.

S. P. TIMBER LAND GAMBLING GAME

The Albany Democrat sizes up the railroad land situation as follows:

The manner in which people are willing to pay for a long shot is shown in the way applications are being made for chances in the big S. P. lottery. $15 to $25 a ticket are said to be paid locators, men being willing to put up for what chance there is in getting hold of a valuable timber claim. Many going into the scheme are doing so blindly with no idea at al lof the claim they designate in their application. Besides this they as a rule appreciate the fact that the chances are against their ever getting hold of one of the claims. A lawyer who has made a study of the subject for years says there is not the ghost of a show for a single applicant to get a claim. And yet suppose the company should be compelled to put their land on the market, then, they say, wouldn't they kick themselves for not having done something. That is the spirit that is making many go into the game and run the risk of losing the location fee.

HARRISBURG NEWS, LOCAL AND PERSONAL

Mr. and Mrs. W. M. Davidson visited in Eugene the latter part of last week with their son, who is in business in that city.

Mrs. Lang was called to Eugene this week to care for her daughter, Mrs. Delbert Hayden, who has been ill for some time past.

W. W. Crawford was here from Albany Saturday evening in his new auto. H ewas on his way to Junction City, where he spent Sunday with friends.

F. A. Rankin of Eugene was down Saturday evening to attend the musical recital at the city hall. He was well pleased with the rendition of each and every number on the program.

James Bosserman, who went to Southern Oregon a few weeks ago for the benefit of his health was called home very unexpectedly by the death of his daughter, Mrs. Thomas, and arrived here yesterday morning on the delayed overland train.

An operation was performed on R. A. Rampy at the hospital last week. He is now getting along as well as could be expected, with good chances for his permanent recovery. He has been ill for a long time, and it was found that he had been troubled with appendicitis, and indications are that he will now recover his usual health.

Misses Amy and Ella May came up from Portland Saturday afternoon for a day's visit with relatives and friends. Miss Amy May also assisted at the piano recital given at the city hall Saturday evening by Miss Pearl Smith, of Portland. The young ladies went to Junction City Sunday afternoon and from there took the delayed train for Portland in the evening.

Sunday last an operation was performed at Dr. Dale's hospital on Silas Lenord of Coburg for tubercular trouble of the hip, and spine and the patient is getting along as well as could be expected. Mr. Lenord has been confined to his ben since January and the operation was a severe one. Dr. Dale was assisted by Dr. Marks, of Halsey, and Dr. Williams, of Junction City.

Monday afternoon Mrs. James Bosserman received word by telephone that her daughter, Mrs. Thomas, had died very suddenly at her home above Springfield. Mrs. Thomas was taken ill Saturday with a severe cold, but improved slightly on Sunday. Monday, however, it was thought best to call a physician, but before he arrived Mrs. Thomas had passed away. Mrs. Bosserman drove up there Monday evening, accompanied by her son, and brought the remains here for burial, the funeral taking place yesterday. The sudden death was a severe shock to the many relatives of the deceased, as she was not known to have been ill. Her father, James Bosserman, is in Southern Oregon and it was impossible to get word to him until Tuesday afternoon.—Bulletin.

ATTEMPT TO ROB MATLOCK'S STORE

Some one attempted to enter E. D. Matlock's store on East Ninth street early this morning, evidently for the purpose of robbery, but did not complete the job. At 2:30 o'clock this morning Officer Croner passed in the rear of the store and noticed that everything was all right, but at 3:30, when he passed there again, he noticed a big box up against the rear door of the store and the transom over the door was down. It was up when he was there before. His fox terrier dog was noticed to be badly excited. Believing that some one was in the store the officer ran to the street and blew his whistle, and being unable to arouse any one awoke his brother, Fireman Chas Croner. The proprietor of the store was telephoned for and he unlocked the doors but no trace of the robber was found nor was anything missing. Finger prints were found on the transom where the would-be robber was evidently trying to enter the building, but was no doubt frightened away by Croner and his dog.

MORTON DOUGLAS ON BURGLARY CHARGE

(From Friday's Guard.)

Last night Sheriff Fisk and Police Officers Croner and Purdy arrested Morton Douglas at the Encore Hotel upon a bench warrant issued out of the circuit court, charging him with burglary, alleged to have been committed at Florence last winter. He was taken to the county jail, where he will probably remain until circuit court meets in June. Douglas has been in Vancouver since leaving the Siuslaw river country. His wife left him a few days ago, leaving their ten months' old baby with him. He was on his way to Florence to leave the child with relatives when arrested. The child was left in the care of a woman at the hotel, and Jared Scott, a relative, at Florence, was telephoned to come and get it. He will arrive tomorrow.
